'POLICE DO NOT EARN PAY'

LEAP FROM BURNING HOTEL

Four Inmates Are Injured by Jumping From Windows During Fire

Two Men Rescued From Perilous Position; Thieves Work During Conflagration

SAN FRANCISCO, May 2.—Four inmates of La Riojano Hotel, 1527 Grant avenue, jumped from upper windows to the street during a fire which began at 3 o'clock this morning and received injuries which required their removal to the Harbor emergency hospital.

The spectacle of two men clinging by their fingers to window casements was the first thing that greeted firemen when they arrived at the burning hotel.

Flames were leaping high, the whole neighborhood was lit up with the glare and a thousand inmates of the crowded Italian quarter were swarming into the narrow streets.

The men were rescued from the perilous position on the window sills. Their names were not learned in the excitement, but Fireman Joseph Clapp of engine company No. 5 rescued one of them by climbing to the scaffold on an adjoining building and using a short ladder and Truckman C. Rumy of truck No. 2 brought the second to safety by carrying him in his arms across a narrow planking and placing him on the rungs of an accommodation ladder which had been run up on the side of the burning struture.

FOUR JUMP.

The four persons who jumped from windows to the street and were injured during the course of the conflagration were Thomas Lerio, 1527 Grant avenue, sprained ankle; E. T. Van Paloma, 1527 Grant avenue, lacerated wound of the forehead; Jose Peras, 1527 Grant avenue, sprain of the right ankle and contusions of the body; Giosoppe Martinez, 1525 Grant avenue, lacerated scalp, sprained right arm, bruises of the forehead.

THIEVES AT WORK.

Thieves worked during the time the fire was burning and several persons lost money and other belongings while the excitement permeated the neighborhood. How the fire started is not clear, but it is believed that an overheated range in the kitchen communicated sparks to the woodwork. When the flames were first seen they had gained a considerable headway and two alarms were turned in.

That four persons, including three women, did not jump was due to the coolness of H. A. Friend, a candy merchant, who warned every one who ran by him to the windows to be calm and await developments. For his patience Friend paid the penalty by having his belongings stolen from him. While doing his utmost for others he neglected his own effects. Several persons asked him to remove his own possessions, but he refused. Finally as the building seemed to be doomed he carried a trunk down the stairs, returning to find that his pocketbook, watch, overcoat and other valuables had been taken. He at first thought that some kind friend had taken them for safekeeping, but they were not returned and as other thefts have been reported the police were notified.

The proprietor of the hotel, which was a three-story structure, is August Berles, and it was owned by Frank Marini, who carried $4500 insurance. The damage to the hotel structure and a building in course of construction adjoining will reach $10,000.

Aviator Hoesli Dies After Falling 90 Feet

German Is Jarred From Seat of Monoplane in Turning Curve.

BERLIN, May 2.—Gordian Hoesli, the aviator, died here early today of injuries received last night in a fall from his monoplane. He was trying out his machine and was 90 feet from the ground when he dropped. According to spectators, Hoesli was jarred from his seat when he turned a curve rather sharply.

ROOSEVELT TALKS IT OVER

Consults Leaders on Massachusetts Election; Fails to Understand Situation

Connecticut's Delegates-at-Large Instructed to Work for Governor Baldwin

SAGAMORE HILL, L. I., May 2.—A delegation of the leaders in the Roosevelt campaign in Massachusetts called at Oyster Bay today to talk over the situation which has arisen by reason of Colonel Roosevelt's declination to accept the votes of the eight delegates at large.

The delegation consisted of Mathew Hale, chairman of the Massachusetts Roosevelt committee; Arthur D. Hill of Boston, Charles Thompson a Vermont man, and Eton Hooker, treasurer of the Roosevelt national committee. Hale, speaking for the delegation, said he had not come to persuade Colonel Roosevelt to change his position. He said he was in accord with the decision. He asserted the only purpose was to attempt to clear up the confused situation in Massachusetts.

One of the party said some of the Taft candidates for delegates at large had announced before the primaries were held that, whatever the result of the preferential vote, they would not support Colonel Roosevelt if they were elected. On this account, he said, some of the delegates did not feel like supporting President Taft.

Colonel Roosevelt does not entirely understand the situation in Massachusetts, he said. The Colonel will remain at Sagamore Hill until this evening, when he will depart for his Maryland campaign trip.

FAVOR BALDWIN.

BRIDGEPORT, Conn., May 2. — Connecticut's four delegates at large to the Democratic national convention were elected today and were instructed to "use all honorable means" to secure the nomination for President of Governor Baldwin in resolutions passed at the state convention. An amendment making Champ Clark second choice was voted down. The five district conventions also elected delegates and made Baldwin their first choice.

The resolutions committee commended the record of the Democratic majority in the national House of Representatives. Delegates at large were chosen as follows: Willie O. Bure, Bryan F. Mahan, William Kennedy, David E. Fitzgerald.

UNDERWOOD CHEERED.

WASHINGTON, May 2. — An unusual demonstration greeted Representative Oscar W. Underwood, majority leader, when he appeared in the House today, the chamber, which was crowded, rising in a body and cheering him because of his victory in the Georgia and Florida primaries. Speaker Clark, who was in the chair, looked on smilingly when the applause continued.

CANDIDATES NUMEROUS.

MADISON, Wis., May 2. — The candidates for state offices in Wisconsin among "progressive" Republicans are so numerous this year that a plan of elimination has been suggested. It is proposed to have the progressive Republicans of the legislature meet with the Republican state central committee and make one selection at the conference for each office. This selection is to be binding on all other progressives. It generally is understood that Governor McGovern and Lieutenant Governor Thomas Morris will not be opposed.

If the presidential electors chosen by each party to cast their vote in the electoral college desire to get their qualifications before the people as the other

ISMAY SAILS FOR HOME ABROAD

Titanic Survivor Says He Has No Feeling Against Americans

Investigation Into Wreck Is Begun in Great Britain

NEW YORK, May 2.—When J. Bruce Ismay, managing director of the Mercantile Marine, boarded the White Star liner Adriatic today, preparatory to sailing for his home in England, he went at once to his stateroom.

"I have given the Senate committee all the information at my command," said Ismay. "There is certainly nothing more to say. I have no ill-feeling against the American public and think the Senate investigation was thorough. I am feeling very tired, and wish to retire."

Before leaving his hotel with Vice-President P. A. S. Franklin of the International Mercantile Marine, Ismay conferred with J. P. Morgan Jr., together with several directors of the company.

The Adriatic sailed for Europe shortly after Ismay went on board.

British Investigation Into Wreck Is Begun

LONDON, May 2.—Lord Mersy, in his capacity as wreck commissioner, and five assessors, who will advise him in his questioning on the technicalities of nautical affairs, held today the first session of the Board of Trade inquiry into the loss of the White Star steamer Titanic. In point of interest to the public and the importance of its results on the laws governing the mercantile marine the investigation promises to overshadow all previous tribunals of a similar character.

From the twenty-six questions which the attorney general announced would be taken up, it became evident the inquiry would cover practically the same ground as that covered by the committee of the American Senate, but would be conducted more in accordance with the procedure of a court of law and deal definitely with stated cases.

QUESTIONS OUTLINED.

Eight questions, Sir Rufus Daniel said, would relate to happenings before the disaster; six to warnings given to the Titanic and the resulting precaution taken; ten to the casualty itself and consequent events; one to the equipment and construction of the vessel and the last to the rules of the merchant shipping act.

A 20-foot model of the Titanic, carrying sixteen miniature lifeboats, and a big chart of the North Atlantic were prominently displayed before the investigators. In front of the platform which they occupied were seated 100 members of the bar, representing various interests involved, and 100 newspapermen.

The only reference to the American investigation was Sir Rufus' statement that owing to the detection of many witnesses for the senatorial inquiry in the United States the testimony would not be presented in a logical order.

SEAMEN CALLED.

The seamen who arrived from New York on the Lapland first were called as witnesses as to the construction and equipment of the Titanic. Lord Mersy recognized Thomas Scanlon, member of Parliament for the north division of Sligi, who appeared for the Seamen's and Fremen's Union, and an

PATROLMEN ARE GIVEN SHOCK

Captain Petersen Wants Men to Have Other Duties to Perform

Suggests That Members of Force Be Made Sanitary Inspectors

The police department of Oakland was buzzing like a disturbed bee hive today as a result of the statement by Acting Chief of Police Walter J. Petersen that patrolmen on the force do not earn their $117 a month salary. Petersen is anxious to increase the efficiency of the force by giving the members of the police department special training and placing upon the shoulders of the men other expert duties than those of being mere peace officers.

Acting Chief Petersen may be said to know whereof he speaks when talking of the work of patrolmen, as he came up to his present position from the ranks, having served as patrolman, sergeant and captain before he was made captain of detectives and later captain of inspectors and acting chief. His statement was made following a conference with city officials and the representatives of various civic organizations.

PATROLMEN DISAGREE.

But the men of the force are inclined to disagree with their chief, and today the statement was the subject of adverse comment on every police beat in the city. The fact that Petersen is among the probable candidates to succeed to the head of the department when Chief Adelbert Wilson formally retires makes the matter of considerable interest to the men of the force.

"When a policeman pounds his beat for eight long hours in the day, with the chance of being called upon for extra duty," said a sergeant of police today, "he has earned his little more than $117 a month and no mistake. But as a matter of fact a patrolman doesn't get $117 a month in actual coin. He pays back $2 every month for the widows' and orphans' relief fund, and doesn't begrudge it, either. And it costs him considerable to maintain his equipment, which he has to pay for out of his own pocket. His uniform costs him $50, and an overcoat costs $50 more. A revolver comes to $18, and he has night stick, handcuffs, helmet and other minor expenses to pay, bringing the bill for equipment up to pretty close to $140.

"The life of a policeman is a precarious one. He may suffer death at any

HORSEMEN TO FIGHT WALKER LAW

Effort to Be Made to Be Made to Resume Racing

SACRAMENTO, May 2.—A concerted effort is to be made by the race horse men of California to set aside the Walker law, which makes betting on horse races illegal. The men behind the movement have been working quietly so as not to stir up opposition. A meeting is to be held in San Francisco in the near future at which there will be representatives from all parts of California where racing stock is owned. Plans will be discussed looking toward the calling of an election to repeal the Walker law under the recently adopted initiative amendment to the constitution. The horsemen desire to inaugurate the Paris mutual beting system. The delegates from Sacramento to the San Francisco meeting are Frank Ruhstaller, E. J. Carragher, F. E. Wright, Thomas Coulter and Charles Silva.

Stock Scarce, Beef Does Aviation Act

SEATTLE, May 2.—The price of beef is the highest ever known in Seattle. Prime steers sold yesterday at 12 cents a pound, wholesale, one cent higher than a year ago. The wholesale price of beef has advanced so much that retailers are boosting prices. Pot roasts and boiling pieces, which have sold at 7 and 8 cents, have been advanced to 10 cents a pound. The prices of ham and bacon have also taken an upward trend, yesterday's quotations showing an advance of half a cent a pound. Packers attribute the high prices to a scarcity of stock.

British Battleship Is Damaged in Collision

LONDON, May 2—The British battleship Empress of India was in collision with a German sailing vessel early today at Spithead. The battleship received a gaping hole in her side above the main deck, while the merchantman lost headgear and foretopmast. The Empress of India was in midchannel in tow of the cruiser warrior at the time of the crash.

The Empress of India was launched in 1891 and is now classed as obsolete. It is kept in special reserve for emergency use. It has a displacement of about 14,000 tons.

France Arrives in This Country After Quiet Atlantic Voyage

NEW YORK, May 2.—The arrival of the new French line steamship France, April 25, from Havre on her maiden voyage, has drawn attention to the safety precautions furnished by the owners. The safeguarding of passengers is noteworthy in view of the tragic initial trip of the Titanic.

The France is the largest quadruple-screw turbine continental steamship in the world.

She began her initial voyage to New York on Saturday, April 20, equipped with every possible safeguard for the traveler, completely fitted with life boats and rafts sufficient for every person aboard the great vessel, and made the trip over the safe southern course, far removed from ice fields. The France is commanded by Captain Poncelet, commodore of the French line fleet, and commander in the French navy.

The steamship, like other vessels of the same line, is equipped with a powerful wireless apparatus, with two operators constantly on duty.

The life boat equipment is a matter of interest to the ocean-traveling public, in view of the lack of similar appliances aboard the ill-fated Titanic.

The France has a tonnage of 30,000, a length of 732 feet and was built at a cost of over 25,000,000 francs at the shipyard at St. Nazaire.

Crop of Midshipmen Is Short This Year

Only 43 Per Cent of Candidates Are Successful in Examinations.

ANAPOLIS, Md., May 2.—Only forty-three per cent of the candidates for admission to the naval academy as midshipmen were successful in the recent mental examination conducted under civil service regulations at the various stations throughout the country, according to announcement at the academy. It was stated that 275 took the tests and that 113 measured up.

This year there will be between 300 and 400 midshipmen vacancies following the graduation in June.

Princess Rewarded For Landing Monster

AVALON, Cal., May 2.—The Princess Rospigliodi of Rome is the possessor today of a silver button, presented her by the "Catalina" Light Tackle Club in appreciation of her angling prowess in bringing a 33-pound albacore to gaff after a fight lasting 37 minutes.

MRS. W. E. DARGIE IS GIVEN FAMILY ALLOWANCE

LAUNDRY AND TWO HOMES BURNED

$15,000 Lost in Fire and Horse Dies in the Flames

An explosion in the gasoline tank of an engine at the Union Laundry, 2904 Union street, was the cause of a fire which this afternoon laid three buildings in ruins at a total damage of $15,000. The laundry was owned by Japanese. Two houses, that of Russell Maziotto, a city employe, 2902 Union street, and L. Reardon, 2906 Union street, caught fire from this building. All were frame structures and were beyond control before the arrival of the department. Nobody was injured. Several fire companies responded to a general alarm and their principal efforts were directed toward saving the adjoining buildings. No one was home at the Reardon house and the place was a total loss. A small amount of furniture was saved in the Otto home. The streets were strewn with packages of laundry hurled from the windows of the Japanese establishment when the fire commenced. One horse was burned to death in the rear of the laundry.

Slayer Floyd Allen Faces Men of Jury

Twelve Selected to Try Mountaineer for Court House Murders.

WYTHEVILLE, Va., May 2.—Floyd Allen, the Carroll county mountaineer, today faced the twelve men who are to try him for his life for his part in the court house tragedy at Hillsville. The jury was completed last night. Although he is indicted for five murders, Floyd Allen is called upon at this time to answer only the charge that he shot and killed Commonwealths Attorney Foster.

New York Broker Is Arrested in This City

Hector A. Zayas, a broker of New York, was arrested by Detective Tobin of the San Francisco police department at the home of his mother-in-law, Mrs. Dilberger, 1015 Myrtle street, at noon today, on a telegraphic wire from New York, charging grand larceny. Zayas was attired in the height of fashion, is a man of evident refinement and culture and refused absolutely to discuss his arrest save to say that a mistake has been made. It is understood that he was on his way to Japan in company with his wife and daughter and was paying a visit to his mother-in-law while awaiting the steamer's departure.

Zeppelin Challenges His Former Secretary to Duel

BERLIN, May 2.—Count Zeppelin, the airship builder, some time ago challenged Theodore Lerner, who was secretary of the Zeppelin arctic expedition, to a duel, but the challenge has not been accepted as the fight depends upon the outcome of several law suits between the principals.

Landslide Leaves Great Abyss in Jemez Mountains

SANTA FE, N. M., May 2.—The weather bureau reports a remarkable landslide 40 miles west of Santa Fe, in the Jemez mountains which has engulfed a large area. Natives are afraid to approach the brink of the sink, as trees and rocks along the edge are still crumbling away into the abyss. Large cracks also are opening in the earth north of Jemez Springs. The entire range consists of extinct volcanoes which were active in recent geological times and has many hot, sulphur, iron and other mineral springs and lava flows that destroyed prehistoric cities and cliff dwellings. The weather bureau also reports an unprecedented snowfall of 2 to 4 feet in the same region. A rise of a foot in the Jemez river every night in the last two weeks from melting snow also is reported.

Girl Soaks Clothes With Oil; Burns Self to Death

HENDERSON, Ky., May 2.—Watchful guardians kept weapons and poisons out of the reach of Helen Smith of Onton, Ky., who was possessed of a suicidal mania, but today she took some matches and a can of coal oil to a secluded part of her father's home, where she saturated her clothing with the oil. Then she struck a match and ignited the dripping garments. As the flames enveloped her she screamed for help, but when found was unconscious and burned black from head to foot. She died a few minutes later. She had been prevented from drowning herself in a pond a few hours previously.

AMERICANS' RESCUE IS PLANNED

Persons in Mexican Trouble Zone to Be Taken Away by Steamers

Secretary of State Knox to Hear Stories of Alleged Cruelties

SAN DIEGO, May 2.—Arrangements have been made, it was stated today at the office of the American-Hawaiian Steamship Company, to take Americans from the trouble zone of Mexico to the United States in the company's big freighters.

The Arizonian, Captain Nichols, arrived in port this morning with five passengers on board, W. J. Waugh and wife and Mrs. O. L. Emlay and two children.

They boarded the steamer at Salina Cruz, state of Oaxaca, which they reached after a trip on the Tehuantepec line from a point 100 miles inland.

Bandits are active in Oaxaca, but so far Americans have not been molested, they say. They expect to remain in the United States until the element of danger is eliminated.

KNOX TO BE INFORMED.

LOS ANGELES, May 2.—Secretary of State Philander C. Knox, who will arrive in Los Angeles on Saturday morning en route to San Francisco, will hear stories of alleged cruelties inflicted upon several Americans in Mexican jails when he reaches this city.

Secretary Knox telegraphed today that he would be glad to listen to all who had any complaints to make.

C. A. Heberlein, who was recently thrown into jail at Jiminez by General Orozco, the rebel leader, because "he did not like Mr. Heberlein's actions," will tell Secretary Knox of the cruelties he claims he suffered at the hands of the rebels. Heberlein was released from the Jiminez prison on demand of the state department.

$53,000 Delinquency In County's Taxes

County Tax Collector James B. Barber stated yesterday that there would be a delinquency of about $53,000 out of a total of $2,250,000, last year's taxes. Date of payment without penalty attached expired last Monday. In all about $950,000 has been collected since the November delinquency. The amount unpaid is about the average remaining each year, according to the collector.

attorney for the Merchants' Service Guild, and took under consideration the application for representation of the Seafarers' Union, the Ship Constructors' Association and the Mercantile Officers' Union.

The scene of the hearing was the armory of the Scottish Rifles, which, with its broad drill floor and two galleries, affords accommodations for many persons. When the inquiry opened not more than 100 spectators were present and the majority of those were women. Because the acoustics proved to be poor Lord Mersy recommended that the Board of Trade provide another room. Sir Rufus said during the hearing:

"I desire on behalf of the government to express the deepest sympathy for all those who mourn the loss of relatives and friends among the passengers, the officers and crew of the ill-fated vessel. The accident exceeded in magnitude and in harrowing incidents any disaster in the history of the mercantile marine. I cannot forbear paying a tribute to those whose devotion to duty and heroic self-sacrifice maintained the best traditions of the sea."

Sir Robert Findlay, chief counsel for the White Star Steamship Company, seconded these remarks, repeating that "the disaster had given an opportunity for a display of heroism and devotion to duty which had maintained the best traditions of the mercantile marine."

To Find Out When Wreck News Came

NEW YORK, May 2.—Senator William Alden Smith, chairman of the Senate committee investigating the Titanic disaster, said today he would hold no public hearing during the two days he will spend here. He expects to investigate chiefly the report that news of the Titanic disaster reached New York Monday morning, April 15. The fact that the Titanic had sunk was announced Monday evening by P. A. S. Franklin, vice-president of the White Star line, who has testified that he did not learn of the vessel's fate until a few minutes before the announcement was made.

80 to Be Buried by Ocean Side

HALIFAX, N. S., May 2.—The last identified dead recovered from the lost Titanic probably will leave Halifax today. Tomorrow afternoon those bodies that remain will be buried in three cemeteries here overlooking the sea. No further identifications were made today.

Some 70 or 80 burials will be made tomorrow. Not all of the ceremonies will be over unidentified dead, for the relatives of many that have been identified have found graves for them here.

The belief here is that the cable ship Minia, which is expected in port next week, has picked up practically all the bodies that remained to be found. The Minia's captain has been notified to refrain from sending word of any further recoveries unless the newly discovered bodies are identified, since the mere mention of finding more bodies might arouse false hopes in those whose dead still are missing.

Taft at Memorial for Major Butt

AUGUSTA, Ga., May 2.—President Taft paid tribute today to Major Archibald Butt, the president's personal aid, who was lost in the wreck of the Titanic. Augusta was Major Butt's home. For several hours business was practically suspended, while memorial services were conducted in a theater. Flags were at half mast on most of the public buildings and thousands of persons crowded outside the theater anxious to hear President Taft speak.

Son Takes Charge of Millet's Body

BOSTON, May 2.—The body of Francis D. Millet, the artist, who was one of the victims of the Titanic disaster, is en route to Boston in charge of Lawrence Millet, a son. After services here the artist's body will be taken to his old home in East Bridgewater.

Bill Aims Further to Protect Life

WASHINGTON, May 2.—Regulations regarding life saving appliances on American-owned ships would be extended to foreign-owned vessels by a bill agreed on yesterday by the house merchant marine committee. It would also require passenger ships on the Great Lakes to be equipped with wireless, but would exempt Long Island sound passenger ships from the ocean-going requirements. Auxiliary wireless equipment and two operators for each ship are features of the measure.

$648 Paid for Box of Cherries

NEW YORK, May 2.—A 10-pound box of California cherries was auctioned off last night on one of the North river piers for the benefit of the Titanic survivors realized $648.88. The fruit was sold 85 times during the course of the auction. It was donated for the purpose by a San Francisco firm of produce dealers.

Minia Returning With 15 Bodies

NEW YORK, May 2.—The Western Union cable, steamer Minia, which has been searching the scene of the Titanic wreck for bodies is returning to Halifax with fifteen bodies and will dock Monday, according to a wireless message received here today by the White Star line. This means, officials of the line believe, that the search for the bodies has been abandoned for the present and may never be resumed.

POLICEMEN AND CAPTAIN DIFFER

Petersen Says Men Don't Earn Pay, But They Disagree With Him.

(Continued From Page 1)

moment in the performance of his duty. To have a responsible, respectable and trustworthy man, who has some degree of efficiency as a peace officer, work for the protection of life and property eight hours each day, with but two days off in a month, is worth paying $117 a month from the city treasury, and you can't get that class of men for less. But if you demand expert training as sanitary and health inspectors of the men, the requirements are getting a little too stiff, and it will be impossible to maintain the standard attempted."

FOR HIGHER EFFICIENCY.

Acting Chief Petersen does not take this view of the case and he has recommended ordinances increasing the powers and the duties of the patrolmen that the department may be raised to a higher efficiency. Petersen said

"No member in the department earns the $117 now paid to patrolmen All that they do now is to see that the peace is kept and make an occasional arrest This is not doing enough for the money they receive. As soon as we have been given the necessary laws by the council we will make the policeman a health guardian as well as give him the power to take preventive measures. We will make him an assistant health and sanitary inspector and give him the right to enter any building or store and satisfy himself that all the requirements are lived up to. And if any of them are being violated he will be instructed to arrest or at least warn the lawbreaker.

"At the present time the health inspectors have to look out for certain violations concerning health and sanitary conditions and they can not do the work as it should be done. But with policemen controlling the entire city it is a simple matter for them to keep tab on any of these violations in the districts they control.

"There are a large number of ways in which policemen can be useful and these ways shall be followed out as soon as the necessary laws are passed. The policeman should be more than a peace guardian and with these additional duties the public will be more likely to believe that he is earning his money."

POLICE STIRRED UP.

Comment on the situation was buzzed from beat to beat about the city today, and although the men refused to discuss the matter openly, the criticisms were many of the statement of the acting chief concerning his men. The recent announcement that physical examinations will be made annual requirements with the force, and that physical fitness will be a prerequisite to promotion caused something of a stir, and a number of new regulations put in force within the past month have caused lively comment. As a result the department is in somewhat of a ferment, and it is doubtful whether quiet will be restored until the question of the successor of Chief Wilson has been settled.

It is an open secret about the city hall that Chief Wilson will retire in all probability about the beginning of the coming fiscal year. Several candidates for the office are being put forward by their friends, among these being Inspector Dennis Holland, who is one of the oldest and most popular members of the force. Captain J. Frank Lynch and Captain Charles Bock. Candidates have been suggested from the sergeantcy rank Colonel J. K. Ritter is the only outsider who has been suggested.

There is a provision in the city charter by which Captain Petersen could be made acting chief for one year, and still retain his civil service rank of captain of inspectors, which protects him from being ousted on account of political changes in the administration. In that case the place of captain of inspectors would be temporarily filled by a similar appointment for a year.

Petersen has been strongly recommended for the place, but does not care to take it unless he is protected in such a manner that he could return to his old job of captain of inspectors, with civil service ranking. The fact that he was instrumental in framing the police provisions in the charter is considered as a reason for placing him in a position where he could carry some of the provisions into effective action.

Harriet E. T. Smith Brings Suit to Prevent Parent From Obtaining Securities.

SAN FRANCISCO, May 2.—The spectacle of a father and daughter arrayed against each other for the possession of $250,000 in stocks and bonds was revealed today when Judge Seawell began the hearing of an action by Harriet E. Thompson Smith against the California Title Insurance and Trust Company.

Mrs. Smith is the daughter of Frank Thompson and the action was brought to restrain the trust company from delivering to her father $250,000 in securities which had been delivered to them by a deed of trust in which it was provided that the son and daughter would each receive an income therefrom until Thompson died, when it would all revert to the daughter.

Thompson, it will be remembered, was victorious in a $50,000 breach of promise suit brought by Miss Artie R. Bancroft while he was still the husband of Ella Gertrude Thompson. Miss Bancroft was mentioned by the father in today's action as having influenced him in disposing of his property to the trust company. She also claims that he was mentally incompetent at the time. Judge Seawell sustained his demurrer to the daughter's suit but she was given ten days to amend her complaint and she will do so. Meantime Thompson, to be on the safe side, this morning obtained a restraining order from Judge Graham to prevent any one else from having the bonds transferred to them by the trust company.

TUG BLOWN UP BY WAR MINE

CONSTANTINOPLE, May 2.—A small tugboat which was engaged in inspecting the channel buoys in the Dardanelles last night fouled a mine and was blown to pieces. Four officers, twelve soldiers and all the members of the crew of the tug perished.

A dispatch has been received from Tunis saying that the Italian battleship Re Umberto has been driven by a storm on the rocks and sunk at a point on the coast near Zuara.

The foregoing dispatch from Constantinople has not been confirmed from any other source. The battleship Re Umberto has been engaged in convoying landing expeditions undertaken by Italian troops to Tripoli.

Built in 1887 the Re Umberto carried 700 men. She was 400 feet long, 77 feet wide and drew 28 feet of water. Her armament included four 12-inch guns.

Zuara is on the northwest of Tripoli, near the Tunisian border. The coast in that vicinity is dangerous.

CRUISER TO STAY AT SANTA MONICA

SANTA MONICA, May 2.—The armored cruiser Maryland arrived off the municipal pier this morning and will remain until the end of next week in order that the Shriners and their friends who will attend the imperial conclave in Los Angeles may have a chance to see one of Uncle Sam's best fighting machines on the Pacific coast.

A committee of Los Angeles and Santa Monica officials boarded the warship and extended an official welcome to Captain Ellicott, his officers and crew.

candidates are expected to do, it will cost each about $300.

The expense is encountered in complying with the provisions for the sending of a pamphlet to all voters by the secretary of state at the expense of the candidates, setting forth qualifications for office. While the law does not make it compulsory upon candidates to spend the money, it is considered the best method for "getting before the people."

BOSTON, May 2.—The total preferential vote for the three Republican candidates, with returns from the town of Gosnold still missing, was as follows: La Follette, 1756; Roosevelt, 71,153; Taft, 74,508.

BOSTON, May 2.—After two conferences yesterday the eight Roosevelt delegates at large elected at the primaries yesterday to the National Convention decided not to take any joint action on the attitude adopted by Colonel Roosevelt in releasing them from obligation to vote for him, but to leave each delegate free to act as he sees fit. A statement issued late last night by Matthew Hale, chairman of the Roosevelt committee, says:

"In view of the complicated political conditions following our State primary, I decided to call a meeting of the eight delegates at large to discuss the situation. I had not then heard anything about Colonel Roosevelt's statement regarding the delegates at large. The delegates who assembled here, I believe, saw the newspaper accounts of the Colonel's statement.

"With the knowledge on the part of each delegate that he had been elected fairly and squarely by a large majority over the Taft delegates, it was the unanimous opinion that they should stand together and vote for Roosevelt. Consequently a joint statement to this effect was signed by each delegate present.

"Later in the day, and after carefully considering the position so forcibly taken by Colonel Roosevelt, the situation was again talked over with the delegates and they decided to take no joint action, but to rescind their agreement and leave each individual delegate free to determine for himself his responsibility to his constituents and to act accordingly."

The refusal of the Republican delegates at large to accept Colonel Roosevelt's decision that they should vote for President Taft at the Chicago convention, although elected as Roosevelt delegates, has further complicated the situation arising from the State primaries. The situation is acknowledged by party leaders to be without parallel in the history of the commonwealth.

Although the Republicans of the State selected President Taft as their candidate for renomination by a majority of 3653 over Colonel Roosevelt on the presidential preference ballot, at the same time they elected by a decisive vote the entire slate of eight delegates at large pledged to the former President. Colonel Roosevelt secured ten delegates in the district elections and President Taft carried nine districts, so that Taft and Roosevelt each have eighteen delegates from the State to the national convention.

I. W. W. OFFICIALS HUSTLED OUT OF TOWN

HOQUIAM, Wash., May 2.—W. A. Thorn and C. A. Biscay, officials of the Industrial Workers of the World, were kidnaped from their lodgings last night, dragged four blocks through the city streets and hustled out of town in an automobile. Thorn telephoned from Montesano today that they had reached that place and had been released. Thorn will return to Hoquiam.

Boston to Watch Women Tipplers

Blue Laws Will Be Strictly Enforced to Improve Moral Tone of City.

BOSTON, May 2.—The Boston blue laws regarding the sale of liquor to women are to be enforced strictly hereafter, in accordance with a decision of the license commission which hopes thereby to improve the moral life of the city.

The new regulations provide that no women are to be allowed in any part of saloons or cafes except the dining room; no men accompanied by women are to be served with liquor on Sunday, and private dining rooms are forbidden.

The board also announces its intention to order the segregation of men and women in drinking places

Boy Kills Self Rather Than Attend School

VANCOUVER, B. C., May 2.—Because he objected to going to school and was afraid that his attendance might be forced, Ernest Clarke, the 14-year-old son of Herbert M. H. Clarke, shot and killed himself today at the family residence. The boy and his mother had a discussion in which the latter is said to have insisted that Ernest go to school. The father was called into the dispute and the boy declared he would die before he would go to school. The shooting followed within a few minutes.

W. J. Baccus Recovering From Serious Operation

Word was received from Providence hospital today that Commissioner of Streets William J. Baccus passed a quiet night and is recuperating well from the attack of appendicitis from which he has been suffering. Dr. O. D. Hamlin, the attending physician, holds out the best hopes for the recovery of the patient. Baccus was taken ill Sunday, and underwent a capital operation Monday evening. For two days grave fears were felt as to his condition. His condition was so much improved today that the physicians believe Baccus is virtually out of danger.

Federal Sugar Refining Co. Is Sued for $116,000

NEW YORK, May 2.—Suit against the Federal Sugar Refining Company for $116,000 was filed by the government in the federal district court today. The amount represents alleged back duties on importation of sugar entered at the custom house between 1902 and 1909, a difference due to the recently discovered errors in the original liquidated weights Through an error in the drafting of the paper it appeared that the suit was for full value instead of back duties.

PRESSMEN DISPUTE WITH PUBLISHERS; NO PAPERS

Employes Walk Out in Chicago Offices After Contract Expires.

Proprietors Claim Agreement With Union Is Terminated by Men's Action.

CHICAGO, May 2.—Early editions of Chicago afternoon newspapers were not printed today because of a dispute between the pressmen of Chicago Newspaper Webb Pressmen's Union, No. 7, and the Chicago local of the American Newspaper Publishers' Association.

The difference arose on the expiration of the pressmen's contract with the Hearst newspapers and the failure to agree on terms of renewals. Meetings of the executives of the Pressmen's Union and the publishers' association were held throughout the morning and hope was expressed that the difficulty would be adjusted in time for the later editions of the afternoon papers.

A statement covering the conditions was issued today by the Publishers' Association as follows:

"On April 30, at 12 o'clock, midnight, the management of the Chicago Examiner and the Chicago American posted in its press room the announcement that the contract between those papers and the Chicago Newspaper Webb Pressmen's Union No. 7 having expired, the management elected to come under the provisions of the contract between the Chicago local of the American Newspaper Publishers' Association of which the Chicago Examiner and the Chicago American are members and the Pressmen's union and would assume all the obligations and exercise all the rights of other members of the Chicago local under the contract, adding that the management would refer to arbitration as provided in the contract any difference that might arise.

"After the announcement had been read the men, acting under the order of the president of the union, resumed work without protest and thus acknowledged their acceptance of the contract.

"On May 1 the management announced that it would exercise its right under the contract to determine the number of men employed on each press and ordered each to be manned with the same number of men as other members of the Chicago local employed on presses of similar size and product. The members of the union refused to work under this order. The management then offered to permit the men thus proposed to be laid off to report as usual for work daily, but not to work on the presses and to submit the question at issue to arbitration, and in the event of a decision sustaining the position of the union to pay these men full wages from the time they were laid off up to the date of the decision of the arbitrators. The members of the union refused to work under this offer.

"The management then notified the men that their continued refusal to work would constitute a strike and that in so striking the union would be breaking the contract between the Publishers' Association and the union. The members of the union continued to refuse to work and walked out of the office.

"Under the circumstances the Chicago local of the Newspaper Publishers' Association now declares the contract between it and Chicago Newspaper Webb Pressmen's Union No. 7 broken by the union and therefore terminated. The press rooms of all the memers of the Chicago local and the American Newspaper Publishers' Association will, therefore, hereafter be conducted without recognition of the urisdiction of the Chicago Newspaper Webb Pressmen's Union No. 7.

"It is the purpose not to disturb the working conditions and wages of the former contract and to this and the continued co-operation of all employes without discrimination is invited.

"By order of the Chicago Local of the American Newspaper Publishers' Association. (Signed)

"VICTOR F. LAWSON, Secretary.
"HENRY N. CLAY, Secretary."

WELCOME BRIDE, BUT BAR HUSBAND

HASTY WEDDING FORGIVEN BY M'CLURES

MR. AND MRS. CHARLES R. HUNT, WHO WERE SECRETLY MARRIED YESTERDAY IN THIS CITY.

'Next Time She Will Know Better,' Declares the Mother of Mrs. C. R. Hunt

After a hasty marriage, performed yesterday by Justice of the Peace James G. Quinn and aided and abetted by Louis R. Cranwell, whose recent elopement with Miss Alice Westphal caused a sensation, Mrs. C. R. Hunt, formerly Miss Dorothy McClure, returned last night to the home of her parents, Mr. and Mrs. Thomas O. McClure, 2017 13th avenue, received their forgiveness and rejoined her husband in San Francisco. The parents of the bride would not see the husband. They state that as long as they are of age and married there is no use harboring ill feeling, but that the bridegroom, whom they do not approve of, will not be welcome at the house. The couple are living in San Francisco and will sail soon for Honolulu on their wedding trip.

Charles Roy Hunt, the bridegroom, is the son of Mrs. L. Hunt of 2833 Thirteenth avenue. He is 21 years of age. The bride is the daughter of the president of the Standard Chemical Company, and is 19. Recently the couple went to Redwood City, intending to be married, but changed their minds. Yesterday they got a license and hastened to Judge Quinn, where the ceremony was performed, they thought, without the knowledge of the parents. Mrs. McClure stated that she knew of their intention, but that she thought it useless to interfere.

CRANWELL AIDS.

Louis R. Cranwell, whose father-in-law is arranging to have his marriage to Miss Alice Westphal annulled, assisted in the trunk-packing and piloted them to Deputy County Clerk Riley, who issued the license. They intended to sail for Honolulu, and send news of their marriage by wireless, but as no steamer was sailing they changed their plans and the bride came home to be forgiven.

"HUNT TOO FAST."

"Of course," said Mrs. McClure, mother of the bride, today, "we are sorry that they are married. The young man we objected to. We only hope everything will turn out all right. There was no use interfering. They are at that foolish, sentimental age and the girl insisted on doing it. All we can do is to acquiesce. We will not see Hunt, and we still believe that he is not good enough for our daughter. Still we will make the best of it. She will always be welcome home, and if the marriage is not a success she can return. Next time she will know better."

NOT ELOPEMENT.

"This is not an elopement," said Hunt before leaving for San Francisco. "There is some objection on the part of my wife's parents, but every one knew we were going to do it anyway."

Hunt is in the employ of the Gorham-Revere Rubber Company. He was informed a few days ago that he was to be sent on a business trip to Honolulu and decided to make this mission a wedding trip as well.

Both the young people are well known in Oakland. The bride is the possessor of a remarkably fine soprano voice and her parents were planning a grand opera career for her.

"I suppose she will give that up now," said her mother.

LOCOMOTIVE FIREMEN RECEIVE PAY INCREASE

NEW YORK, May 2.—The locomotive firemen and hostlers employed on the railroads east of Chicago and north of the Ohio and Potomac rivers, submitted to the conference committee of railroad managers today a schedule of rates for pay which calls for general increases in all classes of service.

BALKED AT FEEDING ALL HER RELATIONS

SAN FRANCISCO, May 2.—Because wifey insisted upon bringing all her relatives to the house and sided with her sisters against him when a quarrel arose, Abraham NNelson filed suit for divorce against Irene Nelson, charging cruelty. Judge Cabaniss listened to the troubles of the couple today and granted the husband a decree.

FORMER BANKER UNDER ARREST

E. E. Galbreath Charged With Misapplying Funds of Institution.

CINCINNATI, May 2.—E. E. Galbreath, former president of the Second National bank of this city, was arrested here today by a United States marshal on a charge of misapplying the funds of the bank. The bank was recently discovered to be in an embarrassed condition and is now being operated by members of the Cincinnati Clearing House Association. After the bank was taken over by the clearing house, new officers were placed in control.

The warrant for Galbreath's arrest charged him with having misappropriated funds of the bank to the amount of $33,000. Before becoming president of the Second National Bank Galbreath was a federal bank examiner.

The transaction upon which the warrant was issued occurred April 8. It is alleged that on that date Galbreath placed in the Second National Bank a draft for $33,000 drawn on the Third National Bank of St. Louis, where his brother, G. W. Galbreath, is vice-president. It is charged that he then drew out of the Second National funds aggregating this amount, although he had no account with the St. Louis bank.

Following his arrest Galbreath was taken before United States Commissioner Adler. He pleaded not guilty and waived examination. Bond was fixed at $15,000.

REFUSES TO HALT AT BLAST OF WHISTLE

SAN FRANCISCO, May 2.—The first case growing out of the new whistle regulation of the traffic squad was brought to the attention of Judge Shortall today. C. McLoughlin was arrested by Policeman Maloney for refusing to halt at the blast of the whistle. He was dismissed with a reprimand.

KEEPS HEART TISSUE ALIVE MANY DAYS

Director of Rockefeller Institute Tells of Remarkable Tests.

Permanent Life of Mass Possible, Declares Dr. Alexis Carrol.

NEW YORK, May 2.—An account of some remarkable experiments made at the Rockefeller Institute for Medical Research with tissues from the heart is given by Dr. Alexis Carrol, director of the institute, in a report just published here. Dr. Carrol announces that he was able to keep pieces of the heart tissue pulsating rhythmatically outside the organ from which they were taken for more than two months. The fragments were preserved in glass jars, in suitable media.

The experiments are part of the series to determine whether or not the life of tissue can be prolonged indefinitely outside the body. In this connection, Dr. Carrol expresses this opinion:

"It is conceivable that the length of the life of a tissue outside of the organism could exceed greatly its normal duration in the body, because elemental death might be postponed indefinitely by a proper artificial nutrition."

Then follows this statement: "Subsequently I developed other techniques by which it may be possible to obtain permanent life of tissues."

TISSUES GROW.

In one of the experiments cited a fragment of heart tissue, cultivated in hyptonic plasma pulsated regularly for several days and grew extensively. After two months the tissue was dissected and a small central fragment removed and put in a new medium. It was found to be pulsating at a rate that varied from between 60 and 104 beats a minute. Of this and other specimens, Dr. Carrol says:

"Generally the tissues seemed, after a time, to adapt themselves to their new condition and very few cultures died spontaneously. In handling the cultures were exposed to many accidents and microbean infections.

"In case of a local infection, the part not infected was resected with a cataract knife and placed in a new medium. Often the culture recovered and produced several generations of cells that were free from microbian infection. But when infection was generalized the tissue always died rapidly. Many cultures died of sepsis."

Barbed wire cuts, ragged wounds, collar and harness galls heal up quickly when BALLARD'S SNOW LINIMENT is applied. It is both healing and antiseptic. Price 25c, 50c and $1.00 per bottle. Sold by Wishart's Drug Store, 1001 Washington St.

STEREOTYPERS ELECT OFFICERS FOR COMING YEAR

McARTHUR JOHNSTONE.

Stereotypers and Electrotypers' Union No. 29 held its monthly meeting and election of officers last night, and the following were elected to serve for the ensuing year: McArthur Johnstone, president; E. Gorman, vice-president; George Lane, recording secretary; F. L. Colton, secretary-treasurer; E. Dengel, W. Kamer and H. D. Pohlmann, trustees; J. Williams, delegate to Labor Council; J. Williams, delegate to Allied Printing Trades Council; McA. Johnstone, F. L. Colton, George Lane, Ed Jensen and E. Burrows, executive committee.

Preparations for the entertainment of the delegates and friends to the sixteenth annual convention are nearly completed, and a most successful session is anticipated.

One day will be devoted to Oakland and a most enjoyable program has been arranged for that occasion.

The picnic to be given by the stereotypers and electrotypers of San Francisco and Oakland will be held at Fairfax Park, Marin county, on Sunday, May 12, and it will undoubtedly be an immense success, for thousands of tickets have been already sold, and with the splendid prize band for dancing and the valuable prizes for the games, will draw young and old on that occasion.

COMMISSION RULES ON RAILROAD TAP LINE CASE

Interstate Commerce Body Approves Canceling of Allowances.

INJUNCTION SUIT FILED BY ROADS

WASHINGTON, May 2.—Tariffs filed with the Interstate Commerce Commission cancelling allowances made by trunk lines with socalled "tap lines" must be observed by the trunk lines and shippers or they will face prosecution for criminal violation of the Interstate commerce act and the Elkins act.

This is the determination of the commission of a unique situation that has arisen as a result of its decision of the "tap line case." The tariffs filed with the commission by the the trunk lines cancelling the allowances made to the tap lines were to have become effective at midnight April 30. Four hours prior to that time, on application of some of the tap lines, the Circuit Court of Missouri—a state tribunal—granted an injunction to restrain the St. Louis, Iron Mountain and Southern and other southwestern lines from cancelling their through routes and rates with the tap lines.

MUST OBSERVE RATES.

Immediately inquiry was made of the commission as to what tariff was excessive. In every instance the commission replied:

"Cancellations took effect at midnight April 30. Rates filed must be observed by carriers and shippers if criminal violation of interstate commerce act and Elkins act is to be avoided."

The commission holds that no court can enjoin a thing already done. The tariffs complained of were filed with the commission, to become effective at midnight April 30, the legal notice of thirty days having been given. The commission had exhausted its time limit of suspension of the tariffs—ten months—and they had to go into effect automatically.

It is understood orders soon may be issued dismissing pending tap line cases. The matters in controversy may be carried to the Commerce Court and eventually to the United States Supreme Court.

Attractive Rates For Shriner Conclave

CHAS. M. SCHWAB IS GUEST OF CITY

Steel Magnate to Address an Open Meeting on Pacific Coast Conditions.

Charles M. Schwab, the steel magnate, this afternoon is the guest of the Chamber of Commerce on a tour of inspection of the city, and tonight will address an open meeting under the auspices of the Manufacturers' committee of the Chamber on industrial conditions on the coast. The meeting will be held at 8 p. m., in the large assembly hall of the Chamber of Commerce, Thirteenth and Harrison streets, before what is expected to be a large attendance.

Schwab, who is president of the Bethlehem, Pa., Steel Company, and as largely interested in the Union Iron Works in San Francisco, is on the coast on his annual tour of inspection. He has studied local conditions of industry closely and has a wide knowledge of conditions throughout the country which he is expected to discuss in the interests of local manufacturers.

Other speakers at the meeting will be Mayor Mott and John F. Mullins, chairman of the board of supervisors, while George B. Randolph, chairman of the Manufacturers' committee, will preside.

The program for Schwab's visit here has been arranged by the Chamber of Commerce committee as follows:

Arriving at Twenty-second and Broadway at 3:50. Proceed to the Chaber of Commerce for an inspection of that building and of the new Hotel Oakland. Tour of inspection of the city.

At 6 o'clock Schwab will be taken to the Claremont Country club for dinner, where the guests will be Mayor Mott, Victor H. Metcalf, H. C. Capwell, W. W. Keith, W. E. Gibson and A. A. Denison, together with W. J. Snyder, second vice-president of the Bethlehem Steel company, J. A. McGregor, president of the Union Iron Works, and E. S. Illig, Pacific coast representative of the Bethlehem Steel company, members of the Schwab party.

At 8 o'clock promptly the meeting at the Chaber of Commerce will be held, followed by Schwab's departure for the East at 9:15 p. m.

FLOOD CONTROL BILL HAS FIGHTING CHANCE

SACRAMENTO, May 2.—Secretary Manager S. Gion Andrus of the Sacramento Chamber of Commerce, has received a letter from Senator George C. Perkins from Washington concerning the prospects of adoption of the Sacramento and San Joaquin rivers flood control appropriation bill now before Congress. There is still a fighting chance of the bill going through, according to Senator Perkins. The letter follows:

"I consider it doubtful if the Senate committee will agree to the Sacramento and San Joaquin river project, for the reason that there is little hope that the House will agree to the Senate amendments. Government engineers also state that the improvements are not needed for the commerce and navigation of the rivers.

"Assurances have been given that the proposed plan will be favorably considered in the House in the next session. I think, however, the amendment for the Stockton harbor improvement will probably be adopted."

Danderine

Grows hair and we can prove it

Hair Becomes Soft, Fluffy, Lustrous and Beautiful Immediately After a Danderine Hair Cleanse

Get a 25 Cent Bottle Now and Forever Stop Falling Hair, Itching Scalp and Dandruff

A little Danderine now will immediately double the beauty of your hair—No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy and have an appearance of abundance; an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health.

Try as you will after an application of Danderine, you cannot find a single trace of dandruff or a loose or falling hair and your scalp will not itch, but what will please you most will be after a few week's use when you will actually see new hair, fine and downy at first—yes—but really new hair—sprouting all over the scalp.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its life-producing properties cause the hair to grow abundantly long, strong and beautiful.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and prove to yourself tonight—now—that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it, if you will just try a little Danderine.

ELABORATE PLANS BEING MADE FOR BIG FESTIVAL

FRUITVALE BOARD OF TRADE OFFERS FIRST PRIZE FOR LARGEST ATTENDANCE ON NATIVE SONS' NIGHT.

FRUITVALE, May 2.—With the election of Miss Genevieve Schnarr, queen of the Fruitvale Native Sons' carnival, starting next Monday, May 6, the fair grounds at East Fourteenth street and Fruitvale avenue are being got in readiness for the reception of the thousands of merrymakers who will throng to the fiesta. Two triumphal arches in white and gold are being built, one at the entrance to the pleasure grounds in East Fourteenth street and one in Fruitvale avenue. Connecting the two great gateways will be "joy curve," with concessions, ferris wheels, merry-go-rounds, the queen's throne and an al fresco dancing pavilion on either side.

For many blocks east and west in East Fourteenth street and north and south in Fruitvale avenue byriads of incandescent electric lights have been strung overhead which today will be supplemented with variegated lights suspended between the electric trolley poles on either side of the thoroughfare.

In a public statement made this morning Miss Schnarr, who will be crowned and presented the keys of the city on Monday, thanked her hundreds of supporters for their loyal work which resulted in he election. Following her coronation on Monday Queen Genevieve will bid her subjects forget dull care and devote themselves to merriment for five days.

Many handsome prizes for various events of the carnival are being hung up, among them being a handsome silver loving cup elaborately decorated and engraved, which the Fruitvale Board of Trade is offering for the largest attendance of any one parlor on Native Sons' night, next Thursday. Commissioner William J. Baccus has offered a silver-mounted baton as a prize for the organization making the best showing in the grand coronation parade on Monday. The H. C. Capwell Company will present a silk national flag for the largest membership in the line of march of any fraternal order, parlor or lodge.

Special features of the fiesta will be several balloon ascensions. Several dances will be given during the week ending with the grand ball on Saturday night, when the carnival will close.

107 AUTOS DAILY SOLD IN STATE

Month of April Proves Record-Breaker in Number of Cars Disposed Of.

SACRAMENTO, May 2.—The largest automobile record in the history of the secretary of state's office was reached during April, according to Secretary of State Jordan's report for the month, issued yesterday in which the registration of 2803 cars in the twenty-six working days of the month is noted, or an average of 107 autos per working day. The fees to the office for the registration of these machines amounted to $6893.

In fees for the filing of papers, etc., the secretary of state received during the month $30,037.46, and from incorporation licenses $5496.26, which, with the receipts for automobile registration, make a total of $42,426.91.

The amount deposited with the state treasurer during the four months ending April 30, according to the reports, is $169,867.91, an increase over the four months of 1911 of $37,338.88.

FORGETS $25,000 IN OLD SHOE BOX

Banker Rewards Brakeman Who Found Fortune With One Dollar.

CHICAGO, May 2.—Edward Stone, a brakeman on an accommodation running between Chicago and Libertyville, last night held in his hands an old shoe box containing $25,000 without being aware of its contents.

The box had been left on the train at Merten Grove by Herbert Schoonberg. Before the train departed Shoonberg dashed into the car and asked Stone if he had seen the box. It was handed to Shoonberg unopened, who explained to the brakeman that it contained money for starting a new bank. Stone was rewarded with one dollar.

WOMAN SPURNS LOVE; IS KILLED

Daughter of Nobleman Murdered by Her Brother-In-Law.

NEW YORK, May 2.—Mrs. Mary Marchesi, the young wife of Theodore Marchesi, a printer, was shot twice in the heart and killed almost instantly shortly before midnight in her home in the Upper East Side by a man described by the police as Joseph Marchesi, her brother-in-law. After killing Mrs. Marchesi, the man shot himself and was taken to a hospital in a dying condition.

Mrs. Marchesi was the daughter of a wealthy Italian nobleman. Her husband was a childhood friend, who came to this country and prospered. A year ago he decided to bring his brother, then a school teacher in the old country, to America. As Theodore was unable to leave his business he sent his wife back to Italy to bring his brother to New York.

During the trip the brother, it is said, became enamored of the handsome young matron and her coolness caused him to threaten her life. She had repeatedly told friends that she feared he would kill her.

The husband was not at home when the tragedy occurred.

MOVE FOR REPUBLIC IS MADE IN SWEDEN

STOCKHOLM, Sweden, May 2.—Herr Lidhagen, mayor of Stockholm and a Socialistic member of the Swedish riksdag, has brought forward in that body the suggestion that the heredity monarchy be abolished and a republic established. The measure, which is the first of its kind in the history of the country, is supported by three other members of the riksdag, but it is not thought that it will come to a vote.

HEAD OF MINERS SERIOUSLY ILL

President John P. White Reported to Be Victim of Hemorrhage.

NEW YORK, May 2.—President John P. White of the United Mine Workers of America is temporarily out of the negotiations in the coal controversy between the miners and operators because of illness. A telegram received from White by his associates in this city comprising the committees representing the miners, said White had been in a serious condition from the effects of a hemorrhage and was confined to his home in Oskaloosa, Iowa. His associates replied to the telegram, extending their sympathy and expressing hope that the present negotiations with the operators would settle the question of the resumption of work in the anthracite regions.

The meeting of the scale committee of miners in joint conference with the ten members of the operators will go on tomorrow in the absence of President White as originally planned.

To that joint conference the sub-committee will present their decision calling off the suspension of miners on the agreemen of an increase of 10 per cent in wages, together with other minor concessions in favor of the union.

Whitlock, her grandmother, lies seriously ill as the result of gas escaping from a defective fixture. Mrs. Whitlock was the housekeeper of Mr. Presson.

Facts for Weak Women

Nine-tenths of all the sickness of women is due to some derangement or disease of the organs distinctly feminine. Such sickness can be cured—is cured every day by

Dr. Pierce's Favorite Prescription

It Makes Weak Women Strong, Sick Women Well.

It acts directly on the organs affected and is at the same time a general restorative tonic for the whole system. It cures female complaint right in the privacy of home. It makes unnecessary the disagreeable questioning, examinations and local treatment so universally insisted upon by doctors, and so abhorrent to every modest woman.

We shall not particularize here as to the symptoms of those peculiar affections incident to women, but those wanting full information as to their symptoms and means of positive cure are referred to the People's Common Sense Medical Adviser—1008 pages, newly revised and up-to-date Edition, sent *free* on receipt of 21 one-cent stamps to cover cost of wrapping and mailing *only*, in French cloth binding. RECORD OF A GREAT MEDICINE

Doctors Could Not Help Mrs. Templeton—Regained Health through Lydia E. Pinkham's Compound.

Hooper, Nebraska.—"I am very glad to tell how Lydia E. Pinkham's Vegetable Compound has helped me. For five years I suffered from female troubles so I was scarcely able to do my work. I took doctors' medicines and used local treatments but was not helped. I had such awful bearing down pains and my back was so weak I could hardly walk and could not ride. I often had to sit up nights to sleep and my friends thought I could not live long. At my request my husband got me a bottle of Lydia E. Pinkham's Vegetable Compound and I commenced to take it. By the time I had taken the seventh bottle my health had returned and I began doing my washing and was a well woman. At one time for three weeks I did all the work for eighteen boarders with no signs of my old trouble returning. Many have taken your medicine after seeing what it did for me. I would not take $1000 and be where I was. You have my permission to use my name if it will aid anyone."—Mrs. SUSIE TEMPLETON, Hooper, Nebraska.

The Pinkham record is a proud and peerless one. It is a record of constant victory over the obstinate ills of woman—ills that deal out despair.

It is an established fact that Lydia E. Pinkham's Vegetable Compound has restored health to thousands of such suffering women. Why don't you try it if you need such a medicine?

BROTHERS FOUND GUILTY OF MURDERING WOMAN

CORVALLIS, Ore., May 2.—George and Charles Humphreys were found guilty yesterday of the murder of Mrs. Eliza Griffith by a jury in the State Circuit Court. The prisoners displayed little emotion when the verdict was rendered, although a few minutes later, as they were being led to jail, Charles appeared to be on the verge of a collapse.

Judge W. S. McFadden, special counsel for the State, finished his concluding argument before noon, and the court proceeded at once to deliver instructions to the jury. In his charge, Judge Hamilton confined himself to an explanation of the different degrees of murder. The jury began their consideration of the case at 2 o'clock. Shortly after 4 o'clock they announced a verdict had been reached.

Judge Hamilton announced that he would pronounce sentence Friday next at which time he would entertain a motion for a new trial. Thirty days were granted the defense to prepare and file a bill of exceptions.

JOHNSON IS SPEAKER AT SAN BERNARDINO

SAN BERNARDINO, May 2.—Governor Hiram Johnson, speaking in behalf of the presidential candidacy of Theodore Roosevelt, addressed a large audience here last night. The governor spoke from the same platform on which Senator La Follette Tuesday attacked Roosevelt, and a large portion of last night's speech was devoted to the Wisconsin senator's California campaign.

Republicans of San Bernardino county has been aroused to a high pitch of interest during the last two days and it was intensified tonight when it was announced that William B. Smythe of San Diego, one of the principal La Follette supporters in California, would speak from the same platform tonight in reply to Governor Johnson's allegations against the Wisconsin senator.

THE DEMONS OF THE SWAMP are mosquitoes. As they sting they put deadly malaria germs in the blood. Then follow the icy chills and the fires of fever. The appetite flies and the strength fails; also malaria often paves the way for deadly typhoid. But Electric Bitters kill and cast out the malaria germs from the blood; give you a fine appetite and renew your strength. "After long suffering," wrote Wm. Eastwell of Loxima, N. C., "three bottles drove all the malaria from my system, and I've had good health ever since." Best for all stomach, liver and kidney ills. 50c at Osgood Bros.

A. M. Ramsay, commercial superintendent of the Chicago Telephone Company, said that investigation showed that about [illegible] per cent were persons who are telephone subscribers would move this month

BAPTIST MISSION BOARD REPORTS $70,000 GAIN

RICHMOND, Va., May 2.—The foreign mission board of the Southern Baptist convention representing two and a half million communicants, has just closed its fiscal year. Though the board has encountered more than usual difficulties, the reports show larger receipts than for any year in its history, making a net gain of about $70,000. While the year closes with a debt of $16,000, conditions are far better than last year when the debt was reported at $90,000.

ACTION IN RUEF CASE IS DELAYED

Petition Denied Without Prejudice That Another May Be Filed.

SAN FRANCISCO, May 2.—As the result of a suggestion made by the justices of the District Court of Appeal in the case of Abraham Ruef this morning, the petition for a writ of mandate to compel Superior Judge Dunne to dismiss the indictments was denied without prejudice and will be renewed in a few days with additional matter incorporated in it. The session lasted for over an hour today. Assistant District Attorney McNutt arguing that the sixty days statute of limitations had never been incorporated in the original notion of Attorney George Keane to dismiss the indictments against the former boss.

Today Attorney Bert Schlesinger and S. V. Costello appeared in behalf of Ruef and the former asked permission to file a supplemental petition incorporating the new facts which developed in Judge Dunne's court at yesterday's session. This application was denied and a demurrer filed to Judge Dunne's return was overruled.

Attorney Schlesinger then argued at length in support of his contention that the motion to dismiss the indictments had been made to Judge Dunne in regular form. In this he was opposed by McNutt and it was brought out that a written motion had been filed by the defendant for the first time yesterday afternoon in the Superior Court. Justice Hall then suggested that the present petition for a writ of mandate be denied without prejudice and that the defendant's counsel attend a record of yesterday's proceedings and file a new request for a writ to compel Judge Dunne to dismiss the eighty indictments returned against Ruef in 1907.

FAMOUS ARTIST DIES SUDDENLY OF PNEUMONIA

The late HOMER DAVENPORT.

NEW YORK, May 2.—Homer Davenport, the cartoonist, died here today of pneumonia. Davenport had been working on the Hearst newspapers. He was 44 years old.

OREGON BOY.

SAN FRANCISCO, May 2.—Homer Davenport was born in Oregon and at an early age gave evidence of the genius which afterward enabled him to earn as a cartoonist a yearly salary in excess of $20,000. His first newspaper work was done on the San Francisco Chronicle, where, during the Mid-Winter Fair, he made a great hit with a series of cartoons in which the most prominent character was a street gamin known as "Shorty." Later on his clever caricatures of the late Barney Murphy attracted the attention of W. R. Hearst, who soon engaged his services. From that time Davenport's rise as a cartoonist was assured, and it was not long before his drawings were known throughout the United States. He was particularly effective in his political cartoons.

He was a great lover of animals and it was said of him that he was the only man who could draw the head of a horse so as to show the particular individuality of that horse. This was one feature of his art in which Davenport took particular pride.

When not actively engaged in his profession Davenport spent his time on his stock farm, where he made a specialty of raising pheasants and Arabian horses. He imported from Europe several very valuable Arabian horses and it was his greatest pleasure to exhibit them to the many visitors who inspected the farm.

He was said to be the first American artist who was ever permitted to draw the eminent Gladstone, and was summoned by that British leader to a meeting with him during which the picture was talked over.

PRETTY WOMAN AT THE BELL IS CLEVER JUGGLER

MISS ANITA BARTLING.

It has been generally conceded that women equal men in almost every line of endeavor that requires patience to accomplish. This has been proven time and time again. A substantiation of this assertion is forthcoming when Anita Bartling, a young and fascinating little woman from abroad makes her appearance at the Bell during the week. This little woman does even more difficult feats by way of juggling than most male jugglers. She has just completed a seven-months engagement at the Tivoli Theater, London.

Few musical combinations in vaudeville have enjoyed the popularity of Watarbury Brothers and Tenny, who are making a tour of the S. & C. Circuit, following a successful starring tour with Cohan & Harris' Big Minstrels. They offer splendid music with all the comedy that has been acquired during their long experience on the stage. The act has created a bully impression in the eastern touses. Tenny is one of those irresistibly funny comedians, who has only to wink at an audience to make them laugh. The entire act teems with surprises and original ideas

Lupita Perea, a young lady hailing from the Parisian Music Halls, is making her first appearance at the Bell. She is a very pretty woman with plenty of skill and daring.

The main feature, perhaps is the $100,000 horse, Dewey, who is attracting all lovers of beautiful animals. Aside from the beauty and general attractiveness of this prize beauty, "Dewey" proves himself some actor, as exemplified in the many stunts he puts over.

The Four Fal de Rol Girls got a big share of applause in their merry act.

GERMS IN HER SYSTEM

Every Woman Should Read This Advice and the Generous Offer That Goes With It.

The number of diseases peculiar to women is a mistaken idea. We are so sure of this that we offer to supply medicine absolutely free of all cost in every instance where it fails to give satisfaction. With this understanding, no woman should hesitate to believe our honesty of purpose, or hesitate to put our claims to a test.

There is only one way to overcome catarrh. That way is through the blood. You may use all the snuffs, douches or men is such that we believe this space would hardly contain a mere mention of their names, and it is a fact that most of these diseases are of a catarrhal nature. A woman cannot be well if there is a trace of catarrh in her system.

Some women think there is no help for them. We positively declare this to be like remedies for years without getting more than temporary relief at best. Catarrh in general is a diseased condition of the system that shows locally most frequently in discharges from mucous membranes. Local treatment should be assisted by internal treatment for the general diseased condition if a complete cure is to be reached. That internal treatment should be scientifically devised and faithfully administered.

Rexall Mucu-Tone is scientifically prepared from the prescription of an eminent physician who for thirty years made catarrh his specialty. This remedy is admirably adapted to the treatment of the catarrhal ailment of women. It purifies and enriches the blood, tends to stop mucous discharges, aids in removing impurities from the system, soothes, heals and strengthens the mucous tissues, and brings about a feeling of health and strength.

We want you to try Rexall Mucu-Tone on our guarantee. If you are not benefited, or for any reason not satisfied, simply tell us and we will hand back your money. Rexall Mucu-Tone comes in two sizes, 50 cents and $1.00. Remember, you can obtain Rexall Remedies only at The Owl Drug Co. stores in Oakland, San Francisco, Los Angeles, Sacramento, Portland, Seattle, Spokane.

NATIONAL NEEDS TO BE DISCUSSED AT CAPITAL

WASHINGTON, May 2.—The executive committee of the Chamber of Commerce of the United States, recently organized here, will meet in Chicago on May 8 to consider means for furthering the ends of the body as a national trade organization broadly representative of the country's business interests. A plan of organization has been adopted and the drafting of a constitution in accordance with it will be taken up.

I Asked the Music Teacher:

"Would you advise your scholars to buy the BUNGALOW PLAYER-PIANO?"

"Knowing its educational value, I couldn't do otherwise," she said. "It is even more important to be able to appreciate good music than to be able to play it. The BUNGALOW PLAYER teaches musical appreciation."

This music teacher is progressive. She knows that the greatest teachers do not oppose, but highly endorse, this agency of musical education.

The BUNGALOW PLAYER-PIANO has every essential advantage of the more expensive players.

And we will take your "never-played" piano in exchange at a liberal price.

THE BUNGALOW PLAYER PIANO plays the full scale, 88 notes—plays all "standard" music rolls—full, round, rich, mellow tone—selected materials—best workmanship—automatic guiding device—melody soloist—every valuable improvement—free library of music rolls.

CANNED GOODS NOT HELD RESPONSIBLE

Death of Aged Woman and Baby Laid to Other Edibles.

EDITOR TRIBUNE: May I refer you to your issue of April 29, wherein appears an article under the caption "Canned Goods Fatal to Elderly Woman and Her Grandson," representing that the deaths of Mrs. Karal Holme and Master Edward Jacobsen were due to ptomaine poisoning as a result of eating "canned goods"?

I have today made some inquiry on my own account to determine the truth of the accusations made in your article and which reflects so seriously against the great canning industry, undoubtedly one of the most important to the great state of California and to our nation. I have learned from the physicians whose names you have mentioned and who attended the victims that there was no warrant whatever for the charge that canned goods were eaten by those people and that the ptomaine poisoning in question resulted therefrom. I have further learned from Mrs. Holme, the step-daughter of the deceased Mrs. Karal Holme and the grandmother of the baby boy, Edward Jacobsen, that neither of the victims partook of canned goods for several days before their death when canned condensed milk was used, and that no other canned goods of any description whatever had been used in their family.

The various sub-industries engaged in our state in fruit and vegetable canning, meat canning, fish canning, etc., have all been seriously reflected upon by your article and I believe you will agree with me that it is due to these great industries and to the public at large that you should investigate this matter thoroughly and upon finding (as I have done) that your accusation was untrue, that you should publish with equal or greater prominence a retraction of the charge which you have made against canned goods.

Trusting that this matter will receive the immediate attention which it certainly deserves, I am, respectfully,

T. H. FALLON,
Manager Sunlit Fruit Co.

P. S.—Supplementing my letter to you of yesterday's date I beg to advise that I learn that at the coroner's inquest held this day on the deaths of Mrs. Karal Holme and Master Edward Jacobsen it was not shown that these persons had eaten of any canned goods, but that they had eaten pork, veal and mutton.

I would respectfully refer you for particulars to Mr. E. F. Niehaus, the coroner of this city, for further information and trust it will be agreeable to you to do what you can without delay to correct the erroneous impression given to the public in your issue of April 29.

Yours truly, T. H. F.

SEATTLE WOULD TAKE OVER BANKRUPT LINE

SEATTLE, May 2.—A few minutes before the petition for the appointment of a receiver for the Seattle, Renton and Southern Railway was filed the city of Seattle began condemnation proceedings in the Superior Court to acquire such portion of the road as lies within the city limits. The action of the city was authorized by the voters a year ago, when $550,000 bonds were voted to acquire or build a trunk line street railway from Ballard on the north to the southern city limits. The Renton road is an electric interurban running between Seattle and Renton, and eight miles of the main line are within the city limits. The agitation for a municipally owned line through Rainier valley was begun during the controversy between the Renton road and its patrons over the issuance of interchangeable transfers and the collection of a second fare within the city limits.

MORE SALES ARE MADE ON EIGHTEENTH STREET

Geo. W. Austin has sold a lot 62 1-2x118 feet in size, with four dwelling flats, on the north side of Eighteenth street, between San Pablo and Telegraph avenues, for J. A. Yoakam to E. M. McLaughlin. Yoakam purchased his holding within the past three months and this sale is made by him at a considerable profit over and above te price he paid for the property.

Austin has also sold for Frank W. Bilger to F. A. Ayers a building containing three flats on a lot 25x118 feet in size on the south side of Eighteenth street, 175 feet east of San Pablo avenue. The property was purchased by Bilger less than three months ago, and today's sale is at a considerably advanced price from that paid by him for the property.

In both of these sales the seller was represented by Geo. J. Lawson and the buyer by John Aubrey Jones, salesmen associated with the George W. Austin realty company.

Improbability of Roosevelt's Nomination.

Roosevelt's request to the Massachusetts delegates at large to abide by the will of the people as expressed in the preferential vote and not be governed by their pre-election pledges and the majorities they received as his supporters shows his astuteness as a practical politician. Massachusetts was the pivotal State in the present national primary campaign. Great interest throughout the country at large was, in consequence, centered in the result of Tuesday's election. It is the general opinion at the national capital, as expressed by press and private dispatches, that the results obtained in the Bay State election makes Roosevelt's nomination very improbable.

The curious accidental tangle produced by the conflicting results obtained from the preferential vote and the vote on delegates at large placed the Colonel in an extremely delicate situation. It in fact, placed him between two fires. There was only one way to extricate himself from a serious political dilemma and retain a ghost of a chance of ultimate success, and that was the one, as a shrewd politician, he took, namely, to promptly advise the delegates at large pledged to support him in the convention that they must not be governed by their pledge, but by the result of the preferential vote which by a decisive majority favored the nomination of Taft. He held on to the ten district delegates because, in the Congressional districts in which they were chosen, the preferential vote was not in Taft's favor.

In renouncing the support of the eight Massachusetts delegates at large Roosevelt had an eye, undoubtedly, on the Illinois delegation. The majority of the Illinois delegates are Taft men. By the preferential state-wide vote favoring the nomination of Roosevelt their votes will be cast for Roosevelt at the national convention. If Roosevelt had insisted that the eight Massachusetts delegates at large elected should respect their pledges to support him in the convention regardless of the presidential preferential vote, obviously the Taft men in the Illinois delegation would be at once released from any moral or other obligation to respect the preferential vote in that State.

It is clear, therefore, that in reaching the decision to renounce the pledges of the Massachusetts delegates at large, Roosevelt was not controlled by principle, as he professes, but by policy. He chose merely the lesser of the two evils with which he was unexpectedly confronted and sacrificed the eight Massachusetts votes rather than run the grave risk of losing a much larger number in the Illinois delegation.

Andrew Carnegie was the author of the statement that no man has a right to die rich; but although his benefactions for free libraries and other purposes exceed the gifts of any living philanthropist and amount to a great many millions of dollars the prospects are not good that he will be able to separate himself as completely from his great fortune as the late Dr. D. K. Pearson, the aged Hinsdale, Illinois, philanthropist, did through the distribution of about $6,000,000 among missions and small colleges. Dr. Pearson carried out his intention to die poor so successfully that an examination of his effects after his death a few days ago does not reveal any will or enough money or property to pay the cost of his funeral, which will be borne by his two nephews.

The Berkeley Recall Election.

The results attained in the Berkeley recall election on Tuesday show up in a most convincing manner the viciousness of the recall system as constituted. A majority of nearly 20 per cent of the total 9648 votes cast at the election opposed recalling the three school directors against whom the recall was directed. But the recall election was forced on the University town by only 15 per cent of the voters who had deposited their ballots for mayor at the preceding regular municipal election. Of course, the power to do this is guaranteed in the charter. It is none the less ridiculous and inconsistent with the idea of popular representative government that the control of officials elected by a majority of a community's voters should be handed over immediately after their installation to a minority of 15 per cent and the power put in the hands of this small minority to put the community to the expense of holding an election to determine whether these officials shall retain office or not, thus compelling them to spend money in self-defense.

The grounds for the proposed recall in the Berkeley case were frivolous. The proposition was based solely on the right of a majority of the Board of Education to exercise the privilege of electing any one save the incumbent of the office of City Superintendent of Public Schools to succeed him. That the authority to elect a school superintendent for a period of four years at the expiration of the incumbent's term was vested in the board was not questioned. If the efforts to curtail the powers of the board had succeeded (which was in reality the purpose of the recall) and made the re-election of the present school superintendent imperative, it would have practically made the creature of the board greater than its creator. Such an anomalous condition would have been intolerable and the result of the election has shown that a large majority of the people of Berkeley had the good sense to see it and rebuke the proposition at the polls. But the recall election has cost the college town, the assailed officials and the opposition candidates a lot of money to settle a foolish question that ought never to have been raised.

J. Bruce Ismay, the manager-director and president of the International Mercantile Marine, transfers the blame for the loss of the White Star liner Titanic to Captain Edward Smith, the master of the ill-fated steamship, and other members of the crew. As none of those whom he charges with the responsibility for the wreck survived the great disaster, Ismay's representations cannot be disputed, but the story of the sinking of the great ship as related before the Senate investigating committee by himself and other witnesses whose testimony was taken has left an unpleasant impression on the minds of the public generally.

Bay State's Preferential Will Prevail.

The bad tangle in the Massachusetts primary election returns is plainly due to overloading the ballot with propositions and confusing a large number of voters. The tangle grows out of the disagreement between the presidential preferential vote and that cast for the State delegates at large to the National Republican convention at Chicago. It must be obvious to every fair minded citizen that the presidential preferential was the most important and the controlling factor on the ballot, to which all other propositions were subordinated, particularly that one relating to the voting on delegates at large.

Taft obtained a decisive majority as the choice of the people of Massachusetts for the presidential nomination at the National Republican convention. That the vote on the delegates at large did not accord with this expression of the electors shows conclusively that several thousands of the supporters of the President in the Bay State assumed that the manifestation of their preference on the ballot was sufficient and that marking their choice of the delegates at large was an unnecessary repetition. The confusion which has been created has, doubtless, grown out of their neglect to perform the double function in the preparation of their ballots.

It is the only common sense view of the situation that can be taken. Even Roosevelt, who would be the chief beneficiary if the vote on the delegates at large should be held to be the controlling factor in the declaration of the result, has felt incumbent upon himself, in defense of the presidential preferential principle which he was responsible for invoking, to renounce any claim for support from the eight delegates at large receiving a majority of the votes cast, and releasing them from their pre-election pledges.

It was Roosevelt who invoked the presidential preferential primary which was put in operation in Massachusetts on Tuesday; and he was "hoist by his own petard."

THE HARVESTER

—ST. LOUIS TIMES.

UNDER NO CIRCUMSTANCES

At Grand Rapids February 12, 1911, Colonel Roosevelt congratulated the Michigan farmers on "the likelihood that we shall soon have close reciprocal relations with the great nation to the north of us." In New York, on February 13, 1911, he was "glad" because his hearers responded to the appeal "to uphold the hands of President Taft. * * * in his effort to secure reciprocity with Canada." He added:

"It should always be a cardinal point in our foreign policy to establish the closest and most friendly relations of equal respect and advantage with our great neighbor on the north. And I hail the reciprocity arrangement because it represents an effort to bring about a closer, a more intimate, a more friendly relationship of mutual advantage on equal terms between Canada and the United States."

April 8, 1912, the Colonel having discovered that some of the farmers were sour over reciprocity, and being engaged in upholding its own hands, made this recantation, apology and promise:

"My desire was to support the administration on every point I possibly could, and at first I supposed that the reciprocity agreement was one upon which I could support it, and was glad to do so. I have looked into it carefully, and under no circumstances, so far as I have any power, will I ever sanction the reintroduction of such an agreement."

"Under no circumstances" is a formula of the utmost serenity and veracity to the Colonel. It is his oath by the Styx. The farmers whom he is trying to catch may judge the inviolable sanctity of the pledge by that more famous instance of it on November 8, 1904:

"Under no circumstances will I be a candidate for or accept another nomination."

Under no circumstances, in fact, will the Colonel be bound by anything he has said or promised. He makes no decision that is not subject to recall at his convenience.

CHILD AND THE MOTHER

Whether a child needs a mother's love or not is a question that has been raised by Justice Mareau, of the State Supreme Court of New York, in giving a father custody of a 9-year-old son, despite the frantic pleadings of the mother. In deciding that the mother should not be permitted to see the child, the judge said:

"A mother is not necessary to her child. All children are selfish. Their minds are on their own pleasures. So long as they have their toys and their enjoyments they are satisfied. Once away from the mother they quickly forget her. She affects their lives only as she can serve them. They grow just as well without her."

In much that the judge said there is truth, however hard it may be for mothers to admit it. In extreme youth, before companionship develops between a mother and a daughter, it is true that a child has its own selfish desires and has little patience with the parents who attempt to thwart these desires. There are many exceptions, of course, but it must be admitted that in the great majority of cases children below the age of 10 rarely forget their own interests in serving a parent. They are delightful little savages who love to be out of doors close to nature, and playing their own little dramas.

It has been demonstrated, frequently, that a child of tender years taken away from its parents quickly forgets them. That the mother is not absolutely necessary to the happiness of a very young child is undoubtedly true, but at this point the observations of the judge lose their force. A mother is necessary to her child. She may not be necessary to its happiness, but she is necessary to its proper development. Only a mother can give a child the care and constant watching that will protect its health, and the instruction that will develop its brain.

It was not merely the child that the judge should have considered. The child was essential to the mother's happiness. That fact no man can dispute or doubt. It is because the mother's love for her child is the most sacred thing on earth that the very thought of such a separation is abhorrent. The judge who decided the New York case used logic, but he was viewing the great question from the wrong end of the telescope.—Washington Post.

LAMBETH WARE

Ever since some Dutch potters settled at Lambeth about 260 years ago the pottery produced there has been prized. The ware was of that kind made in imitation of the Dutch delft with a tin glaze, having landscapes and figures painted in blue. The next step was that of Van Hamme, who in 1676 obtained a patent to produce "tiles and porcelain and other earthenware after the way produced in Holland, which hath not been produced in this kingdom."

Of course the porcelain mentioned was not porcelain, but, like his rival, Dwight of Fulham, he made hard, compact stoneware which in those days was called porcelain. For a century the business prospered until the Staffordshire men emerged from obscurity and produced that "pretty pottery," as the French call their salt glaze.

Meanwhile at Lambeth the potters manufactured various articles such as candlesticks, puzzle jugs, sack bottles, salt cellars, plates, dishes, pharmacy jars, etc. The most conspicuous wares perhaps were plates and dishes with portraits thereon, such as Queen Catherine of Braganza, William and Mary, Adam and Eve and such like pieces. Also those peculiar pieces called the blue dash dishes. Others again were armorial, such as the Leather Sellers Company.

But one of the most curious things which the Lambeth potters elaborated was to convey moral ideas in the way of proverbs and sententious sentences painted on their plates. A particular set of these is much sought after and a complete one is very rare. The full set is six, one of the following sentences being inscribed on each plate:

1. What is a merry man?
2. Let him do what he can.
3. To entertain his guests,
4. With wine and merry jests;
5. But if his wife do frown,
6. All merriment goes down.

As a proof of the scarcity and rarity of these plates it is only meet to say that the British Museum has only seven and they are made up of one dated 1734, another dated 1736, and five dated 1742. At Eaton Hall, Cheshire, a set is built into the wall of the entrance hall. It is many years since I saw them, but if memory serves me aright it is complete and was obtained from the factory where produced. Mr. Drane of Cardiff has a complete set. There is one at the Manchester Art Gallery (Greg collection), but defective. There are few complete sets. Collectors are only too pleased when they can piece them together even if of different years.—The Queen.

AN INTELLECTUAL TOREADOR

Another evidence of the supremacy of mind over matter was given the other day when President A. Lawrence Lowell, of Harvard, gracefully parried with his cane the onslaught of a bull and saved the life of Theodora, prize spaniel of the Lowell family. A less intelligent toreador probably would have butted his head against the bull's, thus reducing the situation to the old problem of an irresistible force meeting an immovable body.

The processes of reasoning, developed through long years in the study, the classroom, and on the platform, are not easily checked by the onslaught of a bull. In fact, no better illustration could be given in support of the frequently advanced theory that education pays. From the philosophy of ancient and medieval writers, President Lowell probably extracted a staple form of logic, which, fitted to his own personality, makes him the learned man that he is.

From the very outset of this adventure, proving the supremacy of mind over matter, the element of logic appears. In the first place, Theodora, the spaniel, was indisposed, and the learned college man knew that a short walk would do her good. That was the first evidence of logic. In the course of the walk Theodora and her master met a herd of cattle on the way to a neighboring abattoir, and paused to view the procession. This pause was, in itself, very logical. It is always better to pause when a herd of cattle is monopolizing the road. Then, logically enough, Theodora barked, and a bull charged on dog and master.

It was at this point that the college man demonstrated that it is better to have intellect than an armor-plate skull. A man without logic probably would have become angry and slapped the bull in the mouth, angering it still more. Or, he might have paused to argue the matter; or, with imitative instinct of the lower tribes, might have lowered the head and met the bull squarely, bonehead against bonehead. The logic of the college man, however, saved the day. He raised his walking stick, and with true aim smote the charging bull over the nose. Pushing Theodora to the rear, the learned man brought down the cane once more and then, parrying like a toreador, directed the next charge of the bull in such a way that the animal found itself right back in the midst of the herd, probably with a full realization of the superiority of the higher education.—Washington Post.

CHURCH MEMBERS VOTE AGAINST FOUR TRUSTEES

Building Committee of First Presbyterian Is Sustained by Congregation

Arthur L Adams and members of the building committee of the First Presbyterian church, were sustained last night at the referendum election of members of the church in closing contracts for the new church at the figure of $145,000 The action repudiates the objections made by Superior Judge F B Ogden and three other members of the board of trustees, who insisted that the price was too great and desired to place a limit of $125,000 on the construction of the house of worship

After Adams and his committee had received bids for the construction of the edifice, Harmon Bell, Judge Ogden, R L Stevenson and Herbert Lee were chosen members of the board of trustees, and they immediately took up the matter of the building and site of the church, reporting that the work could be done for $10,000 less than the amount named by the committee The meeting last night was for the purpose of putting the matter before the church members themselves.

Adams declared at the meeting that after the bids had been opened Ogden went around asking other bids, on which he based his report, and scored the jurist for the stand taken

"ACTED IMPROPERLY."

"I am not accusing Judge Ogden of acting from any improper motive," said he "But I do say that he did the improper thing His action resulted in a breach of faith on the part of the church with the contractors bidding on the work He violated the accepted standards of the business world, and placed the church in a position where the contractors will be able to say that we were 'playing horse' with them"

As a result of the trouble, according to Adams, one of the contractors desires to withdraw, explaining that there is factional trouble, and that under the circumstances, he does not desire the work This man's bid, according to Adams, was $3800 lower than any other. "It is probable that the church will lose this difference" said Adams, in discussing the situation

Judge Ogden explained that he considered it his duty to inform himself of the building situation, and that he took the plans and specifications to a prominent builder, asking an opinion He said that the cost named was $10,000 lower than the sum quoted in the contracts as accepted by the committee

The committee was appointed in January, with full power to act in the matter Several advisory committees assisted them in the work, and they had the full support of the old board of trustees

In April the new trustees were elected, and Judge Ogden and the others insisted on investigating the plans for the building Legally the board of trustees must sign contracts, the committee being, under the law unofficial, and on this ground Judge Ogden stated that he desired to know what was being done before acting The vote of the church members last night directed the trustees unconditionally, to accept the contract recommended by the committee, and this action can be enforced in court, should the trustees refuse It is not expected, however, that further trouble will result

MANY ARE PRESENT.

About 300 people were present at the meeting and the committee's action was ratified by a large majority George D Gray presented the resolution directing that the committee's action be sustained Prior to that a resolution introduced by the trustees, fixing the price limit on the work, was voted down

A number of bids, accompanied by certified checks were in the hands of the committee, and with the exception of the two lowest, these were sent back to the contractors, the committee stating that it did not desire to tie up their money uselessly Work on the excavation of the new church at Twenty-sixth street and Broadway has been started. The entire cost of the church including equipment, will be about $204,500

The money from the sale of the old church lot and other funds subscribed for the building, are now available, and the delay, according to Adams keeps this money idle "There is no use letting this money lie idle when it can be used at once," said he, "simply because of a disagreement There is always a disagreement when three people start anything We disagreed, and thrashed out this matter time and time again, and just as we had everything settled in a satisfactory manner the new members of the board upset the whole affair once more If we keep this up we will never get anywhere"

TO SAVE SITUATION.

It was after it was learned that Ogden had sought other bids that the committee notified the contractors that their bids had been accepted, putting the matter squarely before the church members, in an attempt to save the situation. By this time however, the contractors were dissatisfied and were reluctant to do business stating that they cannot reach a definite settlement when the church is rent by factional quarrels The action of the congregation is expected to do away with this objection, showing that the church as a whole will support its committee. The sentiment of the members was made known by a rising vote Rev. F L Goodspeed, pastor of the church, and Dr R C Gilson, president of the church society, also spoke, urging systematic proceeding.

The matter will probably come up at the next meeting of the church trustees, when it is expected that the contracts will be ratified

HUSBAND MADE THREAT, SHE SAYS

Mrs. Beatrice Kelley Declares That Spouse Flourished Revolver.

Mrs. Beatrice Kelley obtained an interlocutory decree of divorce from Fred Kelley yesterday, when she testified that her husband had threatened her and her sister with a revolver on one occasion when they were about to leave the house for an outing. She said that the trip had to be called off. In addition to that, she said that once he had knocked her down on a Los Angeles street

Elsye J O'Connell told her husband that she liked other men better, and then stayed out until 2 o'clock in the morning, according to a complaint for divorce filed by M. J. O'Connell.

Herman Meyer was suspected by his wife of a plan to take another woman on a trip to Santa Cruz while she stayed home, according to the testimony upon which she was awarded an interlocutory decree of divorce.

ALL-NEW BILL AT ORPHEUM IS STRONG MAGNET

MISS BESSIE LEE.

Crowded houses and enthusiastic audiences have been the feature of the attendance at the Orpheum this week. For the first time in the history of the local house every act on the bill is a new one and every act a good one.

Heading the list is Katherine Grey in "Above the Law" Miss Grey's reputation as an actress is an enviable one. She has appeared in company with the world's greatest actors and in the world's greatest plays Her appearance in vaudeville is regarded as one of the most valuable acquisitions of the year.

The Semus McManus players in "The Lad From Largymore" have scored a triumph in Oakland With Miss Bessie Lee and others in the cast the charming Irish playlet has proved a delight to local theater-goers.

The Stewart sisters and their escorts make up one of the best dancing acts seen here Wormwood's canines and comedy monkeys have pleased the children from six to sixty. On the bill also are the Mankichi Japanese gymnasts, Dorothy Kenton, banjoist; the Three Gladenbecks, a capital motion picture and special music by Conductor Kowalski's orchestra.

POLICE SERGEANT TO TRAVEL FAR

Frederick Schroeder Will See His Aged Parents in Germany.

Sergeant Frederick Schroeder, the biggest man on the Oakland police force and one of the best liked officers in the department, will leave tomorrow for a four-months' tour of Europe on a leave of absence, during which time he will visit his old home in Germany and once more the scenes of his childhood and rejoin his aged parents. The trip has been long planned, and Schroeder will carry with him the heartiest wishes of the members of the police department and a host of friends outside the ranks for a fine journey

Schroeder has been planning the trip for many years and saving for the eventful visit to the fatherland About a year ago the desired journey was in sight, and the sergeant began to make his arrangements for the trip and for obtaining a leave of absence.

Schroeder is one of the oldest members of the police force, his service stripes extending half way from wrist to elbow on his uniform He has not been in Germany since he was a boy, and the journey has been a dream of years on the part of the officer

Schroeder will leave tomorrow for Chicago, go from there to New York, and ship for Germany He will visit Berlin, his old home, and several German cities, and will also visit France and possibly Switzerland. He will be gone four months

Sergeant Schroeder is known as the "big man" of the force He is over 6 feet 3 inches in height, weighs about 375 pounds, and carries no surplus flesh. He has never used a policeman's club since he has been in the department, the massive strength of his hands alone having proved sufficient to control the most violent prisoner without injury to the man. He is recognized as one of the most reliable members of the force.

Sergeant Schroeder will be accompanied by Barney Egenberger the popular proprietor of the Berlin Cafe at Twelfth and Franklin streets. They sail on the Amerika next week

COUNTERFEITER GETS FOUR-YEAR SENTENCE

SAN FRANCISCO, May 2.—John Hayes and John Chambers, who yesterday pleaded guilty to counterfeiting, and who are considered among the cleverest criminals in their line ever captured in California, were sentenced in the United States District Court by Judge de Haven this morning to four years each on McNeil's island The pair were taken into custody in the mountains near Healdsburg by Secret Service Agent Statter. Chambers had taken up residence in a cabin in a forest and had ostensibly worked as a woodchopper. On his property there was found a forge and a complete outfit for making spurious coins.

TWO WOMEN KILLED BY ESCAPING GAS

WASHINGTON, May 2.—Mrs. Lola M. Burlingame, 33 years old, an invalid, was found dead in bed last night as a result of asphyxiation from monoxide gas, and her companion, Mrs. Stella Watson, 23 years old, died from the same cause soon after being discovered. A servant was taken to a hospital in an unconscious condition and is at the point of death. A defective flue was responsible for the escaping gas from a hot water heater.

Motherhood

The highest point of woman's happiness is reached only through motherhood. Yet the mother-to-be is often fearful of nature's ordeal and shrinks from the suffering incident to its consummation. In Mother's Friend is to be found a medicine of great value to every expectant mother. It is intended to prepare the system for the crisis, and thus relieve, in great part, the suffering through which the mother usually passes. The regular use of Mother's Friend will repay any mother in the comfort it affords before, and the helpful restoration to health and strength it brings about after baby comes. Mother's Friend is for sale at drug stores. Write for our free book for expectant mothers which contains much valuable information.

TIDAL WAVE WIPES OUT FIJIAN TOWN

Inhabitants Killed, Houses Are Destroyed and $100,000 Plantation Ruined.

VICTORIA, B. C., May 2.—The steamship Marama brings news from Australia of the tidal wave eighteen feet high which swept over the Fijian town at Funa Point, wiping out the village of eighty houses early last month. Trader McConnell's store, built of stone on cement foundations was completely washed away, not a vestige being left. Bert Lindsay, a resident of the island, writing of the disaster said:

"The copra plantation, which was valued at about $100,000 was ruined and the native village has absolutely disappeared from the face of the earth. The people were all killed or made destitute and the few survivors have nothing to eat. In the bush not a loaf is left on the trees and the mountains look as if fire had swept the island. The place was stripped by the force of the wind."

CARPENTER MAKES HIS OWN COFFIN

Coalinga Man Constructs Casket in Which He Expects to Lie on Side.

COALINGA, May 2.—J. F. Cook, a local carpenter, well known in Coalinga, is engaged at the present time on a task which many men would shudder at the very thought of performing—the task of building his own coffin.

Cook a week or so ago ordered the best redwood lumber that was obtainable in the town. He secured the coast redwood, which is considered the best of its kind, and which is said to withstand the ravages of time when buried at a great depth in the ground.

The "overcoat," as Mr. Cook calls the box which he is constructing, is about half completed. The finishing touches are to be left until the time comes when it shall be necessary to be used.

Regarding the manner in which he is to be buried, Cook also has original ideas. He is building his coffin in a little different manner than the usual casket, in that instead of lying flat on his back in it, he wants to rest on his side, with his head tilted up.

"I sleep that way," said Cook, "and I want to be buried that way.

"Do you think that you will need this casket soon?" he was asked.

"No, I don't, but at the same time I want to have it ready when I do. Lots of people think I am crazy because I am doing this, but I believe a man has as much right to take care of his body after this life as he has before."

Cook is a Kentuckian by birth and is 65 years of age and at the present time is in very good health.

He intends to arrange for a burial plot in the hills, as he has an aversion against being laid to rest on the flat.

The final arrangements for the disposal of the body he intends to entrust to a number of friends whom he knows will carry out his wishes to the letter.

WOMAN DETECTIVE HOLDS MOB AT BAY

CHICAGO, May 2.—Mrs. M. E. Holland, a woman detective, assisted by another woman and several men, yesterday held at bay a crowd of several hundred men and boys who sought to break down the doors of a barricaded saloon on the South Side.

Armed with revolvers, Mrs. Holland and her employes frightened away the crowd after several shots had been fired. The trouble resulted from a fight over a lease to the saloon building.

'MACHINE' COMES IN FOR REBUKE

Grant Thomas Takes Fling at Governor Johnson and Patronage.

SAN FRANCISCO, May 2.—Strong denunciation of the state political machine and its mouthpiece the Bulletin, is embodied in a statement issued yesterday by Grant Thomas of the La Follette headquarters as a result of the Bulletin's comments on the Massachusetts primary election. Thomas was formerly private secretar, for La Follette and has just arrived from Portland to take charge of the local headquarters. His statement follows:

The attempt of the local mouthpiece of the Roosevelt supporters to cast a stigma upon the friends of President Taft in the Massachusetts primaries as being allied with and under the control of what they term the Taft machine comes with mighty poor grace from those who using the power of the state patronage in this state as it probably never was used before save under the notorious boss, William F. Herrin, during the Southern Pacific regime.

It is common knowledge that Governor Johnson is using every power of official position and patronage at his command in his attempt to swing the votes of true progressives in this state away from Senator La Follette on the slim pretex that he in any event will go into the convention with a minority support on the first ballot.

This is not only a most arrogant attempt at usurpation of the individual's right to free ballot, but is, moreover, the fartherest possible department from the first tenets of true progressiveness which has for its foundation stone the right of each individual to express his free and unbiased voice upon all matters pertaining to government.

It is obvious that with the probability of a deadlock in the earlier ballots the strength of La Follette's position as being the only candidate who truly represents the great majority of the people in the fight against the encroachment of class interest will prove the deciding factor in the convention and will ultimately win the support of a majority of the delegates, who can not fail to see the trend of the times.

SOCIALIST TRAMPS ON AMERICAN FLAG

Seeks Revenge When the Red Banner Is Stolen During Parade.

SEATTLE, May 2.—The only exciting incident of the Socialist May day parade last night occurred when a man in Second avenue reached out from the crowd, tore the red flag from its staff, rushed into a saloon and escaped. The man carrying the American flag at once threw it into the street and jumped on it. He was knocked down by bystanders, who seized his flag and flaunted it from the curb at the paraders as they passed. The stolen red flag was of silk and valued at $50.

The announcement that the revolutionary Socialists and Industrial Workers of the World would march with the red flag drew a great throng of people to Pioneer place, where the parade assembled. At the head of the line was an amateur band, then a number of women, and then two men, one carrying the red flag on the right hand side of the procession and the second the American flag on the other side of the line.

The Mayor had refused permission to parade without the stars and stripes. Before the march started the red flag was waved in the air several times, evoking cheers from the crowd, while the American flag, when waved, was not noticed.

It is said that the seizure of the flag had been arranged for during the day, every detail having been planned. The paraders marched to Pike place, where they listened to addresses and dispersed. There were 860 men and women in the line. All the police reserves had been called out, but there was no disturbance except the flag seizure. No arrests were made. There was much jeering along the line of march at the Socialist band, which played the "Marseillaise" so badly that the air could scarcely be recognized.

FATHER AND SON MEET AS CONVICTS

Both Sentenced for Murder, They Are Brought Together in Prison.

RICHMOND CITY, Ind., May 2.—Nelson Fritts and his son John, both convicted of murder, the father a life convict and the son sentenced to be hanged in June, met in the office of the warden of the penitentiary here last night.

It was the first time they had met since 1900, when the father entered the penitentiary. John was then 6 years old. When the son was 17 years old he committed a theft which resulted in his being sent to the reformatory at Jeffersonville. Last year he killed a guard there and for this crime was condemned to die.

For a few minutes the elder Fritts refused to believe the young man was his son, but was finally convinced.

JAPANESE DELEGATES PLEASED WITH WELCOME

NEW YORK, May 2.—Japanese delegates to the International Red Cross conference at Washington are tickled over the hospitality accorded them all the way from San Francisco to New York. They said so earnestly yesterday at a luncheon given in their honor by the Japan Society at the Hotel Astor. The luncheon was set in the Belvidere room, which is part of the hotel's roof garden.

Ex-Governor Fort said the people of the United States were just as desirous of being friends with the Japanese as they are with us. The good relations between the countries shall and must be preserved. There is no reason why the sun of Japan and the Stars and Stripes of America should not control the Pacific peacefully together.

Mr. Togo interpreted Baron Ozawa, who said: "Words are inadequate to express our appreciation of the hospitality shown us. There is no reason for the suspicion on the part of your countrymen toward ours. I find here no trace of unfriendliness for Japan, and I know there is no unfriendly feeling for you back in our country."

SUCCESS WITHOUT HONESTY POSSIBLE?

Dean of Northwestern Law School Declares It Is Possible.

CHICAGO, May 2.—Professor John H. Wegmore, dean of the Northwestern Law School, addressing an audience of law students last night, gave several ingredients for what he called good legal pie.

"I have weighed them according to my experience, and some may think I have rated honesty too high," he said, "but if you have legal knowledge, industry and luck, you may be a success without having honesty.

"If you look on money as the measure of success, I would advise a buisness career instead of the law. About sixteen-twentieths of the lawyers in Chicago make from $1000 to $3000 a year. One twentieth make $4000; one-twentieth, $9000, and another twentieth make $6,600 or more. There are not over forty lawyers here who make over $10,000 a year."

Professor Wegmore said one advantage members of the legal profession had over business men was that their capital was in their heads and not affected by panics.

VERDI'S REQUIEM MASS TO BE SUNG AT BERKELEY

The presentation of Verdi's Requiem Mass, which will be given by the Berkeley Oratorio Society, under the direction of Paul Steindorf, and assisted by a grand opera orchestra of fifty chosen musicians, as part of the commencement day exercises of the university, at the Greek Theater, is already attracting much attention. Steindorf promises to more than duplicate the enormous success of the inspiring Verdi work on this occasion and to add one more splendid achievement to the brilliant record of the Greek Theater. He has engaged a quartet of soloists that include four of California's foremost singers. Mrs. Orrin Kip McMurray will be the soprano, Mrs. Carroll Nicholson the contralto, Carl Anderson the tenor and E. C. Lloyd the basso. There will be over one hundred and fifty voices in the chorus.

The following recipe for Raisin Day won first prize in open contest:

Soak 1 yeast cake in 1½ cups of potato water, mix in enough flour to make a stiff batter; beat five minutes. Let stand over night. In the morning scald 2 cups of sweet milk, into which put one rounded tablespoon Cottolene, 1 tablespoon salt, 3 tablespoons sugar. When milk is lukewarm mix with the yeast; add enough flour to make a stiff batter; beat about ten minutes, let rise. When sufficiently raised add 2 cups seeded or seedless raisins, mix; add more flour and knead until dough is smooth; let rise. Make into loaves and bake one hour. When baked wet top of loaves with sugar and hot water to prevent the crust becoming too hard.

BE SURE to bake your raisin bread with GAS. You will get the best results therefrom. GAS is the CLEANEST and BEST as well as the CHEAPEST fuel for all COOKING.

REPUBLICAN NATIONAL HEADQUARTERS OPEN

CHICAGO, May 2.—Republican national headquarters have been opened in a Michigan avenue hotel. Alexander R. Smith of New York City, assistant to Secretary William Hayward, will assume charge of the headquarters today.

Smith announced last night that no date had been fixed definitely for the meeting of the full national committee and the beginning of the hearing of contests.

OFFICERS MUST ANSWER.

PAPILLION, (Neb.), May 2.—Chief of Police John E. Briggs of South Omaha and Sheriff A. A. Hyers of Lancaster county were yesterday held to the Grand Jury on charges of killing Roy Blunt during the battle with bandits near Gretna March 18. John C. Trouton was exonerated.

LOCAL NEWSBOYS PROTECTED BY LAW

PASADENA, May 2.—An ordinance to protect local newsboys from competition with those from other cities has been enacted by the Pasadena city council and is in force today. The measure provides that all persons selling newspapers or periodicals upon Pasadena streets must have a permit from the chief of police. The ordinance was enacted to protect newsboys of this city from the encroachment of those from Los Angeles, especially, who have been coming here often of late to sell papers during the busiest periods.

WOMEN SUCCEED AS BALLOT CLERKS

Eleven Take Part in Counting Votes at the Alameda Election.

ALAMEDA, May 2.—"Women as election clerks in the Alameda election were distinct successes." This was the statement today of Colonel E. B. Bullock, president of the Alameda council, in discussing details of the city's first election in which women played an active part.

"We placed eleven women as election clerks in the different precincts of the city, two women together in some cases and one woman alone in others, and found that they went at the details of the office in thoroughly business-like fashion," Bullock stated. "Their acquaintance with the system of balloting was given them through the activities here of the Civic Center and other organizations and after the clerks had been instructed in the first place, they performed the work required in as experienced a manner as any of the men."

"We were furnished with fifty names by the Civic Center from which to select the women clerks. Out of that number we selected eleven and placed them in those precincts where they would be likely to have less difficulties. It was found that in every case the women were the first to appear at the polls to begin work in the morning, they were cautious and thorough in their work, they took their lunch time off as regularly as the men clerks, and went through the whole day without a bit of trouble of any kind.

"The same was true of the women voters, who numbered, I should judge, about 1200 out of the 4060 total. In my own precinct some 50 odd voted out of a total of 145. The clerks found that the women came to the booths, signed their names, took their ballots, and went about the whole proceeding as though they had been doing it for years. The majority of the women agreed to refrain from voting before 9 in the morning and after 4 in the afternoon, with the result that their heaviest polling was in the early afternoon when ordinarily things are the dullest.

"The whole election proved conclusively that there is no question of the success of women, either as voters or as election clerks. They showed the same business-like methods in their voting that men do and need no attractions of mirrors and tea, as some scoffers have claimed, to make successful voters."

The eleven women who served as the election clerks were the following:

Precinct 6—Mrs. E. O. Crosby.

Precinct 7—Mrs. E. Mayrisch, Mrs. Agnes Brewer.

Precinct 11—Mrs. W. W. Deming.

Precinct 15—Mrs. J. P. Forbes and Mrs. Helen Cornell.

Precinct 16—Mrs. J. A. Waymire, Miss Marion Murdock.

Precinct 18—Mrs. D. W. Collins, Mrs. J. D. Van Schoen.

Precinct 31—Miss Clara K. Rommel.

LAST HALF HOUR OF MUSIC SUNDAY

Minetti Orchestra to Give the Closing Concert of Semester at Greek Theater.

UNIVERSITY OF CALIFORNIA, May 2.—The half hour of music at the Hearst Greek Theater Sunday afternoon will be given by the Minetti Orchestra, an organization of half a hundred amateurs under the direction of Giulio Minetti. The program will be as follows:

Bazinni's "Sapi," the orchestra; violin solo, Walter's Prize Song from Wagner's "Die Meistersinger von Nürnberg," Miss Dina Moore; Asa's Death, from Grieg's "Peer Gynt" Suite, the strings only of the orchestra; recitative and polonaise from Thomas' "Mignon," Miss Jeanette E. Lamping; and Puccini's "Madam Butterfly," by the orchestra.

As the university closes on May the fifteenth and the Baccalaureate Sermon comes on the afternoon of Sunday, May 12, this will be the last half-hour of music in the Greek Theater this term. The next will be on June 13, the first Sunday after the opening of the summer session.

USED BAD LANGUAGE.

BERKELEY, May 2.—As an aftermath of the recall election of Tuesday, L. H. Lewars, vice-president of the California Ink Company and one of the leading figures in the recall movement, this morning secured the arrest of James Farrell, a housemover, on a charge of disturbing the peace. Lewars claims Farrell abused him with improper language when Lewars retorted to Farrel's jibes regarding the recall's defeat.

BERKELEY SOCIETY

BERKELEY, May 2.—Mrs. W. H. Gibbons received at an informal reception yesterday afternoon in honor of Miss Phoebe Binney, the fiance of Robert Harnden. Mrs. Gibbons is Mr. Harnden's sister, and the compliment was the only one which Miss Binney would receive before her wedding. The wedding follows close on the announcement of the engagement, and will be celebrated very quietly at the Graham home in Oakland next Sunday.

A reception was given at the home of Miss Marion Turner of 2117 Durant ave. yesterday afternoon to announce the engagement of Miss Edna R. Vergon, daughter of J. A. Vergon of 2617 Hillegrass avenue, to Robert E. Richard of Tonopah, Nev.

About 30 young people surprised Miss Ethel Wrampelmeier at the home on Piedmont avenue last Saturday evening, gathering as a farewell compliment to Miss Wrampelmeier, who goes abroad in a few weeks.

Mrs. Charles F. Weber was hostess at a charmingly appointed reception yesterday afternoon, honoring Mrs. D. E. Skinner.

Fraternity brothers in Theta Delta Chi were guests at the dance given Tuesday evening by Mr. and Mrs. Frank Buck at their home on Jackson street in San Francisco.

Jas. C. Dahlmann, serving his third term as mayor, Omaha, Nebr., again was successful in receiving the overwhelming support of the voters in the primary election. He also successfully rid himself of a bad case of kidney trouble by the aid of Foley Kidney Pills, and writes: "I have taken Foley Kidney Pills and they have given me a great deal of relief, so I cheerfully recommend them." What Foley Kidney Pills have done for Mayor Dahlmann they will do for any other person bothered with backache, rheumatism, or any other form of kidney or bladder trouble. Just try them for quick and permanent results. Wishart's Drug Store, corner Tenth and Washington streets.

ALAMEDA MOOSE WIN LAURELS ON MINSTREL STAGE

WILLIAM HAMMOND JR.

C. NORRIS.

ALAMEDA, May 2.—The Alameda Moose minstrels won a signal triumph last night on the opening night of their four days' season at the Park theater. From start to finish the performance was a big success and the audience, which filled the house, was pleased with every offering. The performance was under the management of Councilman William Hammond, Jr., who also served as interlocutor, assisted by A. T. Kalas, Phil May and J. J. Milvaney in charge of the properties and other stage departments.

The opening chorus introduced "Jungle Moon," "Girls, Girls, Girls," "Take It Nice and Easy," "Italian Serenade," "Honey Boy" and "When I Was Twenty-One and You Were Sweet Sixteen."

One of the big song hits of the opening night was "Mary," sung as a tenor solo by Jules Didier. M. F. Hrubanik, basso, was warmly applauded for his splendid effort. "The Horn." Tommy Branch, popularly voted Alameda's favorite minstrel end man, scored a fresh triumph with his end song "Over and Over Again."

"Oh, Mr. Dream Man," sang by Grover Wendland, was one of the most popular of the song offerings. W. Larue was one of the star soloists, scoring a regular ovation in "Goodbye, Sweetheart, Goodbye."

Eugenia Clinchard, an Alameda juvenile, gave a song and dance number which made the adult performers look well to their laurels. Dent and Young proved a talented team of song and dance artists.

The end men were equipped with a lot of rapid fire stuff and topical songs, and each was given a hearty hand. A fancy drill by a team of sixteen Moose under the lead of Captain W. R. Pritchard was one of the spectacular features of the show.

The show will be repeated tonight and tomorrow and Saturday nights. The complete cast is as follows:

Bones, Grover Wendland. Jack Mulvaney, Walt Woodside; tambos, William Pullen, Tommy Branch, Nelson Welburn; soloists, Jules Didier, J. L. Stern, M. F. Hrubanik, Edmund Hill, W. Larue; drill team, W. R. Pritchard, captain, F. O. Bittleson, Chester Bigler, R. F. C. Burns, R. F. Drolia, A. Griesmer, D. B. Hannah, R. H. Huston, W. H. Edwards, S. Lee, J. J. Mulvaney, W. A. Pullen, A. T. Soulsa, C. T. Seagren, S. E. Wood, A. W. Todd, H. L. Von Carlston; specialities, Eugenia Clifard, Dent and Young; chorus, Messrs. Todd, Horrisberger, Mellish, Wood, Huston, Chrisman, Bigler, Seagren, Norris, Hinds, Bruns, Ruth, Norton, Morgenstern, Reyes, Lee, Jeanett, Muller, White, Bittleson, Schenkel, Drolia and Caya.

Phil May and A. K. Kalas are in charge of the properties. The performance will be repeated Thursday, Friday and Saturday nights.

NEW ENGLANDERS WILL ASSEMBLE

Association of Down Easters to Hold Meeting in Alameda Tonight.

ALAMEDA, May 2.—The New England Association of California will hold the first "get-together" meeting at 8 o'clock tonight in the Alameda Chamber of Commerce, 2305 Central avenue. This meeting will be called to order by President Scott Smith of the State Association. A number of prominent persons will address the meeting.

There will be another meeting of the association tomorrow night at Hayward, and another is scheduled for next week at the Oakland Chamber of Commerce.

FORMER ALAMEDAN IS HERE FROM HAWAII

ALAMEDA, May 2.—Stanley Stephenson of Honolulu, a former Alameda councilman, was in town yesterday on a visit to his old home city. Stephenson formerly had a paint store on Park street. He went to Honolulu several years ago and is doing well in the Hawaiian city. He was a member of the Alameda council at the time a big fight was on over the granting of the San Jose avenue street car franchise. Charles S. Neal and Joseph Forderer were also members of the council. Stephenson left today for Los Angeles to visit his daughter, who is attending medical college in Southern California.

RECITES HISTORY OF THE NEWSPAPER

Professor H. Morse Stephens Lectures Before Unitarian Club of Alameda.

ALAMEDA, May 2.—"The History of the Newspaper" was the subject of an interesting lecture, delivered by Prof. H. Morse Stephens of the University of California, before the Unitarian Club last night. The entire life of the newspaper and its relations to society, business and politics was gone into.

Professor Stephens told of the days before the newspaper came into existence when the town crier was a paid official. He recited in a humorous way some of the incidents of the town crier's life and daily routine. The crier was followed by written proclamations, posted in conspicuous places, and then came the newspaper.

"The demand for news," said Professor Stephens, "is responsible for the beginning and the development of the newspaper."

The first newspapers were municipal propositions. Printed slips took the place of the now newspaper. They were distributed without cost and were also lacking in advertising. It was not for some years that advertising commenced in the newspapers, and like the papers themselves it has developed with their development.

"But it was the demand for news, news the desire to learn the gossip of the neighborhood and the town that resulted in the development of the modern newspaper."

Professor Stephens reviewed the history of some of the noted early newspapermen. Daniel Defoe, he said, the author of "Robinson Crusoe," was one of the ablest of the advance guard of newspaper reporters. The speaker paid great tribute to the man whose work has now become immortal, and is translated into almost every language.

He went into the details of the history of some of the big papers, dwelling particularly upon and referring frequently to the London Gazette.

Professor Stephens stated that he was not associated with the London Times, which association has been stated in any capacity other than a writer of special articles.

The address throughout was one of great interest and was received with enthusiasm by the members of the club.

COMMISSIONER ASSISTS IN CAPTURING THIEF

BERKELEY, May 2.—Commissioner John A. Wilson assisted in the arrest yesterday afternoon of Frank Lin Lou, 2118 Kittredge, a Chinese boy, for the theft of a bicycle. Lin Lou took the bicycle to Wilson, who, in proprietor of a bicycle repair and rental shop, and offered it for sale. Recognizing it as one he had sold a short time before to Homer Squires, Wilson summoned the police. The bicycle proved to be one stolen from Squires at the Y. M. C. A. earlier in the week.

DR. LORING MENTIONED FOR SCHOOL BOARD SEAT

Former Trustee May Succeed Morgan or Young at Berkeley

BERKELEY, May 2.—Dr. Ernest L. Loring, formerly a member of the board of education, is prominently mentioned as successor to Professor William Conger Morgan or Roy J. Young, the resignations of whom will permit the re-elected majority members of the board to choose their own colleagues. Dr. Herbert Briggs, library commissioner, who was one of the chief opponents of the recall, is spoken of as another possible choice.

Because of the continued illness at Fabiola Hospital of Mrs. Elinor Carlisle, the board faces a peculiar predicament. The resignations of Professor Morgan and Young would leave but two members of the school board in office, one short of a quorum. These two, John A. Wilson and Herman I. Stern, acting with one of the resigning directors, could accept the resignation of the other. This would reduce the membership of the board to three, and Wilson and Stern would find it impossible to accept the resignation of the minority member left nor to act alone if they did so.

The difficulty is further increased when the appointment of new members to the board is considered. With only Wilson and Stern left to appoint their colleagues the necessary quorum would not be present and such appointment could not be made. It is considered likely that both Professor Morgan and Young will remain on the board until Mrs. Carlisle is able to quit Fabiola. The length of her necessary stay there is problematical, but it is expected it will be several weeks before she can resume her official duties.

CANVASS ELECTION.

A canvass of the election figures by the city council this morning showed 100 more votes for Mrs. Annie Little Barry, making her vote the highest of the three recall candidates. The official figures follow: Bither, 3895; Wilson, 5752; Barry, 3934; Carlisle, 5692;; Haight, 3887; Stern, 5791. One vote each was cast for F. F. Bunker and for Professor Thomas H. Reed, one of the leading recall speakers, for school board membership. The candidates of the West Berkeley Socialist local received five votes each.

Miss Patterson, primary superintendent, made it known today that she had received promise of a position in Los Angeles and would go south to accept the place the first of the next term. Miss Patterson had been slated for dismissal by the majority directors triumphant in the recall election, on the grounds that her position was an innecessary one and that its abrogation would permit the economy to which they stand pledged.

Rumors that Professor Gilbert N. Brink, principal of the Berkeley High School, would quit his position as a result of the elections were denied by Brink this morning. Brink was engaged by Superintendent F. F. Bunker, whose incumbency will terminate as a result of the election, while assistant director of the Federal bureau of education in the Philippines. He succeeded Morris C. James, who is slated for the superintendency to succeed Bunker.

STERN'S STATEMENT.

Herman I. Stern, one of the three incumbents victorious over the recall, has followed his victory with a statement in which he characterizes his late opponents as "apparently a strange aggregation."

His statement follows in part:

"There are four elements that were in alliance against us in this recall fight. First, the so-called Goor Government politicians, opposed to municipal ownership, to the people's rule and to any radical change in our present economic conditions; second, the smart set of Berkeley, the 'best people,' the 'nice people'; third, the little coterie of university professors—not the wise, thoughtful ones—but the men who represent institutionalism and professionalism in its most aggressive, unyielding form; fourth, the big business interests, such as the public service corporations, the big real estate offices, those that are interested in new tracts and exploit the city in marketing them, and, possibly, the Southern Pacific. This element was especially personified in Mr. Bither. Thus we have the four angles, the political, the social, the intellectual and the material or economic or political conservation, aristocracy, bureaucracy and plutocracy, apparently a strange aggregation, yet to the student of history and of life not at all new or strange. They are the birds of feather that always flock together.

"It is perhaps too early to expect our defeated opponents to study the meaning of the fight and of its results. Probably they will never understand it in their present position. No one can who does not see before all else that it is not a conflict of personalities, but of principles, or, rather, of stages of social progress. Men are nothing more than passing personifications of these stages. They count as nothing compared with the vast relentless world conflict, of which our local eruption is a manifestation. Our friends cannot understand us because they have not yet reached our stage or standpoint, while we understand them because we formerly were in that stage, but have now passed beyond it. Over against their four 'ocracie we personify and represent democracy, not the theoretical, partial kind of Jefferson and Jackson, or even of Lincoln, but the militant hunger of the people that want the substance and are no longer satisfied with the form. The people want bread, not a stone, and they want possession of the sources of their bread. They want true popular government. They want the true aristocracy—the rule of the best. This is quite compatible with democracy; indeed, it is the heart and the outcome of democracy, the imperium in imperio. When we once have real equality of opportunity then the best will rule, not the worst, as now; for this is law and the survival of the fittest."

A series of ratification and congratulation meetings for the victors in the recall election is scheduled to follow Mrs. Carlisle's recovery from her recent operation. Chief among these will be a reception in honor of Mrs. Carlisle, Stern and Wilson, to be given by Mayor J. Stitt Wilson at the head of Ridge road. The Socialist local also plans a ratification meeting at about the same time.

TO GIVE SOCIAL TO AID CHURCH BUILDING FUND

MISS TERESA HAGEMANN.

The women of St. Lawrence's Catholic Church, High and Porter streets, will give a social tomorrow evening in Mutual Hall, Liese and Angelo avenues, Allendale. The purpose of the affair is to raise funds for the purchase of an organ. Refreshments will be served during the evening.

St. Lawrence's Church has recently been completed. The pastor, Father McHugh, is enlisting the services of the parishioners in giving entertainments to liquidate the indebtedness on the edifice.

The following named have been working hard in their endeavor to make the affair a success:

Elizabeth Carew, Eileen Burke, Miss Prullage, Miss Starsnich, Miss Teresa Hagermann and Miss Sullivan.

BOY WHO BEAT MOTHER ORDERED OUT OF TOWN

ALAMEDA, May 2.—Allen Richardson, arrested on complaint of his mother, Mrs. Encell Richardson, and charged with having severely beaten the aged woman, was released from custody today with instructions to leave town. The probation period is set at six months. Richardson is a youth of 19 years and is believed by some to be mentally irresponsible. No trace of insanity, however, appeared to be manifested when he had his trial.

PUPILS TO GIVE PLAY ANNUALLY

Berkeley High School Students Will Avoid Commercialized Drama.

BERKELEY, May 2.—The students of the Berkeley high school will give a play annually in the Hearst Greek theater at the state university, according to plans made yesterday. Only the best productions of the playwriters will be given and then only after a year's study and rehearsals on the part of the student actors.

The plans for the annual play were outlined yesterday before the students by Sam Hume, a graduate of the university. These plans include: No admission charge, the theater being thrown open to the general public; casts to be chosen on merit only, every student being urged to take part in tryouts; all costumes and properties to be made by the students.

MAKE OWN COSTNMES.

At the recent Shakespearian festival given in the Greek theater, all the costumes were made by the students of the high school sewing department; the young chemists dyed much of the cloth in order to give the costumes a richness which limited purses would not permit; students in the manual training department made all the properties.

These costumes and properties have been preserved, as will all others which the students will make.

Practically every student will have some share in the production of the play, according to Hume's plan, even if the student is not a member of the cast. Thus a taste for good dramas will be developed in the rising generation.

NO HIRED COACHES.

The money side of play production will not be in evidence as the students have agreed not to hire dramatic coaches, but in every sense to make the production their own, with the assistance of the faculty. Their orchestra will furnish music and young electricians will arrange the lighting effects.

Early at the beginning of next term students and faculty members will select a play—possibly by Shakespeare—for production in the following spring. Work will then start at once on preparing for the presentation of the drama.

Hume will present his plan to the students of the Oakland high school in a day or two in hopes that this and other schools will join in the movement to encourage the study and production of good dramas.

HONOR FRATERNITY ELECTS MEMBERS

Sigma Xi Names Two Women on List of More Than Score.

STANFORD UNIVERSITY, May 2.—The Stanford chapter of Sigma Xi, the scientific honor fraternity, has elected twenty-one new members. Dr. William Orphuls, professor of pathology, and Professor Ernest C. Dickson, an assistant in pathology in the Stanford medical department, are among the new wearers of the Sigma Xi, which denotes original achievement in some line of science.

Two women, Miss Florence Williams of Los Angeles, a graduate of the botany department, and Miss Eloise Jameson of Corona, of the chemistry department, are also numbered among the honored scholars. The list of new members from Stanford is as follows:

Medicine—Dr. William Orphuls, San Francisco; Dr. Ernest C. Dickson, San Francisco.

Geology and Mining—Robert S. Lewis, Mayfield; Stephen Taber, Richmond, Va.; Eugene C. Templeton, Palo Alto; William L. Walker, Monrovia; George E. Postma, Los Angeles; Hayes W. Young, Stanford University.

Chemistry—Dr. Maxwell Adams, Stanford University; Thomas B. Frens, Lawrence, Kas.; Charles M. Fulkerson, Xenia, O.; William N. Lakey, San Diego; Harry J. Sears, Palo Alto; Ralph C. Pollock, Palo Alto; Miss Eloise Jameson, Corona.

Zoology—Charles W. Metz, Sheridan, Wyo.; Charles H. Richardson Jr., Pasadena.

Entomology— David L. Crawford, Claremont; John H. Paine, Palo Alto; Carl E. Johnson, Los Altos.

Botany—Miss Florence Williams, Los Angeles.

WOMAN ATTACKS HER CHILDREN

Mrs. Anna Dutro, After Brooding Over Husband's Death, Grows Violent.

HAYWARD, May 2.—As the result of brooding over the suicide of her husband Mrs. Anna Dutro, arose this morning and said that she was going to hunt for the dead man. When implored not to do so by her fourteen-year-old daughter, Mary, the woman picked up a heavy club, attacked the girl and her two younger children.

The screams of the daughter attracted neighbors, who succeeded in subduing the woman, and Constable William Ramage took her to Oakland. She will be charged with insanity.

Although the children were not seriously injured, they were badly bruised by the beating administered by their mother.

STRIKES MATCH AND FALLS INTO THE BAY

SAN FRANCISCO, May 2.—R. J. Neill, who lives at the Capitol House, walked out on Howard street wharf this morning to sit in the sun. He placed himself with his back to the water and raised one foot to strike a match and light his pipe. This was too much for his equilibrium and he fell backward into the bay. Several employes of the wharf picked him out and took him to the Harbor Hospital. He had swallowed a quantity of water and suffered considerably, but it is believed he will recover.

TAFT RALLY TO BE HELD TONIGHT IN BERKELEY

WALTER GOMPERTZ.

WINFIELD SCHMITZ.

BERKELEY, May 2.—With red fire, music and excellent speakers the campaign for President Taft in Berkeley will open tonight in a monster rally at U-No Pavilion on Allston way, between Milvia street and Shattuck avenue. The meeting will marke the permanent organization of the Berkeley Taft Club which, although but temporarily organized to date, has already secured big results.

Frank H. Short of Fresno county and Congressman Ralph D. Cole of Ohio will be the chief speakers this evening. The meeting will be opened by Colonel Charles Mifflin Hammond and James M. Koford will act as chairman. A group of prominent business and professional men of Berkeley and members of the University of California faculty will act as vice-presidents. Berkeley girls will assist Mrs. Millicent Black as ushers.

BITTEN BY DOG.

BERKELEY, May 2.—Dr. H. S. Martin complained to the police this morning that his son, H. S. Martin, Jr., had been bitten by a dog while on his way to school. The dog was said to be owned by Albert Miller of 2520 Dwight Way, and was taken in custody by the pound-man. Dr. Martin resides at 2629 Grant street.

WIFE SLAYER AND BURGLAR APPEAR

John B. Rider and Fred Ward Are Examined in Berkeley Court.

BERKELEY, May 2.—Judge Robert Edgar's court, usually the scene of trials and hearing on nothing more serious than misdemeanors or unimportant felonies, saw two important preliminary examinations this afternoon. John Bruner Rider faced hearing for the killing of his wife, and Fred Ward, who was shot as he emerged from a home he had entered in the College avenue district, was charged with burglary.

Ward had recovered sufficiently from his wounds to make his appearance in court. He was shot a week ago by Dr. C. J. Frederick and others as he ran from Frederick's residence at 3036 College avenue. He has been confined to Roosevelt Hospital since that time.

Rider was brought here from Los Angeles Saturday by Detective Henry Jamison following his arrest in the southern city. The police are in possession of his confession, in which he tells how he shot his former wife, Mrs. J. B. Bigelow, at her residence on the Oakland-Berkeley line last January. Rider declares he went to her home to see his children and that the thought of her being married to another man unseated his reason and he shot her. He denies he went to her residence with that purpose.

CLUB CONFERENCE COMMITTEE BUSY

ALAMEDA, May 2.—Alameda center of the California Civic League has been extended an invitation by the conference committee of the Alameda Improvement Clubs to be represented in that body, and the matter of appointing delegates will be taken up at the next meeting of the center.

The conference committee at its last meeting went on record as being in favor of the Neptune Gardens project and decided to do all in its power to boost the enterprise.

The matter of arranging some sort of celebration for the Fourth of July was also taken up.

An invitation from the civic center to have speakers at the next meeting, Tuesday evening, when commission form of government will be discussed, was accepted.

The public utilities committee was instructed to wait on the officials of the Peoples Water Company in an endeavor to obtain a better water supply for the city.

WILLIAM SALE DIES AFTER SHORT ILLNESS

ALAMEDA, May 2. — William Sale, a well known Alameda resident, died suddenly this morning from appendicitis, passing away at the Sale home, 1118 Union street, after an illness of two or three days. His daughter, Mrs. Charles Stewart Ayers (Evangeline Sale), reached home last night from her honeymoon, having been hurriedly summoned from the Santa Cruz mountains by news of her father's fatal illness.

Sale leaves four daughters—Mrs. Tracy Plant of Stockton, Mrs. Albert De Rome of San Francisco, Mrs. Louis Gilbert of Alameda and Mrs. Ayers. Sale was 77 years of age. He retired from active business a number of years ago.

ENCOUNTERS EXTREMES.

ALAMEDA, May 2.—Friends of Halvor Hauch are in receipt of messages today from the East. He told of the hot weather he had encountered in Fort Smith, Ark., and St. Louis, but at the time of writing he found himself nearly frozen in Chicago.

N. D. G. W. ENTERTAIN.

BERKELEY, May 2.—Native Daughters of Berkeley parlor, No. 150, entertained several hundred persons at their annual ball last evening at Masonic Temple. The affair was one of the most successful yet given by the lodge.

Mrs. David Frances Selby will give a tea Thursday, May 9, in honor of Mrs. Harry E. Wilcox of Minneapolis, who is paying a two months' visit to California. Mrs. Selby has sent out over one hundred invitations and will be assisted in receiving by several young matrons of this city.

LARGE TEA TODAY.

Mrs. Frank Monroe Greenwood, assisted her her daughter, Miss Marion Greenwood, received today at a large tea which they gave at their attractive Montecito avenue home. Many prominent bay city folk were present.

BEAUTIFULLY PLANNED WEDDING.

Christ Episcopal church was thronged with friends last night when Miss Tosca Bruntsch became the bride of Dudley Sales. Easter lilies and sprays of fern with dozens of roses decked the altar and aisles. The bride was given away by her mother, Mrs. Carl Bruntsch, of Alameda.

Mr. and Mrs. Sales will spend their honeymoon on the Atlantic seaboard and will make their home in San Francisco upon their return to California. Sales is the son of Judge Dudley Sales of Denver, Col. He is a graduate of Stanford University, later completing his course in law at Harvard. He is established in his profession across the bay.

MILLS ALUMNAE TO MEET.

Mrs. Frank J. Woodward will throw open her Berkeley home today for the members of the Berkeley branch of the Mills Alumnae, who will be hostesses for the afternoon. Nearly 200 cards have been issued.

WEDDING LAST NIGHT.

Miss Alma Ward and Emory Evans Smith plighted their troth last night at the home of the bride's parents, Mr. and Mrs. L. F. Ward in Fruitvale, Rev. T. H. B. Anderson of the Methodist Church, who officiated at the wedding of the bride's parents years before, read the marriage service. Miss Helen Button of this city was maid-of-honor and E. O. Slater of Los Angeles was best man.

The bridal gown was of heavy ivory satin with an overdress of embroidered chiffon. A cap of pearls and orange blossoms and bouquet of lilies-of-the-valley furnished a charming costume.

Miss Button wore pink satin draped with embroidered chiffon of the same color and carried a shower bouquet of Cecil Brenner roses.

The couple, after their return from their honeymoon, which they will spend in the South, will live in San Francisco.

FAREWELL EVENING.

Mrs. Charles Clark of Manila was guest of honor last night at a farewell evening given by Mrs. Hough, wife of Dr. Hough of the United States navy recruiting station in San Francisco. The affair was given at the Carlton Hotel.

WEDDING NEXT SUNDAY.

Miss Phoebe Binney's wedding with Robert Harnden on next Sunday afternoon will be attended by only the immediate relatives and a few close friends. It will be solemnized at the home of Mrs. Edward Graham. Miss Alice Graham will be the bride's only attendant, and Christopher Dowling will be best man.

Harndon and his bride will make their home in Berkeley, where both have a wide friendship circle.

AT BRIDGE YESTERDAY.

Miss Irene Farrell's bridge party yesterday for Miss Elizabeth Orrick was a pretty affair enjoyed by Miss Harriet Stone, Miss Marian Stone, Miss Margaret Graham, Miss Grace Graham, Miss Dorothy Taft, Miss Margaret Moore, Miss Camille Marshall, Miss Linette Mauvais, Miss Charlotte Morrow, Miss Marjorie Coogan, Miss Bina Moseley, Miss Grace Downey, Miss Marie McHenry, Miss Myra Hall, Miss Eleanor Parker, Miss Clarissa Lohse, Miss Leila Ewing, Miss Bernice Bronson, Miss Anna Englehardt, Miss Nadine Bolden, Miss Mildred Boyle, Miss Dorothy Taylor, Miss Madeline Clay, Miss Carmen Sutton, Mary Englehardt; Mrs. Edward De Laveaga, Mrs. Frederick Vickery, Mrs. David Oliphant, Mrs. John Van Sicklen, Mrs. Frederick Farnum, Mrs. Harry Taylor.

DINNER HOSTESSES.

Mrs. C. P. Goddard was hostess recently at a dinner for twenty guests.

Another dinner hostess was Miss Helen Nichols, sister of Mrs. Robert Hayes Smith, who entertained twenty guests.

TO GIVE LUNCHEON.

Miss Madeline Clay has issued cards for a luncheon on the afternoon of May 7 for Mrs. Jack Van Sicklen (Sue Harrold) who has returned from her honeymoon and is established in her new home in Piedmont.

WOMAN, SMOKING, AMAZES MAYOR

Executive of Louisville Could Hardly Believe His Eyes; She Had Cigar.

LOUISVILLE, May 2.—Mayor Head received a shock when he entered his outer office at the city hall and saw a woman of middle age seated in an easy chair near one of the Jefferson street windows, calmly puffing away at a 10-cent cigar. When he asked for an explanation he was told by the woman, who gave her name as Hilda Gillman, that she was simply "settlin'" her nerves. The cigar had been given to her by John Ware, the mayor's stenographer, in an effort, he said, to keep her quiet while he searched a map for Newtonville, Ind., preparatory to supplying the woman with an order for transportation to that point, which she said, was her home.

Accompanied by two policemen the woman entered the mayor's office soon after the arrival of Mr. Ware, who had been picked up the night before at Floyd and Pearl streets, and expressed a desire to get out of town. Rather than keep her a charge on the city the policemen thought it advisable to supply her with transportation and escort her to the mayor's office for that purpose.

She had no sooner seated herself, according to Mr. Ware, before she asked for a pipe and tobacco. When told there was none about she started on a run from the office, but was caught by the policemen and returned to a chair. It was then that Mr. Ware offered her the 10-cent cigar, which she promptly accepted and proceeded to light.

When the mayor arrived the room was filled with cigar smoke, and the woman was flicking ashes from her cigar with the dexterity of a man. When she had half consumed it she extinguished the fire by pressing the lighted end against the window sill. She then put the stump of the half-smoked cigar into her pocket, exclaiming that she would finish it on the train. Just before she left Charles C. Foster, the mayor's secretary, entered and, learning of her fondness for cigars, gave her one almost as big around as a man's wrist and half a foot in length. It had been sent to him from Cuba. She accepted it with thanks.

WAITER RUNS WHEN HELD UP BY THUG

SAN FRANCISCO, May 2.—Otto Rusher, a waiter at the Palace Hotel, living at 765 Pine street, was held up at Pine street and Grant avenue early this morning by a lone highwayman. The robber, at the point of a pistol, ordered Rusher to throw up his hands, but instead of complying he fled and the footpad ran in an opposite direction.

SOCIETY BELLE IN AUTO CRASH HAS CLOSE CALL

Miss Josephine Parrot Drives Machine Into Depot at Burlingame.

SAN FRANCISCO, May 2.—Josephine Parrot, a society belle of the Burlingame set, drove a ninety horse power automobile running at 30 miles an hour against the Burlingame railroad depot yesterday afternoon and lives to tell the tale. One of the big arches of the station was torn away by the impact. The automobile, which is the property of Felton Elkins, is almost a wreck, yet Miss Parrot and Edward Karrigan, a chauffeur, who was teaching her to drive, escaped with a few minor bruises.

Miss Parrot had been at the Burlingame Country Club for the golf during the afternoon and drove to the station to meet young Elkins, who was to arrive on an early afternoon train from the city.

The chauffeur allowed Miss Parrot to have the wheel and was instructing her about driving. He threw the clutch over and the machine sped along at about thirty miles an hour. As the ivy-covered Burlingame station was approached she forgot how to stop, and before the chauffeur could take the wheel the car crashed against the depot.

Suffragists in Row

NEW YORK, May 2.—The cavalry division that is to participate in the suffrage parade Saturday nearly split on the question of how the horses shall be ridden, and for a time the plan to have 100 horsewomen head the parade it was thought must be abandoned.

The extra militant branch was all for riding astride. What was the parade for, said they, except to show that women could do pretty nearly everything that men can do just as well as men.

On the other hand, some blushing women said their idea of the proper attitude of the advocates of votes for women was one of gentle femininity.

The battle of habits grew close to anger. The advocates of the side saddle at last announced that they would stay out of the parade rather than use cross saddles.

It was finally decided that riders might use either kind of saddle. In the parade there will be two squadrons. The astride riders will be in the first division, ladies of the old-fashioned flowing habit will ride in the second or side-saddle division.

Mrs. Knoblach, who will ride at the head of the parade, intends to hold the parade whether it is fair or the rain is pouring in torrents. The parade will disperse at Carnegie Hall, where all the participants will assemble.

Woman His Accuser

LOS ANGELES, May 2.—John Day, versatile Beau Brummel of newspaper men in the Pacific Northwest, and former president of the Portland Press Club, who cut a wide swath in society here a few months ago, was arrested yesterday in New York on complaint of Mrs. L. M. Lazche of this city, who has been unable to realize on a check for $150 she cashed for him. A detective will be sent after him and the district attorney will prosecute him.

Day married Miss Charlotte Adkins at the Hotel Alexandria February 17, after a swift courtship, and four days later dropped out of sight. The bride missed all her money and jewels, a large amount in the aggregate, at the same time.

Day negotiated checks that did not pass muster in Portland and Tacoma. Here he represented himself as press agent for the Astoria Centennial and the Oregon State fair, registered at the best hotels, and was such a good mixer that he made many friends, especially among society women. The wedding of himself and Miss Adkins was a brilliant affair, with many prominent guests. When he left a hotel bill of $109 for himself and wife remained unpaid and the Alexandria management had several worthless checks on its hands. Day was originally from Minneapolis.

May Wed at 14

ATLANTA, Ga., May 2.—The legal marriageable age in Georgia for boys is 17 years and for girls 14 years.

A 16-year-old boy cannot legally enter into a marriage contract, but should a youth of this tender age marry and live with his wife until after his 17th birthday, the illegal wedding is automatically ratified.

This is the effect of the decision of the Georgia Supreme Court.

At the October term of the Macon Circuit Court Mrs. Willie A. F. Powers was granted alimony and attorneys' fees. Her husband, F. H. Powers, took exception to the court's judgment and appealed to the Supreme Court for a reversal on the ground that he was but 16 years of age when married, and therefore the marriage was not legal.

In its opinion, the Supreme Court says: "The marriage of a boy in his 16th year, although declared by the code to be void, may nevertheless be ratified and confirmed by continuing, after arriving at the age of 17 years, to cohabit with his wife as such.

"The judge did not err in awarding temporary alimony and attorneys' fees to the plaintiff below, it appearing that she and the defendant were in a bona fide state of separation at the time of the application for alimony and at the time judgment was excepted to."

Horsewhips Man

SAN JOSE, May 2.—Angered by the dismissal in the police court this afternoon of a charge of improper conduct toward her 7-year-old daughter, Mrs. Charles Fuller, wife of a hotel proprietor, horsewhipped P. M. McDermott, Southern Pacific station agent at Alviso, on the steps of the city hall before a large crowd as he was leaving the courtroom. McDermott took the lashing, which consisted of four or five blows over the head, before he could make his escape. Mrs. Fuller's husband was about to take a hand in the conflict when Attorney Leo Archer, who defended McDermott, prevented Fuller from wielding the whip which he took from his wife.

Women Save Flag

NEW YORK, May 2.—The Stars and Stripes were torn down and trampled under foot, and a red flag substituted during a fierce fight at a May day meeting of the Socialist party and affiliated unions in Union Square park yesterday. That a serious panic did not ensue is believed to have been due to the fact that thousands of persons in the outskirts of the crowd did not know what the trouble was.

Responsibility for the tearing down of the flag is disclaimed by the Socialists, who assert that members of the Industrial Workers of the World committed the act. The Socialist representatives on the platform appear to have done their best to protect the national colors.

When the big American flag finally was hurled to the ground, Miss Caroline Dexter, a Socialist, a tall, muscular woman, elbowed her way to where the fallen banner lay. "Men like you should be shot!" she cried, as she gathered up the flag. She met no resistance, and carried the flag home with her.

Second in Family

NEW YORK, May 2.—A baby girl has been born to Ethel Barrymore, who off the stage is Mrs. Russell Griswold Colt. At the Colt country place at Taylor's Point, Mamaroneck, it was said that both Mrs. Colt and the child are doing remarkably well. The girl is the second child to be born to Mrs. Colt. The first, a boy, was born on November 28, 1909.

HOTEL REGISTER STOLEN.

SAN FRANCISCO, May 2.—Some one interested in divorce proceedings or in litigation of one kind or another is believed to have been responsible for the theft of the register from the Hotel Nevada, 825 Van Ness avenue, last night. Charles Pratt, the proprietor, notified the Bush street station this morning that a burglar had broken in and taken nothing but the hotel register. The fact that this could be of no value save as a record for the hostelry convinces the detectives that some one in search of evidence was responsible for the theft.

SELF CONTROL

By LILLIAN RUSSELL

THE control of self is perhaps the most difficult problem we have to meet. To be master of self means the control of muscles, thoughts and actions. The power of being still and resting. Self-mastery does not mean activity, so much as it means abstinence. Here I mean abstinence literally—to abstain from hurry, lassitude, trivialities and temper. In doing anything athletic that counts we should relax and rest before calling upon the muscles for the final effort. That is self-control. In the moral sense we should control any desire for revenge, love our opponents, thank our failures and hardships, accept them as lessons, start again and again, until success is gained.

A writer of athletic rules says: "He who can maintain deep and full and rhythmical breathing cannot be angry, cannot worry, he regulates the circulation in his brain, he regulates the state of his solar plexus, he cannot lose his self-control." Women use up far too much vitality in doing little things. I have seen women who declared that they were relaxing and resting when they were tapping their feet, clenching their hands, tightly folding their arms until the circulation stopped and numbed one of them.

Any movement of the toes or fingers while resting shows mental nervousness and worry. Now to master the thoughts one must stop thinking of anything that is anxious or unpleasant. That can be done, although some will say that it cannot. To be perfectly still for a few moments is trying to some people, but it is necessary. No one rests perfectly unless one stops all action in limb and thought. Relaxation can be accomplished in any sort of work, by doing it easily and systematically. Women should study relaxation and self-control to keep young and beautiful. Over-anxiety causes flushed faces, pale lips and indigestion. Nervous diseases are caused by overworked brains or overstrained resistance.

The woman who suffers and says nothing—unless, of course, she has much faith in God—will end a nervous wreck. It is not natural for people to keep secrets. The natural woman must tell her troubles to some one—that is the law of nature—not necessarily for sympathy, so much as for relief. The families who stint themselves to live showily are bound to end badly. Self-control and self-mastery in such a case would compel them openly to avow extravagance, and bravely, by living down to their income, they would be happier, more beautiful and honest to themselves and their friends. The beauty of self-mastery is bravery of the noblest kind. Remember, self-mastery is the control of actual and mental vision.

Answers to Queries

M. B.—To develop the calf of the legs, sit on a chair with the feet flat on the floor; press forward, throwing the weight on the ball of the foot; press hard against the floor. Relax the foot and repeat many times. Do not wear shoes while doing this exercise. To develop the arms, massage with warm cocoa butter. Grasp the arm either at the wrist or the shoulder and massage with the wringing, twisting motion. Do not do this too hard.

D. L. E.—I do not believe, if one lived properly, one would ever have a cold, but when the system becomes overfull and clogged with useless matter it has to have some outlet, and a cold develops. But drink plenty of water, not only in the time of a cold, but as a regular, daily habit; avoid rich pastry and highly spiced foods; do not overload the stomach; live in a constant supply of fresh air, and you will find that colds are few and far between, and even though contracted, are easily and quickly gotten rid of. If you send me a stamped addressed envelope, I shall be happy to send you the bust developer.

MOTHER'S QUERY.—I feel that the more the elder overlooks and glosses over his own faults the less correction will the younger take from him without resentment. For there is no denying the fact that the day has gone by when we revere our parents merely because they are our parents. Many deplore this fact and feel that the world has gone back a step or two, but to me this attitude bespeaks the dawn of a more responsible age. We simply cannot keep our children's respect in this generation unless we are worthy of it, and this will hold true for many a year to come. A comprehension of this fact will help parents to be more just and conscientious in bringing up their children, and when these same young people have the respect of their elders that only consistency fosters we will no longer have reason to complain of the lack of reverence and the boldness of the rising generation. It is not natural for parents to like to acknowledge that they are at fault, but we must open our eyes to the truth if we are to train our children to be more respectful than their playmates.

RUTH L. Mc.—If you send me a stamped addressed envelope I shall be happy to send you the exercises for developing the neck. Neatness and taste in dressing the neck have a most salutary effect upon a woman's looks. A bit of white should almost always be worn about the neck and wrists. Nothing gives a more exquisite touch of gentility to a person's appearance than these little items. I am always careful to observe them.

ETHEL G.—If your circulation is poor, take plenty of exercise. This will help a good deal. The following formula is excellent for reducing either a fat face or hands: Two ounces camomile flowers, two ounces dried poppies, and three quarts of water. Crush the poppies and camomile flowers fine, then pour the water over them, let this boil for ten minutes, then take it off the stove. Steam the face or hands, whichever it may be, over the kettle for ten or fifteen minutes. If steaming the face you must put a bath towel over the head to keep the steam from evaporating too fast. This same water may be reboiled two or three times during the same day by adding a quart of water at each boiling. But it must be made fresh each day to do effectual work. After steaming either face or hands they should be cooled off by applications of cold water, to which has been added a little witchhazel.

OAKLAND'S BOYS AND GIRLS

OAKLAND SCHOOL DEBATERS WILL COMPETE

The fifteenth annual Oakland-Berkeley High School debate will be held tomorrow evening at 8 o'clock in the Berkeley High School auditorium, Allston way and Grove street. The question to be debated is "Resolved, That the United States Would Be Justified in Permanently Occupying Cuba." Berkeley High School will uphold the affirmatives.

Lloyd Cobbledick, Oakland High's debating manager, has announced that Walter J. Burpee, assistant district attorney of Alameda county, and formerly an Oakland High debater, will preside during the evening.

The judges will be selected from R. H. Pendleton of the Oakland Civil Service Commission; Prof. M. C. Flaherty of the University of California and Prof. F. A. Treat of Stanford University.

The affirmatives will be upheld by George Cunningham, leader; Ray Clayton and Arthur Wendering of Berkeley High. On the negative are Harry French, leader, Harold Plote and Howard Schaefle of Oakland High. No admission will be charged to the debate. The winning team will be awarded beautiful gold medals. To date, Oakland has won the first seven debates, with Berkeley taking the last eight.

TO GIVE DANCE AND PICNIC.

The Senate and Ecclesia Debating Societies of the Oakland High School, will give a picnic and dance on Saturday, May 18, at Grant Canyon in the hills near Richmond. About 200 invitations will be distributed. About 200 invitations will be Miss Gertrude Quinn, Miss Hazel Bailey, and Miss Anna White and Howard Schaefle, James Shields and Martin Goldberg, chairman.

The High School Seniors of Oakland High School will give a reading concert in Chabot Hall on Friday, May 10, at noon. The O. H. S. band, orchestra and other musical organizations will be in attendance. Only the latest popular "hits" will be rendered. The concert will be given for the benefit of the class Aegis. On the committee-in-charge are Herbert Main, John Cooper and Waldo Rucker.

Florence Holmes, a former student in the Oakland High School, who recently left this city for Portland, has registered in the Portland High School, where she is winning a reputation for her art work. In the local institution she made an excellent record in drawing. Many of her sketches have been viewed by critics, who have praised her work. She was a member of he skotch club of the Oakland High School and often posed for her colleagues in that society.

The young artist is the daughter of Mrs. Edith Holmes, who is an active member of the Oakland Club and the West Oakland Home.

POET BROOKS TO BE SPEAKER AT FREMONT

Fred Emerson Brooks, poet, humorist and story-teller will entertain the students of the John C. Fremont High School tomorrow evening in the auditorium of the school in Melrose. About twenty years ago he made a visit to the coast and delivered a number of addresses before the high school pupils. Numerous requests have been made upon him for lectures. No dates for future addresses to be delivered here have as yet been announced.

The boys and girls of the John C. Fremont High School have planned a welcome for the distinguished visitor, whose work has received the endorsement of Chauncey Depew, former President Theodore Roosevelt and William Sheridan.

The proceeds derived from the sale of tickets will be placed in the scholarship fund.

DELAWARE PEACHES SUFFER FROM FROST

WILMINGTON, Del., May 2.—State Horticulturist McCue, who is connected with the Delaware College Experiment station at Newark, Del., yesterday announced that he had been advised of serious damage to the peach crop by the recent cold snap. The buds were well advanced throughout Delaware and the eastern shore of Maryland. The percentage of loss has not yet been learned.

Professor McCue issued a statement urging growers to save whatever yield of peaches they may have by spraying. As the peach industry is now being revived in Delaware after severe ravish by the "yellows" the damage by the cold is unfortunate.

DESTRUCTION RIDES ON CREST OF THE FLOOD

MAD RUSH TO ESCAPE TORRENT

Screaming Women Lead in Flight From the Onrushing Water in Louisiana

Death May Be Result When River, Released by Levee, Reaches Interior

TORRAS, La., May 2.—Women screaming and men shouting as they hurried into their homes and seized their children and valuables in their mad efforts to reach places of safety, and the stampeding of animals turned loose by their owners to seek safe places, were some of the chaotic conditions that prevailed in Torras last night when the alarm was sounded that the levee at the junction of the Old and Mississippi rivers had given way.

Although it had been known that several weak spots had developed, little attention had been paid to this by the citizens of Torras and they were caught unprepared. Within a few minutes after the break had become known the town's people were in a panic.

Before the streets were entirely submerged a majority of the inhabitants had reached places of safety. Three hundred women and children were placed aboard a freight train which had just arrived in Torras. These were taken to a point below here

DEATHS EXPECTED.

No loss of life has been reported, but it is said some fatalities may occur in the interior, as the water is rushing through the country so rapidly that sufficient warning may not reach those living in districts remote from wire communication.

Millions of dollars of loss will be caused by the devastation of some of the most valuable farms and plantations in the state, it is feared, by this new crevasse.

RELIEF RUSHED.

Relief was rushed from every direction today to persons in the flood territory affected by the crevasse. From many river points steamers and gasoline launches arrived and five trains came to take aboard refugees and livestock.

In anticipation of a levee break the railroad companies had placed cattle cars at all sidings south of Torras, and these are being loaded and moved to high ground. At Leitsworth and other small towns men, women and children welcome the opportunity to share cattle cars with their cows and horses.

Couriers rode all night through the lowlands south of here warning persons who are without telephone connections. During the morning no word was received of loss of life, although several hundred head of cattle were drowned.

The flood waters from the new crevasse will inundate sections of eight parishes, but will be most destructive in Pointe Coupee, West Baton Rogue and Eberville parishes, where millions of dollars worth of property is endangered and the finest sugar and rice plantations of the state probably will be inundated.

Parts of fourteen other parishes in Louisiana are flooded from previous levee breeches. News that the engineers had given up all hope of closing the crevasse, was flashed to every town on the west side of the river within a radius of fifty miles. It means the abandonment of thousands of homes in the territory south of Torras and property damage that will run into the millions.

The Angola break is across the river from the Torras crevasse and less than six miles distant. The flood waters on the Angola side will cover thousands of acres of fine farming land along the east bank as far down as Bayou Sara and St. Francisville and probably will return to the Mississippi near Morganza, La.

SHIP TRUST MEASURE REPORTED FAVORABLY

WASHINGTON, May 2.—The Humphrey ship trust bill was favorably reported yesterday by the House committee on merchant marine and fisheries. It would impose a heavy penalty on any steamship which enters into any combination or pool in restraint of trade and provides that no ship in any combination with ships of other lines in restraint of trade shall enter or clear from any American port.

U. C. FACULTY FROWNS DARKY ON SENIOR EXTRAVAGANZA

STAID PROFESSORS BALK AT BEING MADE BUTT OF JOKES

Group from Corybantes Chorus of Senior Extravaganza to be presented by Graduating Class of the University of California. From left to right: Miss Katherine McElrath, Miss Marguerite Creighton, Miss Martha Earle, Miss Elsa Schilling. Below is a portrait of Miss Marion Gray, who will also participate in Spanish chorus.

Rehearsals for 'Ephraim' Round Senior Farce Into Shape

UNIVERSITY OF CALIFORNIA, May 2.—Portions of the senior extravaganza which is to be produced by the graduating class of the University of California at the Hearst Greek Theater, May 10, will have to be radically changed before the evening of the show or a number of members of the cast and the author, C. N. Hackett, may have to go without their degrees on Commencement Day. This ultimatum was mildly but none the less imporatively sent by the faculty to the student affairs committee.

The latter lost no time hurrying to the Hearst Greek Theater, where a rehearsal for the show was taking place yesterday afternoon and demanding of the coaches that all parts of the piece that ridiculed faculty members be cut out. Unless the members of the cast decide to take chances with their diplomas the order will be followed.

"Ephraim," the farce, is an answer to the book of Professor Charles Mills Gayley entitled "Idols of Education," in which he severely takes to task the students for frivolities and lack of studiousness. In the extravaganza the author has made one of the most ridiculous characters in the play, that of Scholasticus, to look, speak and act like Professor Gayley.

SAME DISTINCTION.

Other members of the faculty have been given the same distinction, as has "Bill, the Dog Man," "Tony the Bootblack," and other well-known celebrities around the Berkeley campus. Word of what was going on has reached the faculty ears and it was decided to nip any such ridicule in the bud, hence the hint to the students in charge of the production that it might be well to trim certain portions of the show if they were to be sure of a sheepskin on graduation day.

Rehearsals for the farce have been proceeding successfully and are expected within a week to have rounded the student players, singers and dancers into shape. Among the latter one for whom an appreciative reception is expected is Miss Marion Gay, a dancer in the Spanish chorus.

The personnel of the several choruses was announced today as follows:

Corybantes—Elsa Schilling, Elaine Standish, Myrtle Maxwell, Lillian Vandyke, Annie Isaacs, Miriam Suplee, Margaret Ross, Edna Quay, Cora Baum, Hazel Jarvis, Laura Holmes, Marie Mitchell, Helen Tillotson, Margaret Gessner, Lillian Leale, Mabel White, Mabel Farington, Gladys Baker, Caro Simonson, Williamita Bayley, Pearl Lutzi, Olive Le Clare, Clara Hinze, Grace Hamilton, Mabel Taylor, Alice Tupman, Hazel Remsen, Elsie Stoddard, Elizabeth Craven, Hazel Land, Letta Potter, Edith Garner, Shirley Schnoor, Edith Hohe, Irene Alexander, Annie Ostrander, Veva Wight, Katherine Faulkner, Rose Fountain, Jeanette Stewart, Lorraine Andrews, Jenny Larkin, Christine Molloch, Enice Beale, Ruth Pitman.

$130,000 FOR OAKLAND HARBOR

Senate Increases Original Sum for Work Here by $30,000.

The Rivers Appropriation Bill Carries a Total of $32,126,530.

WASHINGTON, May 2.—Carrying $8,064,010, in addition to the appropriations provided for the House, the rivers and harbors appropriation bill, aggregating $32,126,530, has been agreed to by the Senate committee on commerce and will be reported in a few days. The largest single increase to the House measure was $2,500,000 for the Mississippi river, making $6,000,000 for that waterway.

Among the appropriations most increased by the senate committee are:

Columbia river between Celilo Falls and The Dalles rapids, $800,000; above Celilo Falls, $50,000; Columbia and Lower Willamette rivers, $180,000, Los Angeles harbor, $827,250; Oakland harbor, $130,000; Nohalem Bar and Harbor, $100,000; Yukon River, Alaska, $130,000; Valdez, Alaska, $55,000; Chicago Harbor, $350,000; Ohio river near Cairo, $250,000.

$30,000 INCREASE.

Reports of an increased appropriation of $130,000 for harbor work in Oakland, made by the Senate committee, are taken by officials of the Chamber of Commerce to mean an increase of $30,000 over the amount originally recommended by the committee, $100,000.

"We wanted $200,000 for development work on the harbor," George B. Waddell, chairman of the Chamber Rivers and Harbors committee, which has been working for the increase, said this morning: "We believed that that amount could be expended by the government engineers before the end of the present year, and if it is correct that Oakland receives only $130,000 all told, we shall be much disappointed.

"Of course it may be that the increase is one of $130,000 over and above the $100,000 originally recommended, making a total of $230,000, but that is hardly probable, for we only asked for $200,000 all told.

"The senate committee recommendation," said Secretary A. A. Denison of the chamber, "was originally for an appropriation of $100,000 to be used during the remainder of the present fiscal year.

"Congressman Knowland, who has been fighting for Oakland in the matter, and the local committee of the chamber believed that more money could be used to advantage. Congressman Knowland telegraphed us that the engineers in Washington felt that more than that amount could not be expended in the time alloted, and that it would have to be held over for the next year, which is undesirable. He said, however, that if we could get Colonel Thomas Rees, government engineer in charge of the work, to declare he could use more money, he believed the increase could be secured.

"Rees stated to us that he could use $200,000 in all, and we so telegraphed Congressman Knowland and Senator Perkins, who promised to work for that amount. We have not yet heard directly from them in the matter, but do not think it probable that they have secured $230,000 in all. It is probable that the first recommendation of $100,000 has been increased by $30,000 only

SUTRO'S DAUGHTER SUES FOR DIVORCE

Mrs. Clara English Tells of the Quarrel That Causes Separation.

SAN FRANCISCO, May 2.—A trivial quarrel over the appointment of sumptuous apartments in Paris is given as the cause for the divorce of Clara A. English, wife of William J. English, the millionaire lawyer of Chicago, and daughter of the late Adolph Sutro, who was granted a legal separation by Superior Judge Mogan this morning.

The divorce complaint was filed secretly. Mrs. English appeared in court today and took the witness stand. On her testimony it developed that the couple were in habit of spending the greater portion of their time in Europe, and that in May, 1909, the wife took apartments in Paris, the nature of which caused a quarrel. English left the city and his wife went to Switzerland.

Several months ago Mrs. English came to San Francisco to begin divorce suit.

SUPERVISORS TO ACCEPT BRIDGES

Conference Held With Colonel Rees in San Francisco This Morning.

Engineer Informs County Officials Government Will Repair Spans.

Three drawbridges across the tidal canal connecting Oakland and Alameda probably will be accepted by the supervisors when they meet next Monday. At a conference held this morning in San Francisco with Colonel Thomas H. Rees of the United States Engineering Corps, and Supervisors Mullins, Foss and Bridge and Deputy District Attorney Leon Clark, Colonel Rees, representing the War department, told the supervisors that the government would be willing to further repair the three structures.

The supervisors refused last Monday to accept the bridges in their present condition and asked that Colonel Rees discuss the matter with them later in the week. It was desired that some agreement should be reached whereby the county might take over the bridges from the government without delay. County Surveyor Haviland made an inspection and reported that the bridges were not in first class condition. The government last year installed electrical operating machinery at considerable expense, but did not make any extensive repairs in the general structure.

This, it was pointed out by the surveyor, was in bad repair and the supervisors sought to obtain some further concession from the government in completing the job. It was shown that unless further repairs were made the county, after it had accepted the bridges, would probably be put to an expense of nearly $10,000 within a year or two. As long as the government had started the job they thought that it might as well carry it on to satisfactory completion.

DETAILS DISCUSSED.

At the meeting today the details were gone into thoroughly by Assistant County Surveyor Jaspar, who pointed out the defects. Colonel Rees agrees that further repairs should be made and with that understanding the supervisors will likely close the deal within a short time. In that event bridge tenders will be appointed by the board and the draws operated to accommodate shipping.

At the present time they are stationary pending the disposition of the government's tender to Alameda county of their control. Numerous advantages in the further development of Oakland's inner harbor will undoubtedly be the result, as many enterprises are assured of unequalled shipping facilities and factory sites along the estuary. The city of Alameda has agreed to furnish electrical current for five years free of charge and has run wires and other equipment at a cost of nearly $5000.

The three bridges to be accepted are located at Park street, Fruitvale avenue and High street. It is understood that the government will paint the structure and replace the piling footing and abutment work that has suffered from nearly twenty years' wear and tear and exposure to the elements.

131-MILE PACE HIT UP BY OLDFIELD

Speed Burners Do Some Fast Work on the Santa Monica Track.

Dingley Establishes Himself as "Dark Horse" in the Main Event.

LOS ANGELES, May 2.—With but six hours more for practice the drivers in the Santa Monica road race were out early today giving their cars a tuning before they lined up at the tape Saturday morning. Tomorrow's three hours' practice will end all preparatory work.

David Bruce Brown is liked best in the free-for-all, though Barney Oldfield set a record today. In five laps of the 8.417-mile track he raced at an average speed of 87 miles an hour, making his first lap in 5:10 and his last in 5:56 1-5. From the Soldiers' Home "S" to the Palisades turn Oldfield's speed was given as 131 miles an hour. The ease with which Dingley took the bad turns established him as the "dark horse" of the main event.

Ralph De Palma showed speed today. With several turns at 80 miles an hour Louis Nikrent was supposed to have practically no opposition for the light car prize.

More Fame and Glory for the Fighting Oaks; Jack O'Connell Quits Fight Game

OAKS DRIVE OUT MANY BINGLES FROM SOUTH

Coy Hetling, Cook and Sharpe Give Proof That They Are Ball Players, Likewise the Rest of the Lads

Oakland 7, Los Angeles 2.

LOS ANGELES, May 2.—Oakland took a flying start here yesterday afternoon in the opening game of the series with the Angels and celebrated their initial 1912 appearance among the lemons and oranges with a clean-cut victory over Dillon's men, the final score being 7 to 2.

It was simply a case of too much Ables and too much log-swinging by the fellows from the big bay region. Two hits were the best that Dillon's men could gather, while just eight times that was the pickings of the Sharpe shooters.

Stars in the Oakland ranks were numerous and some of those boys with the big O on their sleeves well imitated Willie Keeler, Sam Thompson and Pop Anson. Cook gathered three bingles and so did Gus Hetling and Bud Sharpe, while Bertram Coy laced out four, one of which was a double and one that was good for three bases.

HALLA WAS EASY.

Halla started but never finished, as he was too easy, for the Oaks and their old team mate Flater likewise proved easy picking.

There was a little doubt as to the outcome of the game after the opening inning. The Oaks took two in the first, one in the third and added two more each in the forth and fifth. That seemed to be plenty at the rate Ables was going, so the visitors took things easy in the latter stages. Ables had all his fancy curves working nicely and the Angels were breaking their spinal columns trying to reach the wide ones. But for free passes and errors the home team would never have got in sight of the plate.

COOK STARTED THE FUN.

The Oaks should have had more than two runs in the first inning, as they had Halla in all sorts of trouble. Cook led off with a single and Leard his safely infield. Hoffman forced Cook at third, but Leard and Hoffman pulled off a double steal and Leard scored when Boles threw badly to third. Coy came through with a double to the fence that brought Hoffman in. Hetling drew a pass and Sharpe singled, filling the bases, but Mitze could not produce the necessary hit, and the three men died on the bags. Coy started the third with a single, took second on an out, went to third on Hetling's single and scored on Boles' poor throw to second.

COY SLAMS THE BALL.

With the socre 3 to 0 in their favor, the Oaks renewed the onslaught in the fourth and chased Halla to the bench. With one down Cook singled to center and Leard hit for two bags, putting Cook on third, from which station he scored on Hoffman's out. Coy smashed out a three bagger, bringing Leard home, but was caught on a double steal a moment later. Their old team-mate had no terrors for the Oaks and they welcomed Flater in the fifth as much as they had greeted Hall in the first frame. Hetling hit safely and Sharpe followed suit. They both advanced on Mitze's out and Hetling scored, while Ables was being disposed of at first. The boss scored on Cook's long two bagger that hit the fence.

The score:

BURNS WANTS A 20-ROUND BOUT WITH JACK BRITTON

Oakland Boxer Thinks Half That Distance Too Short to Show Ability; Columbus Club Has Good Card

By BERT LOWRY.

Just when Matchmaker Moffitt of the Oakland Wheelmen thought that he had Frankie Burns and Chicago Jack Britton signed up for a ten-round bout on May 15, the pride of Oakland kicked over the traces and demanded a twenty-round bout or nothing with the Windy City boxer.

Chicago Jack, in an effort to square himself with the fans for that parlor bout he put up against that false alarm, Pal. Moore, on Tuesday evening, quickly accepted the proposition that Moffitt put to him and as Burns has been clamoring for a return match, it looked as if the bout would go through.

Frankie, though, has a lurking suspicion that the Chicago man might outpoint him in ten rounds and feel that he couldn't do justice by his backers by signing up for the shorter bout.

The pride of Oakland is willing enough to mix in the longer route game and maybe thinks that Coffroth, who has the May permit, might stage him and Britton over the bay.

In the meantime Moffitt who gives the fighters the chance to "come back" after they have hit the toboggan, must seek talent elsewhere.

BRITTON MAY GO EAST.

The fact that Britton has a decision over Pal Moore has caused the Chicago boxer to consider a plan to hop east. He thinks that his victory over Moore will give him matches in the east for the fans back there opine that the Philadelphian is a star. Maybe he is, but the fighters of his caliber are stars back east, then Solly Smith, Lemon Brown, Jimmy Britt, One-Round Hogan and lots of other pork-and-beaners here and there must be world beaters.

Frank Metzger, who carted Moore all the way from dear old Philly to show us a fighter (in his mind), spent a busy day yesterday making excuses for his lemon and said that it was the climate that put his fighter in the sourball class. The fan with an eye, though, and a mind, knows that Moore is simply a third-rater and nothing more, and all this talk about beating Britton in a ten-round bout back east for $5000 a side is hot air.

If Metzger is wise he will put his "star" aboard a "rattler" and ship him back east, where they fall for such, but it is foolish to linger hereabout with excuses.

JACK O'CONNELL GIVES UP.

One show as a fight promoter was enough for Jack O'Connell and Monday he closed a deal whereby G. M. Anderson, moving picture promoter, cowboy actor and manager of Soldier Elder and Roughhouse Watson, will be the angel for the Humboldt Athletic Club.

The addition of Anderson to the rank and file of promoters will be welcomed by the fans, for he seems to understand the game and has a capable assistant in Freddie Bogan. At that, though, he must drop eavrybody that was connected with the Humboldt Club, Jim Griffin and the rest, for the fans were not particularly struck on that outfit.

Anderson hasn't made up his mind who he will stage for his next bout, which will be permitted in June, but rumors have it that Soldier Elder and Jim Cameron will be the attraction over a twenty-round route in the afternoon so that there will be moving pictures of the affair.

RIVERS IS HEAD LINER.

Manager Pavent who will make his bow as a promoter in the four-round game as head of the Columbus Club makes the announcement that Joe Rivers who is to box Wolgast at Los Angeles on July 4 will be one of the features at his show at Dreamland Rink next Friday night.

Joe Davis, a husky lightweight from Los Angeles, will be the other fellow in the ring with the little seeker after the title.

This will be a no-decision affair, as Manager Joe Levy states that owing to his contract with Ad Wolgast and Tom McCarey, Rivers will not be allowed to box anybody between now and the date of his match with the title-holder, where a decision is rendered by he referee.

The reason that Levy has consented to allow Rivers to box here is to give the followers of boxing in the bay district a chance to get a line on the Mexican whirlwind so that his ring work can be compared with that or the champion.

The Columbus Club has secured a good card. Howard Morrow, the crack Chicago middleweight who gave "Kid" George a lacing in heir recent ten-round go at Oakland, to box Jack Fitzgerald of Omaha in the windup.

There are two special events and five preliminaries in addition to the windup, Lee Johnson and Manuel Vierra will furnish one of the headliners, while Tommy McFarland will oppose "Reddy" Watson.

Willie Purtell and Barney Richter will also meet. The remainder of the card follows: Al Bennett vs. Willie Meehan, 158; Tim O'Leary vs. Happy Thomas, 125; Kid Romeo vs. George Cooper, 105; Rufe Williams vs. Sailor Burgess, 158.

STILL THEY COME.

Another seeker after fame and dollars in the roped arena came up from Los Angeles last night and right off the reel asks for a match with Jack Britton or some other lightweight. The lad's name is Louie Reese and he says he has a win over Tommy Kilbane. Joe Levy, who pilots Joe Rivers, says that Reese is a jim-dandy and he must be if Joe says he is.

Anyway, the fans would like to see him in a four-round bout with some of the local boys before they begin to dig up two, three and five spots.

JIMMY GARDNER COMES BACK.

Jimmy Gardner who used to step around the ring hereabouts in the old days is still in the game and last night waded through a ten-route bout at Denver with a miller named Baker.

Our old friend Joe Thomas was behind Gardner, who is Joe's brother-in-law, and he will lay around Denver until he gets a chance to don the mits there.

RITCHIE ROUNDING TO.

Willie Ritchie, who is matched to box four rounds with Ad Wolgast a week from Saturday, has gone to the Sad Rock Honuse at San Francisco to train. Ritchie took up training at the ocean resort yesterday morning and will remain there until the day of the contest. Inasmuch as Willie is going to such a cool spot to condition himself, it certainly looks as though he isn't worrying about the weight. He claims to be within striking distance of 133 pounds now and that he will experience no difficulty in making the lightweight limit.

Leroy Thacker, Waterton, S. Dak., says: "I suffered with rheumatism for over 8 years, and it seemed at times I would go crazy with pain. Three bottles of Foley Kidney Pills cured my rheumatism, and I gladly recommend them." Wishart's Drug Store, corner Tenth and Washington streets.

FIVE ST. MARY'S MEN ARE ENTERED IN CONFERENCE

Although it was at first thought that St. Mary's College would have but one entry in the conference meet to be held on the California oval May 4, Coach Otto Rittler yesterday afternoon added four other names to the list to represent the local college in the coming meet.

The five men chosen to uphold the local colors are: Vlught (captain), who will go in 1 mile and ½-mile run; Wheaton, hammer throw and shotput; Stoltz and Doran in the half mile; Gilson, who will handle the 100-yard dash.

ST. MARY'S TRACKMEN BEING CONDITIONED

The thirty-five men announced by Coach Otto Rittler to represent St. Mary's College in the track meet with Santa Clara College on May 11 has been cut to 22, who are ordered to go to the training table beginning today.

The fortunate tracksters who will meet the Santa Clarans are: Glsin, Sennon, French, Reagan, Stoltz, Doran, Walker, Wheaton, Anderson, Reghetti, Cotton, Flemming Davie, Roth, Greeley, Weber, Wallace, Young, Drier, McNamara, Thornton, and Vlught (captain.)

MILLER IS AGAIN WINNER ON BASE-BALL FIELD

Seals' Silent Slabster Holds Flawmakers to Three Hits Team Wins Fifth Straight

J. Pat O'Rourke wasn't as chesty along about 5 o'clock yesterday afternoon as he was the morning he came up from Los Angeles with that long tale of his about how the lawmakers were the real class of the league, for Dan W. and his hired men took another load of conceit out of his system by a score of 7 to 1.

"Iron Man" Miller, who was dubbed a dub by J. Patsy, made his bunch of athletes look like 30 cents in a dollar-a-throw eating house, and after nine innings of club swinging the hits tallied but three for Pat's gang, and one of them was a dinky one.

On the other hand the Mohleriess Seals went after the fellow that heaved for the lawmakers and gave his shoots and slants a merry lacing. The Seals didn't get a whole lot of swats, but what they did get were most valuable, for they gathered seven runs on nine bingles.

While the game was a one-sided affair it had many brilliant features, and the trans-bay fans are becoming more hopeful each day. Here are the troubles of Patsy in tabulated form:

AROUND THE BASES

With that old "right at 'em" slogan, Oakland gave the Angels a merry lacing on their own preserves yesterday afternoon. Gus Hotling gathered three bingles that helped the boys along toward the rubber.

* * *

Mr. Bert Coy was in the game down south so the scores says and the same Mr. Coy gathered two singles, a double and a triple. Pretty nice hitting is it not?

* * *

Mr. Ables did the bean shooting for the Oaks yesterday and was as stingy with the hits as the landlady is with towels when you don't pay the rent.

* * *

Mr. Cook played his position in faultless style at Lemonville yesterday, and also showed some real classy work in handling the big log. Three was his sum total for the day and they were disastrous for Mr. Halla and Mr. Flater.

* * *

William Leard gathered a couple of those sixteen slams and accepted six chances without a hitch or a skip. Our old friend Izzy, though, was weak with the willow and didn't get a dot in the B. H. column.

* * *

Manager Bud lived up to expectations and was among those who fattened the batting average, getting three out of five trips up. Mitze and Ables failed to hit and Carlo made the only boot.

* * *

Howard and Metzger were the only Angels to gather. There's a reason.

* * *

Tommy Raftery is a sweet hitter, a great baserunner and a grand fielder. Could one ask much more of a ball player than what this fellow is doing these days.

* * *

Powell replaced McIver in right and did well. He laced out a pretty double and gathered in a fly with elegance and grace.

* * *

Gedeon has but one faullt: he doesn't know how to run bases. There wasn't any reason for him trying to stretch his wallop into three bases for the fielder had the ball when he started to round second base and he was out at third by a city block.

* * *

It is beginning to look as if "Iron Man" Miller was back to form and if he is going to pitch like he did yesterday every now and then the Seals will have a corking good heaver.

* * *

Corhan had but one chance at third but it was a difficult one and he had to hustle to kill a sixth inning at first base.

* * *

Sam Mertez was in hot water several times over the way he called balls and strikes on the players but then these fellows would kick no matter what the umps might say.

* * *

Do you notice that J. Pat has been as docile as a lamb in both games so far and mum has been the word. A fine and a seat in the bleachers is the right punishment for the rowdyuow player.

* * *

J. Cal Ewing thinks it would be a good idea to have the three Class AA leagues play a championship series at the end of the Coasters season. Maybe so, but we've heard it mentioned that there is just as much baseball now in one year without adding any more.

DANNY LONG TALKS ABOUT VETERAN SWATSMEN

Says That Old-timers Were Just as Good as Fellows Who Play Today.

Danny Long, manager of the San Francisco ball club for the last six years, a former major league player and resident of the Pacific coast practically from childhood, was recently in Portland for the first time and while there gave an interesting talk on baseball.

Long started out on his career in Oakland as a pitcher, with George Van Haltren, now umpiring in the Northwestern League, as his battery partner. They played with the Greenfield and Moran team, which was organized in 1885, and which later represented Oakland in the California State League.

In 1890 he went to the Baltimore club, playing center field in the place of Mike Griffen, who jumped to the Brooklyn Brotherhood team.

The next fall he came back to Oakland, where he played until he was forced to retire from the game on account of breaking an ankle.

Long recalled the good old days in San Francisco when the big Eastern teams made San Francisco their rendezvous during the winter months, the first of these invasions occuring in 1887, when the Boston Nationals, including the great John Clarkson and King Kelly, were the attraction. In 1888 there were four teams of big league renown located there, the New York Nationals and St. Louis Browns, of the American Association, playing against the California State League teams on the Haight street grounds. In opposition to them were the Chicago and Philadelphia National League clubs, which played each other at the Central grounds.

The following year, 1889, the Chicago Nationals under the leadership of Adrian Anson, and the All American stars, organized by Al Spaulding, stopped in San Francisco on their tour of the world and played a series of games before embarking for the Orient.

Long's ideas on the ability of players of the old school and those of the present are that the tossers of former days were as great as any of the present-day crop, but there were not so many of them, nor had the possibilities of the game been developed then as now.

"I regard Buck Ewing as great a player as Ty Cobb will ever be," remarked Danny, "although the greatest difference is in their speed. Ty is undoubtedly faster than Ewing, who was wonderfully speedy for a man of his size, but when it comes to headwork and hitting, Ewing was every bit as good as Cobb or any of the other stars now before the public.

"But the inside game has been developing from year to year. For instance, all that was required of a first baseman in the past was that he should be a big man who could cover the bag, receive thrown balls and who could hit. Now it has changed. The present-day initial guardian must be as active and nimble as any man on the infield, prepared to kill off a sacrifice or cover as much ground as any man on the team.

"Anson had a great reputation as a hitter in the olden time which let him out. There are any number of first sackers now that could give him the whole deck and then win on a showdown."

Long is positive on the point that the Pacific Coast League is playing just as fast or faster game than either the International or American Association leagues, and cites as an instance the greater number of players who go to the major leagues from the Coast league and stick than from either of the other circuits. There is some weight to his argument.

Busher Is Released

BROOKLYN, May 2.—The Brooklyn club has released Pitcher Elliott B. Dent, to the Newark club.

FRAMING UP OF BIG SCRAP GOING MERRILY ON

CHICAGO, May 2.—Jack Curley last night posted with Al Tearney $1100 to defray Jack Johnson's training expenses for his fight with Jim Flynn at Las Vegas, N. M., July 4.

Flynn and Curley will leave here tomorrow for Montezuma, N. M., where the "Pueblo Fireman" will do his training. They expect to arrive in Montezuma within a week, making stops at Denver and Pueblo. Two of Flynn's trainers, Tommy Ryan and Howard Morrow, will be in the camp on May 15. James J. Corbett and Tommy Burns will arrive during the fight week in June. Flynn now weighs 210 pounds.

Work on the arena, it is said today, will begin as soon as Curley arrives at Las Vegas. The plans, said Curley, were for 30,000 seats.

RULING OF COURT IS A BOON TO RING FANS AT BUTTE

BUTTE, May 2.—The case against Jerry McCarthy, a boxing promoter, arrested for holding a bout before members of a regularly organized club, was discharged yesterday, the police court holding that the law permits limited bouts with the soft gloves before a special club. This is the first decision on the law.

CALL THE KEEPERS, BOAG AND BRITT ARE OUT AGAIN

CINCINNATI, May 2.—Gil Boag, manager of the Madison Athletic Club, New York, wired Jimmy Britt here last night an offer of $10,000 to fight "Knockout" Brown of New York May 17 before the Madison club. Britt at once wired his acceptance.

Britt started training here last Monday at the Cincinnati gymnasium. He has not fought since 1909.

OLYMPIAD ATHLETES TO TRY OUT MAY 8

NEW YORK, May 2.—The Olympic tryouts for the pentathlon, a five-mile contest, will be held at Celtic park here on May 8 under the auspices of the American Olympic committee. The series will consist of a running broad jump, javlin throw, 200-meter run, discus throw and 1100-meter run.

Chief among the competitors will be Jim Thorpe, the Carlisle Indian athlete.

JIM GARDNER COMES BACK, IS A WINNER

DENVER, May 2.—Jimmy Gardner of Lowell, Mass., had the better of the ten-round, no-decision bout which he fought here last night with Howard Baker, the Boulder middle-weight. The mill was a fast one throughout, both men finishing strong. In the last round Baker pushed Gardner through the ropes.

ST. MARY'S COLLEGE TO HAVE TEAMS AT PICNICS

St. Mary's College will be represented with full teams in both the Caledonia track meets to be held May 30 at Shellmound park and in the Knights of the Red Branch on June 2, also at Shellmound park.

IS BACK WHERE THE COIN IS PLENTIFUL

VICTORIA, B. C., May 2.—"Cyclone" Johnny Thompson, who has been in Australia for some time, where he won several boxing bouts, arrived here on the Marama yesterday.

LATEST NEWS FROM OUTSIDE TOWNS

FACULTY SETTING DRINK EXAMPLE?

President Berkeley W. C. T. U. Declares Instructors Are to Blame.

HAYWARD, May 2—"We should not have to face the problem of intemperance among students of the University of California only for the fact that some of the faculty of the university themselves drink. What can you expect but that some of the students follow their example?"

This was the key-note of an address delivered here before the annual institute of the Alameda County W C T. U., by Mrs J L Slater, president of the Berkeley union Her subject was "Drinking Problems at the University of California," and in handling it she spared neither faculty men nor members of the student body In part she said

"The temperance party of the students has been aroused to greater activity lately by the fact that a drinking bout took place on the steamer Amador in the estuary of Oakland under the auspices of the boating club where liquors were served by the gallon and disgraceful scenes were enacted."

She continued by saying that student self government was supposed to prevail at the University of California and that proposed amendments to the Associated Students' Constitution were supposed to be submitted when signed by fifty students or more She charged that an amendment flatly forbidding the use of liquor at college events had been presented to the executive committee, signed by four hundred, and refused by that committee on the ground that "it was not fit subject matter for the constitution of the Associated Students" A substitute amendment was then submitted and adopted making it the sense of the organization that liquors should be barred. Mrs Slater continued·

"But what has been accomplished by this vote? No law has been laid down and no responsibility placed upon anyone to see that the sentiment of the students as expressed in this resolution shall be regarded. What has been the result since this 'sentiment resolution' has been passed? Has it been the means of banishing liquor from the social functions of the University of California?

HER ANSWER IS 'NO.'

"I answer, 'No!' All the banquets that have been held subsequently, with the exception of the Law Association banquet, have been 'wet' Liquor was served at the junior banquet, the track meet banquet, the banquet of the staff of the Daily Californian, These were all held outside of the city of Berkeley. Why not at the Hotel Shattuck in Berkeley, one of the finest hotels in the State? Because liquor could not be served there and it would not be convenient to the 'questionable resorts' where men often go after liquor has been consumed.

"This 'sentiment resolution' was just a ruse on the part of those who did not wish liquor to be put out of the University.

"The executive committee of a self-governing student body have no right to say to those students that they shall not be permitted to legislate in this manner. It is tyrannical rule of the worst kind and if the Associated Students submit quietly to be thus ruled by their minority, the mothers and taxpayers throughout the State will not submit. For we believe that the majority of the students are in favor that the rule of the University of California shall be that liquor shall not be served at the university's social functions.

"If the Associated Students is not strong enough to govern itself and have this rule passed, then we must continue sending petitions from all over the State to Governor Johnson, the Board of Regents and to President Wheeler asking them to take the law into their own hands and settle this vital question. We shall never cease to agitate and educate until this becomes one of the rules of the University of California."

CHINESE ON STRIKE AT STEGE CAP FACTORY

STEGE, May 2.—Forty Chinamen employed by the California Cap Factory at this place, struck last evening for an advance in wages from $1.25 to $1 35 per day. The demand was made the evening before through their interpreter upon Superintendent Arthur Campbell. It was communicated to Manager Oliver and thence to headquarters of the company in Oakland, with the result that the demand of the Chinamen was refused and they are out. Such is the status today The Chinamen live in quarters near the factory.

There are in addition forty Italians employed, with wages averaging $2.75 a day, and they, with ten women, are still at work. Their work is of a different character from that of the Chinese, being in the dynamite and gun cotton department. Two deputy marshals are on duty today.

RICHMOND PERSONALS

RICHMOND, May 2.—Francis J. Heney and others who are members of the Roosevelt camp of the Republican party, will appear here some day next week to speak in favor of Roosevelt's candidacy.

Edward McEvoy, an old resident of this city, died last evening from pneumonia, with which he was taken suddenly ill yesterday. He was 48 years of age and a native of Ireland. The remains will be shipped to San Francisco tomorrow for burial.

The British steamer "Mina Brea," of the Standard Oil company, sailed this morning for the Orient with a full cargo of oil. Barge 91 also sailed for Portland in tow of the tug "Sea Rover."

At the meeting of the Royal Arch Masons over thirty members were secured for the new chapter of that degree to be formed here. Another meeting to arrange final details will take place next Tuesday evening, when Grand Lecturer Ashcroft will be present.

The whist party held last evening by the Rebekahs was well attended.

Rev. R. G. McIntyre, of the San Pablo Baptist church, who has accepted a call to Waterford, Cal., was the guest last evening of the San Pablo church and presented with a well-filled purse by the members of his flock.

Two new brick business blocks started this morning on Macdonald avenue, one to be a one-story structure and the other three stories.

A wedding announcement of much interest was announced last evening. Miss Naomi, a pretty girl of this city is to become the bride of Howard Yeager, of the Fifth street fire company. The ceremony is to be performed at the home of the bride next Sunday and will be followed by a honeymoon trip to the southern part of the state.

On Sunday the Richmond baseball nine will open the season and a fast contest is anticipated. The local club has gathered together a swift combination and will appear under the name of the Richmond Club. Secretary McCloud announces that the schedule is being arranged and that he has offers to play from clubs in San Francisco, Oakland and others.

HAYWARD ALUMNI PLAN BIG BENEFIT

Former High School Students Will Dance to Aid the Scholarship Fund.

HAYWARD, May 2.—The Alumni Association of the Hayward High School will give a benefit dance and entertainswell the scholarship loan fund, which has been in existence several years for the benefit of students in need of funds for continuing their studies at the University of California. When the association reorganized last summer it took over the responsibility of providing the loan fund.

Tickets have been sent to neighboring towns for sale and many invitations have been sent From present indications the attendance will be large. Following are the committees in charge of the affair.

Committee of arrangements—Miss Emeline Parsons, chairman; Inez Allen, Dr. H. Eggert, Sydney Jones, Charles Helms.

Invitation committee—N. Wesley Armstrong, chairman; William Baird, Agnes Leonard, Alice Harder, Maud Russell, Nellie Ramage.

Reception committee—Christine Madison, Lydia Long, Mrs Elmina Campbell, Edith Gamble, Nellie Ramage, Frank Mitchell, Jacob Harder, William Van Hoosear, Amy Jensen, Hazel Grindell, Mrs. Hazel Fish Asmussen, Hazel King, Dr. G. A. Alexander, Elsie Smyth, Lillie Helms, Margaret Gray, Mrs J. H. Holcombe, Miss E. Heselmeyer, Vivian Strobridge, Mary Howe, Edith Beam.

ESCAPED INSANE MAN CAUGHT AT CROCKETT

CROCKETT, May 2.—Jack Hewitson, two years ago, after being adjudged informerly of Tormey, who was committed to the Stockton state asylum nearly two years ago, after being adjudged insane by the Contra Costa lunacy board, escaped from that hospital Monday night and reached this place, where his wife and children are at present making their home. The sheriff's office was informed of Hewitson's escape Tuesday and the man was found today at the home of his wife and children by Constable James Fox. He was taken at once to Martinez to await the arrival of an attendant from the asylum, now en route to take him back to Stockton.

Hewitson's case is one of the most pitiful ever brought to the attention of Contra Costa officials. He was for some time a deputy sheriff at Tormey, with a wife and eight small children depending upon him for support. He was examined and committed to Stockton for treatment, and although there for over a year is apparently but little improved.

NAVY YARD NOTES

MARE ISLAND, May 2.—The gunboat Annapolis, which has been in reserve at Mare Island for the past six months, was placed in commission yesterday when Lieutenant Smith assumed command of the vessel. While no direct orders have been received at the Navy yard regarding the disposition of the Annapolis, it is assumed that she is intending to relieve the Yorktown as patrol boat along the Mexican and Central American coast.

The only unusual circumstance connected with the commissioning of the Annapolis is the fact that the ceremony was rushed in the past two weeks, it having been the intention of the department to raise the flag about May 15th.

Orders were received yesterday to transfer A. J. Benesch from the radio station at Mare Island to the plant at San Diego. Chief Electrician Anderson will take Benesch's place. A. J. Millison, now at San Diego, will take charge of the radio plant at Table Bluff.

Paymaster C. H. Buker arrived at the yard on Tuesday to act as assistant to Paymaster Collins.

The Mare Island mechanics employed on the collier Jupiter made another good showing in the construction of that vessel last month, and, according to the Hull Department officers, a gain of 7 per cent was made, thus bringing the auxiliary vessel up to 51 per cent of completion. The vessel should be ready to leave the dock the latter part of July.

That the Maryland will surel ycome to Mare Island about Tuesday, May 14 was the announcement made here. Orders were received from the Navy department yesterday directing that a quantity of stores be shipped to Santa Monica for the Maryland. The warship is to remain at the yard for at least a month to be docked and receive repairs.

The Goat Island tug Vigilant will leave the yard for the lower bay a week from next Saturday. The tug is receiving a thorough overhauling. On its arrival at Goat Island the Active will return to this station.

The collier Nero will leave the drydock next Tuesday morning, according to present plans. Orders are for the ship to depart for Alaska on Wednesday, May 15, but it is not expected that the vessel will get away before May 20, as she will be delayed by the non-arrival of stores from the East.

The Goat Island tug Castro, which came out second best in a collision in the lower bay last week, is now undergoing repairs at Mare Island The engines are said to be in very bad shape.

Representatives of the Westinghouse Electric Company have arrived at Mare Island to supervise the installation of a 100 kilowatt turbine generator in the new power plant on which work was begun on Tuesday. It is estimated that it will be six weeks before this job is completed. The General Electric Company has a representative installing two 500 kilowatt generators, and employees of the Providence Engineering Company of Rhode Island are superintending the installation of the 500 cubic foot air condensor.

It is announced at Mare Island that between 300 and 400 short-time marines are now en route to this Navy yard, where they will be paid off. Very few will be re-enlisted.

Lieutenant-Commander Fewel, who was slated for an important billet at Mare Island, will not come to this coast, having been ordered to the naval magazine at Fort Mifflin, Pa.

VALLEJO NOTES

VALLEJO, May 2.—Although no formal announcement has yet been made, friends of Miss Bessie Falls of this city and Chief Petty Officer Reid of the cruiser St. Louis, now attached to the naval reserve fleet at Pensacola, have learned of their engagement. No date has been announced for the wedding.

The La Follette campaign was opened in Vallejo last night, when Mrs. Emil Montague Bishop spoke at the Farragut theater on the record made by the Wisconsin candidate.

Professor E. Shaw, University of California soil expert, was a guest of the Vallejo Merchants' Association here yesterday, and during the morning he was taken on a trip as far as Suscol, and in the afternoon visited Benicia and the White Surphur Springs His visit here was to view the land in the vicinity of Vallejo and ascertain what the soil is best adapted for. He will take some samples of the soil with him to the university, where it will be analyzed.

Mrs. Wm. A. Allen, Chacon, New Mex., had so severe a cough that it nearly choked her to death Mr. Allen says: "We tried many things without helping her when by good luck I got a bottle of Foley's Honey and Tar Compound. It helped her at once and finally cured her. It is the best medicine we ever used." Wishart's Drug Store, corner Tenth and Washington streets.

BOOSTER CLUB GROWING FAST

Richmond's New Board of Trade Preparing an Immense Exhibit.

RICHMOND, May 2.—The new board of Trade held a big boost meeting last night and took in fifty new members. It has gathered into its membership now every business man of prominence in the city, both on the east and west sides, and is a very large body of representative citizens now. Plans for the visit of Mayor Rolph and Mayor Mott were discussed and a decision arrived at to have permanent headquarters in the city hall on the west side and an office and display room on Macdonald avenue on the east side. Mayor J. C. Owens was named as chairman of all committees and the working booster element was placed into the harness and given strict orders to never sleep at the switch.

A committee is gathering a big exhibit of all products of Contra Costa county to show to the steady stream of newcomers daily arriving here from all parts, and this exhibit will include agricultural and horticultural products, wines and the products of every manufacturing institution in the county.

An extensive advertising campaign is being prepared and the name and fame of Richmond as a center of manufacturing and shipping interests will be spread broadcast all over the United States.

1500 JOIN TAFT CLUB AT HAYWARD

Four Leaf Clover League Gains Rapidly in Membership Organization.

HAYWARD, May 2.—In an official announcement made by the Four Leaf Clover League, Patch No. 1, the local Taft club, it is said that the membership roll now includes fifteen hundred names. Though the organization has not held a public meeting for some time the enrollment committee has not been idle and the membership has been steadily growing. It is proposed to hold a mass meeting in the near future, the date to be set by the chairman of the body, Dr. F. W. Browning.

PROTEST CHARGE FOR TELEPHONING

San Leandro Chamber of Commerce Will Appeal to Commission.

SAN LEANDRO, May 2—The San Leandro Chamber of Commerce will take steps to file a formal complaint with the board of railroad commissioners of the State of California on the telephone question In the event of the informal complaint filed by its secretary not having any effect. Many merchants have complained that in one year thousands of dollars' worth of trade is lost to them owing to the practice of charging ten and fifteen cents for all switches between this place and Broadmoor, which is a part of San Leandro.

Broadmoor, which immediately adjoins this city, was annexed several years ago and despite the protests of the local merchants the telephone company it is alleged, continues to consider it a seperate community. It is pointed out that residents of Broadmoor can 'phone to Oakland, Berkeley or Alameda for five cents or no extra charges In the event of the telephone used being a flat rate one, but to communicate within the limits of the community extra charges are made

It is likely that a delegation of business men will wait upon the directors of the Chamber of Commerce at the next meeting and file a formal objection to the practices of the telephone company.

STEGE MAN INJURED BY FALL FROM CAR

STEGE, May 2.—Charles Columbo of this place was thrown from a street car, last evening, when the car started before he secured a foothold on the step He suffered a broken collar bone and bruises about the body. Dr. C R. Blake of Richmond was summoned to attend his injuries. Columbo was later taken to the Abbot hospital for treatment, where his injuries are pronounced serious but not of a fatal nature.

RICHMOND'S BIG DAY TO BE MAY 9

Mayors Rolph and Mott Accept Invitations to Help Celebrate.

RICHMOND, May 2—Mayor J. C. Owen, last evening, received acceptance of his invitations to Mayor James Rolph, Jr., of San Francisco and the board of supervisors of that city, and Mayor Frank K Mott and the city councilmen of Oakland, to be present at the "get together" celebration in Richmond, May 9. Mayor Rolph and the supervisors unanimously accepted the invitation and by their clerk have now notified Mayor Owens of their intention to be present. Mayor Mott accepts for himself and states that he will bring the matter to the attention to the Oakland city council and has no doubt many of them will join him in making the visit.

The Board of Trade committee announce the following as part of the program outlined for the occasion, at which the leading men of Contra Costa county will join in welcoming the San Francisco and Oakland executives and officials

LEGAL NOTICES.

Notice to Taxpayers

Office of the Assessor of Alameda County.
Oakland, March 11, 1912.

All persons, firms, companies, corporations and associations are required to deliver at the Assessor's office, at the Court House, City of Oakland, County of Alameda, on or before April 1, 1912, a statement under oath of all the property, both real and personal, owned or claimed by him, her or them, or in their possession or held in trust for others, at 12 o'clock meridian on the

First Monday of March, 1912

in accordance with Section 3629, Political Code.

Every person who refuses or neglects to furnish the statement as provided for in section 3629, Political Code, becomes liable to a fine of one hundred dollars and the value fixed by the Assessor on their property must not be reduced by the Board of Equalization.

All persons owing real estate that has been assessed in the wrong name or errors have appeared on their tax bills, are requested to call at the Assessor's office or notify the Assessor by mail on or before April 1, 1912, so that the proper corrections may be made on the assessment roll for the year 1912.

ASSESSMENT blanks may be obtained at the Assessor's office, room one, Court House, or from any Deputy Assessor.

Poll Tax Notice

Office of the Assessor of Alameda County.

Oakland, March 11, 1912.

Notice is hereby given that the State Poll Tax of two dollars for the year 1912 is now due and payable at the Assessor's office, room one, Court House, or to a Deputy Assessor.

Section 3899 of the Political Code reads as follows:

Every male inhabitant of the State over twenty-one and under sixty years of age, except paupers, insane persons and Indians, must annually pay a Poll Tax of two dollars, provided the same be paid between the

First Monday in March and the first Monday in August.

Then it shall be three dollars.

Section 3846 of the Political Code makes it the duty of the Assessor to demand Poll Tax of every person liable therefor, and on the neglect or refusal of such person to pay, he must collect by seizure and sale of any personal property owned by such person.

Under Sections 429 and 435 every person who refuses to give his own name or the name of any person in his employ, or who in any manner obstructs the Assessor or any of his deputies in the collection of the State Poll Tax, is guilty of a misdemeanor, and liable to a fine of $500 or imprisonment in the County Jail or both such fine and imprisonment.

Only those persons under twenty-one or over sixty years of age are exempt. Poll tax must be paid on demand.

Assessor of Alameda County.
Oakland, California.

ORDER TO SHOW CAUSE WHY SALE OF REAL ESTATE SHOULD NOT BE MADE.

In the Superior Court of the State of California, in and for the County of Alameda.

In the matter of the estate of Lucie Beebee Butters, deceased.

Order to show cause why sale of real estate should not be made.

It appearing to the satisfaction of the Court from the verified petition of David S. Edwards and J. Paulding Edwards, administrators of the estate of Lucie Beebee Butters, deceased, on file herein, that it is for the advantage, benefit and best interests of the said estate and the persons interested therein, that that portion of the real estate of said deceased particularly set forth and described in said verified petition on file herein, be sold.

Now, therefore, it is ordered by the Court, that all persons interested in the estate of Lucie Beebee Butters, deceased, appear before the Superior Court of the State of California in and for the County of Alameda, Department Number 4 thereof at the Court House in the City of Oakland, County of Alameda, State of California, on the 28th day of May, 1912, at 10 o'clock A. M. of said day, then and there to show cause, if any they have, why an order, as prayed for in said petition, should not be granted to the said administrators to sell the real estate of said deceased described in said petition, at either public or private sale, for the purposes mentioned in the petition, as they shall judge to be for the best interests of said estate and of the parties interested therein.

It is further ordered that a copy of this order be published at least once a week for four successive weeks, in the Oakland Tribune, a newspaper of general circulation, printed and published in the said County.

Dated this 29th day of April, 1912.

F. B. OGDEN.
Judge of said Superior Court.

BEARS RAMPAGE IN WHEAT CROP

Reports From Far and Near Tend to Lower the Grain Price.

CHICAGO, May 2.—Wheat prices took a downward course today as a result of the bearish nature of the Kansas crop report. The condition of growth shown and the acreage abandoned were both less in favor of the bulls than had been expected. Furthermore, Liverpool sent predictions of heavy Argentine shipments. There also was word from Minneapolis that the decrease in spring wheat planting in the Dakotas and Minneapolis this year would not exceed 5 per cent. The opening was ½@¾ to ⅞c down. July started at $1.10⅝ to $1.10⅝, to $1.10⅓ a loss of ½ to ⅝@¾c, touched $1.10⅜ and then sagged to $1.10⅝.

Closing figures were nervous with July ½c net lower at $1.10¼ to $1.10⅝.

Corn displayed a firm tone. Offerings were light and commission houses appeared to have plenty of buying orders at a trifle under the market. July opened unchanged to ⅝c off at 77¾ to 77⅞ and rose to 78c.

The close was steady at 77½ to 77⅝c for July, ¼@⅜c under last night.

Liberal buying on the part of a prominent house helped oats advance. The action seemed to be largely in sympathy with corn. July started ⅜c lower to a like amount up at 54 to 54¼ and reached 54¾ to 54⅝.

Weakness at the yards reflected itself in the provision market. There was a large run of hogs west. Initial sales varied from last night's level to 15c below with September options $19.35 to $19 40 for por. $11.22½ to $11.25 for lard and $10.62½ to $10.65 to $10.70 for ribs.

Close: Wheat—$1.14⅛; July, $1.10½; September, $1.07.

Corn—May, $76⅜c; July, 77½@77⅝c; September, 75½@77⅝c.

Oats—May, 56⅞c; July, 54c; September, 44⅝c.

Pork—May, $18.05; July, $19.27½@19.30; September, $19.40.

Lard—May, $10.87½; July, $11.07; September, $11.27½; October, $11.35.

Ribs—July, $10.40@10.42½; September, 10.65.

STOCK TRADERS ON BULL SIDE

Market Shows a Firmness of Undertone; Favorable Labor Situation.

NEW YORK, May 2.—The stock market today showed firmness of undertone and professional traders again took the bull side, presumably because recent events of an adverse character had failed to produce liquidation.

A more favorable aspect respecting the labor situation was no small factor. Reading was the most active issue, while other standard shares and some others of less importance were strong. American Tobacco and allied shares moved in a contrary direction, presumably in connection with the rumors that the resolutions to review the American Tobacco case would pass the lower house. American Tobacco fell 3, Lorillards 4 and Liggett & Myers 5 points.

Speculative interest was concentrated in a handful of stocks but their action had no effect on the general market, which was extremely sluggish. Large blocks of U. S. Steel were absorbed, sending it up to 71⅞. Reading and American Can also sold higher than in the morning, the latter touching 41.

The market closed irregular. Reading encountered stock at 177¾ and it receded a point, checking the rise in other active stocks. Meantime, various specialties were rising vigorously, including American Beet Sugar, American Cotton Oil and Bethlehem Steel.

Bonds were steady.

REAL ESTATE

GEO. W. AUSTIN

1422-1424 Broadway, Syndicate Building.
Phones Oakland 995—Home A 3132.

Down Town Snap

Pair of fine modern flats on William St. (or 19th), between San Pablo and Telegraph avenues. This is close-in downtown business property, and is bound to advance in value rapidly. I advise the purchase of this property either for a home and income as it stands, or for improvement with stores in the near future. The demand for desirable inside property and the number of substantial sales is by far in excess of the great market of the year 1906.

$62,500 Corner

I have the best close-in corner on Telegraph avenue in the active district for sale at any price, and corresponding in quality with the Butters' corner on San Pablo avenue and 16th street; the Ball corner on Clay and 16th streets, both of which have been sold within the past few days; frame improvements; choice location; bound to enhance in value rapidly.

Store and Flat

On 7th street; downstairs store and living rooms; upstairs, 8-room flat; out-of-town owner will sacrifice for a quick sale; price $3000. This street has been bituminized from one end to the other in first-class manner by the S. P. Co. As a small business speculation this buy cannot be equalled in the Oakland market today.

$35 a Foot on 7th Street

East of Alice street, I have a piece of vacant land that I can sell for $35 a foot. This property is adjoining the tract of land on which is to be built immediately the $500,000 auditorium, and which, in addition thereto, will be permanently used as a public park.

Pair of Flats

Sunny corner on 13th street, in West Oakland, all occupied; price $3500. You ought to see this property. Not only is this property well rented and in good condition, but the building alone would cost almost as much as the entire property is selling for. This is bound to be a business corner some day at no great distant future, according to the extensive West Oakland waterfront improvements near completion.

Two Cheap Homes

One on Third street, near Adeline street, I can sell for $1200; and on Adeline street, south on 7th street, I have a 5-room cottage, lot 25x90, that I can sell for $1500, and easy terms if you wish.

$15 a Foot

In Fruitvale, close to car line, and near the Key Route right-of-way, I have several good building lots that I can sell for $15 a foot.

A Big Bargain

Near 65th street and Shattuck avenue, I have a 6-room cottage, lot 50x140, that I can sell for $250 down, the balance like rent.

Only $100 Down

In North Oakland I have a 6-room cottage, lot 80x106; and in East Oakland I have a new 6-room bungalow; $100 down, and the balance like rent, will buy either of these homes.

$300 a Foot 19th and San Pablo

Within a few feet of San Pablo avenue, on 19th street, I have a piece of property, 96 feet front. Present improvements bring $60 a month. This will make an excellent location for a good building for apartments and stores. A large apartment house will be under construction in a few days adjoining this property.

Adams Point Residence

7 large rooms, up-to-date, hardwood floors, beam ceiling and hardwood paneling in dining room, cement exterior; lot 37½x100. Price $6250. Terms can be arranged.

$20 a Foot in Claremont

DATE FOR GARDEN EXHIBIT POSTPONED

The school garden exhibit, which was to have been held in the foyer of the Oakland Theater during the children's matinee hours Friday, has been postponed to the end of May, as many of the gardens are unable to make a creditable display just yet. Mrs. Radcliffe, manager of the children's matinees, is trying to interest the children in the "city beautiful" movement, in which the school gardens will play an important part, and will offer prizes to the school making the best showing at the coming exhibit.

Acceding to requests to change the day and hour of the children's matinee, Mrs. Radcliffe has secured the Oakland Theater for Friday afternoons, between the hours of 3:30 and 5:30, beginning this week. A splendid program has been prepared, including a beautiful picture of opening flowers and a number of exquisitely tinted floral slides, which should be of particular interest to the junior gardeners.

On Friday afternoon, May 10, the feature of the children's matinee will be "The Coming of Columbus." A special program of music will accompany this reel. Haven W. Edwards of the Oakland high school will explain the picture.

CHILD SWALLOWS POISON.

SAN FRANCISCO, May 2. — Ernest Corturon, a 2-year-old boy, while playing around in his home, 3055 Twenty-third street, got hold of a bottle of iodine at 1:30 this afternoon and swallowed the contents. His mother found him screaming and took him to the Mission Hospital. He will recover.

Y. W. C. A. DAY FIXED BY MAYOR IN PROCLAMATION

Final Effort to Be Made Saturday to Provide Building

Realizing the importance to Oakland of a modern structure to house the Young Women's Christian Association, Mayor Frank K. Mott has issued the following proclamation:

"Whereas, The city of Oakland is in the midst of an effort to secure a Y. W. C. A. building; and,

"Whereas, The Young Women's Christian Association is one of the most effective institutions in all progressive cities for the building up of pure, helpful, efficient womanhood; and,

"Whereas, The success of this movement requires the thorough co-operation of every person in the city; and

"Whereas, Three hundred representative citizens have undertaken at a great sacrifice of personal interests, a campaign which has roused public interest;

"Now, therefore I, through the authority vested in me as mayor of Oakland, do set aside Saturday as a day of special effort in behalf of this movement and do recommend that all the people of Oakland do observe this day as Y. W. C. A. day and that they assist the efforts of the committees by personal contributions and by favorable presentation of the cause to their friends and neighbors to the end that the securing of multitude of gifts, large and small, may produce the desired result in securing for Oakland this most important building."

With but three more days left in which to raise the remainder of $225,000, the committees in charge of the big undertaking are making every effort to close the campaign successfully. The latest report shows the grand total of $152,866, requiring still about $73,000 to be raised.

A feature of the luncheon yesterday was an announcement of the donation of $5 by 10-year-old Lawrence Harper, the son of Mr. and Mrs. F. F. G. Harper, who are taking an active part in the campaign.

MANY SUBSCRIPTIONS.

The summary of the results as announced yesterday were as follows:

Citizens' Committee — Twenty-seven new subscriptions, $2190. Total to date, 111 subscriptions, $16,595. R. A. Leet's team again took the banner with a total of $900. His company is composed of the following: Walter S. Mackay, R. L. Stephenson, George H. Collins, Arthur Moore, Nat Crossley, Dr. A. S. Kelly, Roland Oliver and Harold Wachs.

Business Men's Committee—Nineteen new subscriptions, $1510. Total, 113 subscriptions, $12,617. Company F, under the leadership of Dr. George T. Pomeroy took the banner away from Captain H. P. Evans of Company C, with $550. The members of his team are George Banzhof, W. I. Norcross, Walter J. Burpee, V. J. Newbelt.

Women's Committee—Fifty new subscriptions, $1363. Total, 230 subscriptions, $8750. Mrs. H. Morton, captain of Company C regained her lost laurels from Mrs. J. J. Valentine and again led. The members of her team are Mrs. C. F. Burton, Mrs. C. H. Smith, Mrs. Henry Wilson, Mrs. F. S. McCullough, Mrs. George Banzhof, Mrs. C. E. Keyes and Mrs. C. C. Lombard.

Young Women's Committee—Eighty-one new subscriptions, $3392. Total to date, 325 subscriptions, $21,399. Mrs. H. P. Carlton, captain of Company D, won the banner from Miss Martha Haven, captain of Company F. The members of the team are Mrs. R. W. Neighbor, Mrs. C. D. Vincent, Mrs. Frank Miller, Mrs. A. C. Baumgartner, Mrs. W. J. Hotchkiss, Mrs. E. W. Owen, Mrs. John Beckwith, Mrs. J. H. Hunt, Miss Augusta Chow, Miss Allee Narramore and Mrs. M. J. Hanley.

Special credit is due to the four general chairmen of the committees. The Young Women's committee in charge of Miss Eva Powell as general chairman, leads the other committee with 325 subscriptions, and $21,399. The citizens' committee of which George B. M. Gray is general chairman, is second, with 111 subscriptions and $16,595. The businessmen's committee, of which Arthur Arlett is general chairman, is third, with 133 subscriptions and $12,617. The women's committee, with Mrs. Walter Henry as general chairman, is fourth, with 230 subscriptions and $8750.

FRED H. COOPER DIES IN HOSPITAL

Old-time Theatrical Man Takes the Final Curtain Call.

SAN FRANCISCO, May 2.—Fred H. Cooper, one of the best known theatrical men on the Pacific Coast, died at the French Hospital, at 4 o'clock this morning, after suffering several years from cancer. An operation, which is was hoped would relieve the disease, was unsuccessful.

Mrs. Edith Cooper Carrere, a daughter, was with his at the end.

Word of her husband's serious condition had been sent to Cooper's wife, known on the stage as Georgia Woodthorpe, formerly of the Alcazar theater, but now playing in New York, with Otis Skinner in "Kismet," but when death came she had not yet been able to leave for her husband's side.

Mrs. Georgia Stevens, wife of Landers Stevens, another daughter, was with her father a few hours before his death, but she was called to San Diego yesterday afternoon. Mrs. Stevens was notified of her father's death by telegraph this morning.

Cooper, who was 58 years old, was an old-time minstrel, a member of the Coghill and Cooper team, famous in the early theatrical history of the state. Later he became the manager of the Burbank Theater, in Los Angeles. Five years ago he developed cancer and underwent an operation for it. He seemingly recovered, but his health always remained somewhat impaired and his friends attribute his death to recent development of the disease.

Histrionic ability is common to all members of the Cooper family. Ollie Cooper, a daughter, is now playing in the Columbus Stock Company, at Columbus, Ohio, and Harry, the youngest son, at the age of 13, is a member of the Alcazar company in this city.

VOTE DOWN COAL STRIKE AGREEMENT

NEW YORK, May 2.—The full committee of anthracite operators and miners voted down today the agreement that was submitted to them by the sub-committee of the operators and miners to settle the controversy over the question of increased wages and other questions in the anthracite region.

The conference of operators and workers, which was expected by the sub-committee to take favorable action on the agreement, adjourned to the call of the chairman. It was announced that the suspension of work throughout the anthracite fields would continue.

The agreement provided for a four-year contract, an increase of 10 per cent, abolition of the sliding scale, indirect recognition of the union, and other concessions to the miners, but contained no mention of a shorter working day.

HEARS ARGUMENTS IN DAVIS-NAYLOR CASE

After eighty days consumed in taking testimony Superior Judge Brown began hearing arguments today in the case of J. O. Davis against F. L. Naylor in a suit for $60,000 damages alleged to have been sustained by the plaintiff through investing in a San Francisco sewer contract.

Davis, who is an attorney, and is conducting his own case, has associated with him a woman attorney, Miss M. A. Ross of Berkeley.

He claims that he was induced by Naylor, who is cashier in the First National Bank of Berkeley, to invest in bad notes given the bank on the Keystone Construction Company.

"TAXPAYER" IN FEAR OF TOY BALLOONS

Fearing a possible catastrophe from a gas explosion of the "bunch of balloons" held captive by a street vender at Fourteenth street and Broadway, "a citizen and taxpayer" addressed a letter to the city council giving warning of a "very dangerous thing." The matter was referred to Commissioner of Public Health and Safety Fred C. Turner.

MUST FACE TRIAL.

SAN FRANCISCO, May 2.—Bernie McPherson, charged with being a white slaver on complaint of Lillian Drake, was held to answer to the Superior Court by Judge Deasy today without bail.

REPORT OAKLAND YOUTH AS MISSING

Merrill Payne Gone From Home and Police Asked to Seek Him.

Merrill Payne, 19 years of age, left his home, 860 Twenty-first street, yesterday morning and has not been seen since. His relatives are greatly worried over the disappearance of the young man and have asked the police to investigate. It is feared by his friends that he has met with foul play, but the police have been unable to find any basis for this theory. Payne is described as being 6 feet in height, weighing 145 pounds; complexion medium and hair and eyes brown. When last seen Payne wore a light brown suit, black overcoat and gray hat.

S. E. Part, 817 Aileen street, is reported missing and the police have been asked to aid in the search being made in the bay region for him. The man is 34 years of age, and has not been home since April 25. Payne's description follows: Height, 5 feet 11½ inches; weight, 165 pounds; dark complexion, hair and eyes; two fingers missing from left hand.

SOCIETY FOLK TO ATTEND LADIES' RELIEF RECEPTION

Society maids and matrons will assist at the reception to be given by the members of the Ladies' Relief Society Thursday afternoon, May 23, in the Home for Aged Women, 393 Forty-fifth street. Tea will be served from 3 to 5 by a committee of attractive young women. Mrs. R. G. Brown will have charge of the refreshments. She will be assisted by her daughters, Miss Florinne Brown, Mrs. Lillian Brown Everts and a company of representatives of the local smart set. Mrs. Spencer Brown has been appointed to arrange the affair.

Miss Matilda Brown, president of the Ladies' Relief Society, stated today that the May day fete, which has been a traditional celebration conducted by the society, will not be held this year. No arrangements have as yet been made for a benefit to be given to replenish the treasury of the home.

ESPERANTO MAGAZINE IN OAKLAND LIBRARY

"Amerika Esperantisto," the official organ of the students of the International language, is now on file at the Oakland free public library. The magazine contains foreign news, articles on the language, and other matter, printed in the new language and in English. It was placed in the library after repeated petitions from Esperanto enthusiasts of Oakland.

It has been announced to Esperantists that a business college at Richmond will be the first on the Pacific coast to offer a course in the language. The classes will be started some time during the month. It is being taught extensively in European schools.

ARGONAUT MACCABEES TO HOLD WHIST PARTY

Argonaut Hive, Lady Maccabees of World, have arranged for another one of their delightful whist parties to be held this Friday evening, at Woodmen Hall, 521 Twelfth street, between Washington and Clay. As the Ladies of the Maccabees do not run their whist parties for financial benefit, a rare treat is in store for their patrons, for besides serving refreshments free of charge, handsome cut glass and hand-painted china prizes will be awarded.

The general public is invited to participate. Score cards will be only 25c, including refreshments.

MRS. DANE COOLIDGE TO DELIVER LECTURE

Mrs. Dane Coolidge, of Berkeley, is giving a course of lectures on new syllabu on the primary law, under the auspices of the California Civic League. The lecture will be given tomorrow afternoon at 2 o'clock at the Oakland headquarters of the league, in the Key Route Arcade, Twenty-second street and Broadway. Members of the league interested in this work from all the different centers on this side of the bay will take advantage of this lecture.

PLAN TO IMPROVE TWELVE STREETS

Appropriation of $100 to Continue Services of Expert.

Improvement of twelve streets, the preliminary work for which has been held up for lack of funds, will be made possible by the appropriation of $100 to continue the service of Land Expert Van Alstine, in the employ of the city street department. The money was appropriated on the recommendation of Superintendent of streets Perry F. Brown, acting for Commissioner of Streets William J. Baccus.

Action was taken on the basis of the following communication:

Gentlemen: You have referred to the commissioner of streets a communication from the United Improvement Clubs. They ask that a person be employed to take up the work of bringing about the widening and opening of a number of streets, which can be effected without public proceedings, if systematically done by some authorized person. Also to do the work of getting the rights of way for sewers across private property which are required from time to time.

Mr. Van Alstine has been doing this work in the past, but his employment ceases today under the last appropriation made for this work.

The acquiring of these rights of way for sewers in the annexed district has been completed, with the exception of one small piece in the vicinity of Lynde street, on which he has done considerable work and expects to close the matter in a few days. However, he is at work on a number of streets which have been assigned to him, the list being as follows:

Twenty-second avenue, south of S. P. right of way.
Market street, south of First street.
Milton street, East Oakland Annex.
Lynde street, East Oakland Annex.
Isabella street, East Oakland Annex.
Holywood Boulevard, annex.
East Twelfth street, East Oakland Annex.
Bona street, one foot strip.
Ninetieth avenue, East Oakland Annex.
Suter street, East Oakland Annex.
Sewer right of way, Taft avenue.
Sewer right of way, Lynde street, annex.

I believe that an additional appropriation of $100 will pay for all of the work that we can economically do on these projects and I recommend that this amount be appropriated to carry on all the work necessary during this fiscal year. However, there is considerable of this work coming up from time to time, and I would recommend that in next year's budget, a sum not exceeding $1000 be set aside for the purpose of obtaining lands for streets and sewer right of way.

I do not think that a permanent position should be created for this work, but that the work can be done from time to time in the manner carried on heretofore.

Yours very truly,
PERRY F. BROWN,
Superintendent of Streets.

OAKLAND WOMAN DIES OF INJURIES

Miss Merita Smith Succumbs as the Result of Auto Accident.

SAN FRANCISCO, May 2.—Miss Merita Smith, daughter of Dr. Gray Smith, Oakland physician, one of the young women injured when an automobile collided with a Fillmore street car at McAllister Tuesday at midnight, died last night at 7:45 o'clock at the Central Emergency hospital. Her skull had been fractured and she never regained consciousness.

Miss Eva Hammel, the other woman hurt in the collision, is in a precarious condition, suffering from a fractured skull, and she is still unconscious. She was removed from the Central Emergency hospital to the Lane hospital yesterday. Miss Hammel is the fiancee of Rexford Gilbert, the owner and driver of the auto that was wrecked.

When the machine crashed into the street car Miss Smith and Miss Hammel were pinned beneath the wreckage.

Gilbert, who is a salesman for the Pacific Coast Motor Car Company of Los Angeles, was released from custody on bail of $50 after explaining how the accident occurred.

Miss Smith and Miss Hammel were living at a hotel in Burke street. The former was employed in a millinery store at 38 Geary street.

Two Children Killed in Peculiar Accident

HELPER, Utah, May 2.—Two children were killed and their mother badly burned in the wreck of their home here this morning when a runaway oil tank car ran into a standing locomotive and exploded.

Dead:
JOSEPHINE SPAHR, 10 years old.

RUEF APPLIES FOR A WRIT OF MANDATE

SAN FRANCISCO, May 2.—Attorney Bert Schlesinger, representing Abraham Ruef, filed a new petition for a writ of mandate with the District Court of Appeals at 2 o'clock this afternoon. The writ is out to compel Superior Judge Dunne to dismiss the 80 indictments pending against the former boss and incorporate the written motion made yesterday in Department 6 of the Superior Court.

BODY OF INFANT IS FOUND ON LAWN

ALAMEDA, May 2—The body of a male baby was found this morning on the front lawn of the Henry C. Lassen home at 1627 Foley street. The body was wrapped in a pillow slip, and had apparently been thrown over the fence by some one passing the Lassen home.

PICKPOCKETS BUSY.

SAN FRANCISCO, May 2 — Ernest Burchard, 1227 Thirty-fifth avenue, had $7 taken from him by pickpockets on an Ocean Beach car last evening.

DREDGER TO GO TO NEW LOCATION

Yankee Will Complete Portion of Harbor Next Week; Waterfront News.

The American Dredging Company's suction dredger Yankee, at present at work deepening the inner harbor channel, will from present indications complete this portion of the deepening of the local harbor some time next week and will be immediately shifted to a position between the Webster and Harrison street bridges, where she will begin operating on the north side of the channel between the two bridges.

The strip to be dug by the big suction dredger will be 400 feet in length, 400 feet in width and 10 feet in depth, and will take about ten days to complete. The Yankee has already completed 3,000 feet of the channel and will, with the conclusion of the work between the bridges, begin working her way toward the entrance to the harbor, digging an additional 200 feet of channel to the south of the main channel, which is at present 300 feet in width. This will make the main channel from 500 to 600 feet in width and 30 feet in depth. According to Captain William Osgood, skipper of the Yankee, the work will be completed in about ten months.

The barkentine J. M. Griffith was shifted from her berth in the mud-flats yesterday afternoon to one alongside the Pacific shipyards by the tug Pilot. The big windjammer will receive a general overhauling at the local yards and will then be put on the carrying trade route.

The steam schooner Willamette, Captain Reiner, tied up at Long wharf this morning. She will pick up a cement cargo and will probably sail late today for Seattle and Tacoma.

The steam schooner San Jacinto, Captain Carlson, arrived yesterday afternoon from Grays Harbor. She tied up at the E. K. Wood Lumber Company's wharf, where she is discharging a lumber cargo.

After bucking stiff southeast gales during the entire run the steam schooner Washington, Captain Winkel, arrived here yesterday afternoon and tied up at a berth alongside the Sunset Lumber Company's wharf, where she is discharging lumber.

Arrivals at Long wharf today include the steam schooners Graywood and Westerner, both after cement. Steam schooners leaving Long wharf today were Albion, Arcata and Brooklyn.

After laying idle in the stream off the United Engineering Works for the past few weeks the steam schooner Samoa today slipped her moorings and shifted over to the San Francisco side to be put in readiness for the lumber carrying trade.

ACCUSED SLAYER IS NEAR COLLAPSE

W. A. Dorr Has to Be Supported When Taken Into Courtroom.

STOCKTON, May 2.—On the verge of a collapse and unable to walk unsupported, W. A. Dorr, charged by the Lynn, Mass., authorities with the murder of George E. Marsh, a millionaire soap manufacturer of that city, was taken into Judge C. W. Norton's court this morning under a habeas corpus proceeding instituted by his attorneys. The prisoner was pale, emaciated and muttered incessantly during the hearing. Not once did he take his eyes from the floor or evince the slightest interest in what was taking place.

The court was apprised by Assistant District Attorney C. P. Rendon of the issuance of a complaint this morning by Justice A. C. Park, charging Dorr with being a fugitive from justice. Several affidavits in support of the charge were then read. After various phases of the case were discussed by counsel for both sides it was agreed to continue the hearing until Saturday morning.

The prisoner was then taken to the Emergency hospital, Dorr's attorney stated that his only object in applying for the writ of habeas corpus was to prevent any possible attempt to remove the prisoner from the state without his counsel being given an opportunity to examine the process. He declared that neither the district attorney nor Chief of Police Briare would let him see the extradition papers and that his only course was to take steps that would prevent the defendant from being removed hurriedly. He stated that as an Eastern officer had failed to put in an appearance he was willing for a continuance pending his arrival.

OFFICER ACCUSED OF FALSE ARREST

SAN FRANCISCO, May 2.—Two charges of false arrest were made this morning against Policeman James Halsey of the Central station by Attorney Carroll Cook, representing Wong Yee and Young You.

Last Sunday night the officer arrested Yuen Shee and Wong Shee, Chinese women, who had just arrived from the Orient, and who, he believed, had been brought to this country for immoral purposes. He decided to investigate before locking them up and took them to the store of their husbands the address of which he learned through an interpreter. On his way he met the Chinese consul, to whom he explained the situation, and was assured of the innocence of his charges. He then promptly released the pair and considered the matter ended. The husbands of the women, however, became indignant because of the fact that when their wives were taken into custody there was great excitement and a crowd upon the street. Today's charges followed.

RECOMMENDATIONS OF MERCY ARE FOLLOWED

Recommendations of mercy made by the jury in finding F. B. Thorley, a salesman, guilty of misdemeanor embezzlement, resulted in Judge Aaron Turner, sitting for Judge Mortimer Smith in the local police court reducing the sentence to a fine of $50, with the alternative proposition of spending 25 days in the city prison.

CHARITY, SUBJECT OF DR. MEYER

San Francisco Rabbi Speaks Before Oakland Daughters of Israel.

"Charity in Its Various Phases" was expounded by Dr. Martin A. Meyer of Temple Emanu-el, San Francisco, before the members of the Daughters of Israel Relief Society at a meeting held yesterday afternoon in the vestryroom of the synagogue, Twelfth and Castro streets. Philanthropists and clubwomen of this city greeted Rabbi Meyer, who urged those affiliated with the organization to interest themselves in alleviating the sufferings of the sick and contribute to the support of the needy ones.

Thirty-five years ago the Daughters of Israel organized for charitable purposes and during its career many poor families were assisted and splendid results were accomplished. Mrs. M. H. Coffee, who was president of the society for fifteen years, has been succeeded by Mrs. Solomon Kahn, who announced yesterday that the organization is not in a flourishing condition and its treasury must be reimbursed in order to carry on the relief work.

Mrs. George Mosbacher presided over the social program, which included a group of songs given by Miss Mabel Riegelman, the protege of Mme. Gadski. The gifted singer was accompanied by Mrs. Robert Hughes, pianist. Miss Riegelman sang the following selections: "Aria from "Der Freischutz" (Weber); "I Hear You Calling" (Marshall); "Ecstacy" (Rummel), and "The Brass Band" (Fickesscher).

"RETURN OF JOHN GRAY" IS SHOWN AT CAMERA

Six feature pictures are being shown this week at the Camera Theater, the new bill being one of the best shown in some time, according to the management of the photo playhouse. "The Return of John Gray," one of the headliners, is said to be as good a piece of motion photography as has been seen in Oakland in some time and is a complete play. Two screaming comedies, "White Aprons" and "The Easy Mark," are also on the bill, and several other good films round out the program.

MINERS' WAGES RAISED.

HANCOCK, Mich., May 2.—The copper mining companies of Upper Michigan yesterday placed in effect a voluntary 10 per cent advance in the wages of 21,000 men.

ARMED BURGLAR FRIGHTENS GIRL

Thief Thrusts Weapon Into Her Face as He Hurries From House.

SAN FRANCISCO, May 2.—Miss C. Lobner of 333 Tenth street was frightened into hysterics last evening when she entered the doorway and was confronted by an armed burglar, who shoved a revolver in her face and tried to brush past her.

"I guess I am in the wrong house," he cried, as he hurried from the front room and ran out through the rear. Mrs. Lebner and her daughter had been shopping and the mother stopped to make some purchases, the young woman returning alone to the house. After the man had escaped it was found that $28 had been taken.

BOWLING EXPERT IS BROADWAY FEATURE

Walter Beemer, the bowling expert, is one of the features on the new bill at the Broadway this week. Assisted by a pretty girl, the crack bowler does wonders with ten pins and balls, the act being something decidedly novel in vaudeville. Powelland, the singer, and LaVelle, the sand-painter, are also interesting features of the program, who will be seen at the theater until Sunday. While the singer entertains the audience, the painter describes pictures with colored sand on a piece of plain canvas. In a few seconds the painter can, with his colors, make a picture rivaling in appearance many oil paintings. He is able to blend colors and do almost anything that can be accomplished with oil pigments.

Miss Mildred Manning, in attractive costumes, has a pleasing act, and Finney and Russell, banjo experts, attract attention. Franklin and Banvard, in singing and acrobatic work, and a number of good pictures, round out the bill.

"SEE AMERICA FIRST" CONVENTION COMING

BALTIMORE, Md., May 2.—It was decided by the organization committee of the "See America First" committee to cooperate with the San Francisco Convention League in an effort to hold a "See America First" convention in San Francisco while the Panama-American Exposition is in progress in 1915.

The organization committee had considered the possibility of holding the proposed convention in Baltimore this year, but it was deemed inadvisable because of the interest taken by the country in the presidential convention.

A vigorous campaign will be waged throughout the country in an educative way. Children will be impressed with the importance of visiting places of interest in their own country before trying foreign travel.

BISHOPS DEPLORE FALLING OFF ON CHURCH ROLLS

Methodist Episcopal Report Shows Net Gain of but 55,000.

TOO STRICT APPLICATION OF LAW CAUSE

Blames World for Discrediting Numerous "Distinctive Doctrines."

MINNEAPOLIS, May 2.—Criticism of the condition which enabled the church to gain "no less than 2 per cent in its membership in the last year" and charges that the church press was being used "as a free forum by the promoters of disaffection," were made in the bishops' report to the quadrennial general conference of the Methodist Episcopal Church today.

The report known as the "Episcopal address" was signed by 18 bishops in this and six bishops in foreign countries, and is regarded as the most important document to come before the conference, as it contains the bishops' recommendations for the future guidance and policy of the church.

The report was read by Bishop Earl Cranston of Washington, D. C. Another section, upon which the bishops have been at work since the last general conference at Baltimore, four years ago, will be delivered tomorrow.

GAIN IS 55,000.

"In the last year," said the report, "the church has made a net gain of but 55,000, which is less than 2 per cent, as the outcome of the year's activities and the outlay of many millions of dollars. The statistical paradox glares us out of countenance. It shames and humiliates us. What are honors of office worth in any army that does not win battles? No marvel that some are proposing to reduce the major-generals to post duty and let the army dissolve into antique ecclesiastical camps."

There was a reference to a proposed limiting of the activities to a local district of the bishops, whose jurisdiction now is universal.

Some of the reasons for the meager growth, as set forth, were laid to a too strict application of the law of the church demanding that all members who remove from a given community without their church letters be dropped from membership after one year.

"A fair calculation," the report said, "reveals the astounding fact that probably not less than 500,000 members disappeared from our rolls by reckless use of the dropping process.

DISCREDITED BY WORLD.

"Nevertheless, we still face the patent fact that our distinctive doctrines are not being emphasized as they were once, or, where preached, are discredited for the time by a gainsaying world, drunk with vain philosophies and filled with gluttonous indulgences."

Pleading for an emphasis on the distinctive Wesleyan doctrines, the report said they were the only power to save the nation against vice.

"Where is the evidence that science has ever regenerated one soul or that culture has redeemed one libertine, or taken envy, malice, pride, jealousy or greed out of any heart? These utterances are not reactionary unless this world has outgrown Jesus Christ.

"Our second lapse is that our system is not being worked as it formerly was. Certain distinctive parts have been abandoned, others modified. Innovations, noxious to our pastoral as well as to our supervisorial methods, have intervened to the hurt of both."

The report condemned the practice that was said to have grown up in certain churches of calling in evangelists to carry on revival services as against the former criticism which placed the local pastor in charge of the work.

Turning from this, the report condemned the socalled congregational system of calling pastors for local churches, said to have become general in Methodism.

PRINTED DISCUSSION.

Referring to discussions in the church publications, the report said:

"We understand the church maintains a press for the advocacy of her doctrines and the defense of her policy when assailed, not as a free forum for the vagaries of writers who measure all problems by their own door yards, as officially to sanction the promoters of disaffection. While we would not restrain dignified and lengthy discussion of proposed amendments or reforms, we depreciate the admission of ill-considered and intemperate criticisms of our policies or church agencies."

One of the proposals before this conference is that the bishops be placed in definite charge of the work in the territory adjacent to their Episcopal residences. On this point the report said:

"We ask the fixing of two or three more Episcopal residences in this country at stragetic centers. With these additions we believe that areas for Episcopal supervision can be so related to the residence cities as to meet the express desire for continuous oversight by resident bishops without any infraction of the restrictive rule."

The conference ordered a commission appointed to investigate the Episcopal supervision of the 325,000 negroes in Southern states. William W. Lucas of Meridian, Miss., charged that although Bishop Thomas B. Neely's residence was fixed as New Orleans, the bishop had resided there not more than thirty days in the last four years. Lucas and other Southern delegates declared that unless the negro members secured the leadership they sought they threatened to separate.

MOTHER ASKS POLICE TO SEARCH FOR DAUGHTER

SAN FRANCISCO, May 2.—An appealing letter was received this morning by Acting Chief of Police Shea from Mrs. Virginia Malcolm of Los Angeles, asking that the local hotels be searched for Mrs. Dora Austin Fritz, who came to this city several weeks ago. Mrs. Fritz failed to communicate with her relatives and they have no idea as to her address. Meantime her daughter is almost at the point of death and keeps calling for the mother.

WILLIAM HODGE AT MACDONOUGH THEATER TONIGHT

WILLIAM HODGE.

William Hodge in "The Man From Home" is the announcement which the Macdonough Theater makes for the next three nights, beginning tonight, Saturday matinee. It seems strange that Mr. Hodge in this play has not been seen here before, but the unprecedented hit which both star and piece made in the east have kept them there for the last six years. No play in America has ever enjoyed such a marvelous popularity. The play is a thorough type of a plain, unvarnished American with his unswerving integrity, unfailing sense of humor and natural-born aptitude to do the right thing at the right time.

Daniel Voorhees Pike, attorney-at-law at Kokomo, Indiana, played of course by Mr. Hodge, is left guardian of a young girl ward, to whom has been bequeathed an enormous fortune. She and her brother touring Europe fall into the hands of a scheming English family, who plan to marry the girl to their impecunious rake of a son. The parties to this affair are a Russian Countess with a past and an English noblemn of not quite unstained character. The plans of this fortune hunting combination are frustrated in the nick of time by the man from Kokomo. The girl, who is not at all bad at heart sees the folly of her conduct and decides that love in a cottage in Indiana is better than a title and misery in a ruined palace in England. Incidentally the man from home btcomes a part of the Indiana cottage entourage. Mr. Hodge in the title role has won his way into the very front ranks of American comedians. The production is precisely the same in every detail as that given in New York and Chicago. The local appearance will be theatrical event easily and far out of the ordinary.

SQUIRREL LIVES IN TROUBETSKOY'S POCKET

NEW YORK, May 2.—Prince Paul Troubetskoy, the sculptor, was lunching on Monday with some of the committee in charge of the benefit of the Titanic disaster given that night at the Metropolitan Opera House, when one of the friends asked him to show the others an animal that was in his possession.

Forthwith the prince to the astonishment of the company, pulled out of an inner pocket a little squirrel. He said that ten days before, while in Cleveland, he noticed a squirrel in the street and had approached it. To his surprise, instead of running away it came toward him and allowed him to take it up. Later in the day he took it to the park, where he wished to set it free, but the squirrel would not leave him. When he got back to New York he took it to Central Park and tried to get it to run away, but the squirrel stuck to him. He therefore decided to make a pocket pet of it.

VICE-PRESIDENT BURIES HIS GREAT GRANDMOTHER

WASHINGTON, May 2.—When Senator Simmons arose yesterday to conclude his prolonged speech on the metal schedule—the discussion of which is most effective in clearing the chamber—the Vice-President crooked his finger in the direction of the senator from Ohio, Pomerene, and whispered in his ear: "My great grandmother died this morning. If you will take the chair I will go to the funeral."

"Heaven forbid that I should stand in the way of your great grandmother's funeral," said Senator Pomerene, "although it seems to me that you are displaying indecent haste in the interment."

The Vice-President smiled at the rebuke and surrendered the gavel to Senator Pomerene.

The afternoon was pleasant. The sunshine was delightful. Washington won by a score of 2 to 1—but that may have been only a coincidence.

ANARCHIST TO LOSE NATURALIZATION PAPERS

SEATTLE, May 2.—Suit was brought in the Federal Court yesterday by Chief Naturalization Examiner John Speed Smith and W. G. McLaren, Assistant District Attorney, to disbar Leonard Olsen from American citizenship. The reason given for the suit is that after becoming a citizen Olsen took affidavit that he was opposed to the Constitution and the Government and was so disposed when he was granted his papers in the early spring of 1910. The suit is the first ever brought.

Olsen appeared in September, 1910, as a witness for an applicant who declared he was opposed to the Constitution and Government of the United States. At that time it is charged Olsen subscribed to the same views and the Government obtained his affidavit to the effect that he was of that opinion when he swore allegiance to the flag. The trouble with previous instances of the same sort is that the Government has been unable to show that the citizen entertained anarchistic views at the time he was naturalized.

THEOSOPHISTS TO BUILD IN STATE

American Headquarters of the Society Are Established Near Los Angeles.

LOS ANGELES, May 2.—American headquarters of the Theosophical Society are to be established in Los Angeles, according to an announcement made here today.

A. P. Warrington, local chairman of the committee in charge of the society's affairs, stated that a tract of eleven acres in the hills back of Hollywood had been purchased and upon this land would be established the headquarters and buildings, together with a theosophical university, which will be under the direction of Dr. Knudson-Burnett. Fritz Kurtz will be in charge of the "Order of the Star of the East."

It was stated all plans for the establishment of American headquarters has been approved by Annie Besant, head of the society, who lives at Adyar, a suburb of Madras, India. Washington said that his society had no connection whatever with the one at Point Loma, managed by Mrs. Katherine Tingley.

WILSON STRONG IN THE CITIES

But Governor Loses in Georgia to Underwood, Who Develops Strength.

ATLANTA, Ga., May 2.—Counting of the ballots cast in the Democratic Presidential primary yesterday, in which Oscar W. Underwood of Alabama proved to be the winner over Woodrow Wilson, showed that the Alabaman developed great strength in the country districts while Wilson's hold seemed confined to the large cities.

Further counting of the vote, it is expected, will not materially change the result, as early today the Underwood majority, according to practically complete, but unofficial, returns, showed that he carried about 100 out of the 146 cities in the state by a plurality of 8577.

Governor Harmon had polled 188 and Speaker Champ Clark 692 votes.

A state convention will be held here May 10 to ratify the action of the voters.

SPAIN'S REVENUE $233,000,000.

MADRID, May 2.—The minister of finance introduced the budget for 1913 at the re-opening of parliament yesterday. The estimated revenue is $233,000,000; expenditures, $230,000,000. The senate voted an address of condolence to the families of Titanic victims.

OIL BARGE EXPLODES AND FIVE ARE KILLED

CLEVELAND, May 2.—Five men were burned to death and damage estimated at $450,000 was done to boats and gasoline on the docks when the Standard Oil barge No. 88 exploded late yesterday. All were employes of the Great Lakes Towing Company.

The barge, which was at the Jefferson-avenue docks on the Cuyahoga river, was being filled with gasoline from a 10,000 gallon tank on the bank.

Leaking oil on the surface of the river ignited and set fire to the barge. A terrific explosion immediately followed. The men killed were caulking another barge alongside, and were completely enveloped in the flames which surrounded the barge.

Burning oil set fire to four other boats and the tug Wisconsin was destroyed.
